Corvi,Ian F. W. Beckett,2020-01-31 The senior British generals of the Victorian era men like Wolseley Roberts Gordon and Kitchener were heroes of their time As soldiers administrators and battlefield commanders they represented the empire at the height of its power But they were a disparate sometimes fractious group of men They exhibited many of the failings as well as the strengths of the British army of the late nineteenth century And now when the Victorian period is being looked at more critically than before the moment is right to reassess them as individuals and as soldiers This balanced and perceptive study of these eminent military men gives a fascinating insight into their careers into the British army of their day and into a now remote period when Britain was a world power Wives and Lovers Margaret Millar,2015-12-08 A sincere and compassionate novel about the complications of married life and the love loathing pain loyalty disappointments and friendship that grow out of a marriage Channel City California is a an average coastal town where everyone is doing their best to get by and be respectable from the sun grizzled fishermen on the wharf to the perfectly coifed society wives to the over fed gophers who plague every middle class garden But in the hot summer of 1954 one unhappy man s extramarital affair turns the community on its head Hazel Anderson a dental assistant is a contentedly divorced forty something whose ex husband George runs the town s wharf bar Hazel worries about George who is smitten with a much younger woman Ruby who won t have anything to do with him and Hazel thinks Ruby is hiding secrets of her own The dentist Hazel assists Gordon Foster works hard to support his wife and three children in their middle class lifestyle but he can never satisfy his wife Elaine who has always resented being married to a dentist instead of a real doctor All of these relationships become tangled when henpecked Gordon s romantic indiscretion comes to light Here in this sweet sad and incisive literary novel Margaret Millar accomplishes the same feat as she has with her award winning crime fiction by offering readers a fascinating snapshot of life as it was not life as we like to remember it having been *Catalog of Copyright Entries* Library of Congress.
