decision Mercy on Trial uses the lens of executive clemency in capital cases to discuss the fraught condition of mercy in American political life Most pointedly Sarat argues that mercy itself is on trial Although it has always had a problematic position as a form of lawful lawlessness it has come under much more intense popular pressure and criticism in recent decades This has yielded a radical decline in the use of the power of chief executives to stop executions From the history of capital clemency in the twentieth century to surrounding legal controversies and philosophical debates about when if ever mercy should be extended Sarat examines the issue comprehensively In the end he acknowledges the risks associated with mercy but he argues those risks are worth taking

Teaching Young Children Social Studies Gayle Mindes,2006-09-30 By linking theory to practice with an emphasis on national and state standards Head Start Performance Standards No Child Left Behind and IDEA the authors coherently combine principles of child development and social studies content to create a solid program for preschool through grade three The authors maintain the overriding idea throughout the Teaching Young Children series that strategies derived from knowledge of child development are used to teach content knowledge It is this concern that makes this volume an excellent resource for teachers and parents In addition to specific discussions of how to build and conduct a social studies curriculum the work includes vignettes of teachers and children in the classroom graphics illustrating concepts and methods and matrices charts and tables to enhance understanding The authors effectively intertwine social learning in young children and development of self concept with the theme based curriculum of the National Council for Social Studies the principles of multicultural education parent collaboration to support learning and creating connections between classroom and community

Pathways to Public Relations Burton St. John III,Margot Opdycke Lamme,Jacque L'Etang,2014-04-24 Over the centuries scholars have studied how individuals institutions and groups have used various rhetorical stances to persuade others to pay attention to believe in and adopt a course of action The emergence of public relations as an identifiable and discrete occupation in the early 20th century led scholars to describe this new iteration of persuasion as a unique more systematized and technical form of wielding influence resulting in an overemphasis on practice frequently couched within an American historical context This volume responds to such approaches by expanding the framework for understanding public relations history investigating broad conceptual questions concerning the ways in which public relations rose as a practice and a field within different cultures and countries at different times in history With its unique cultural and contextual emphasis Pathways to Public Relations shifts the paradigm of public relations history away from traditional methodologies and assumptions and provides a new and unique entry point into this complicated arena

American Holiday Postcards, 1905-1915 Daniel Gifford,2013-09-05 In the early 20th century postcards were one of the most important and popular expressions of holiday sentiment in American culture Millions of such postcards circulated among networks of community and kin as part of a larger American postcard craze However their uses and meanings were far from universal This book argues that holiday postcards circulated primarily among rural and small town Northern white women with Anglo Saxon and Germanic heritages Through analysis of a broad range of sources Daniel Gifford recreates the history of postcards to account for these specific audiences and reconsiders the postcard phenomenon as an image based conversation among exclusive groups of Americans A variety of narratives are thus revealed the debates generated by the Country Life Movement the empowering manifestations of the New Woman the civic privileges of whiteness and the role of emerging technologies From Santa Claus to Easter bunnies flag waving turkeys to gun toting cupids holiday postcards at first seem to be amusing expressions of a halcyon past Yet with knowledge of audience and historical conflicts this book demonstrates how the postcard images reveal deep divides at the height of the Progressive Era *Media Review Digest* C Edward Wall,2005-08
