The Land Beyond Leon McCarron,2020-08-06 SHORTLISTED FOR THE ADVENTURE TRAVEL BOOK OF THE YEAR AT THE EDWARD STANFORD TRAVEL WRITING AWARDS There are many reasons why it might seem unwise to walk mostly alone through the Middle East That in part is exactly why Leon McCarron did it From Jerusalem McCarron followed a series of wild hiking trails that trace ancient trading and pilgrimage routes and traverse some of the most contested landscapes in the world In the West Bank he met families struggling to lead normal lives amidst political turmoil and had a surreal encounter with the world s oldest and smallest religious sect In Jordan he visited the ruins of Hellenic citadels and trekked through the legendary Wadi Rum His journey culminated in the vast deserts of the Sinai home to Bedouin tribes and haunted by the ghosts of Biblical history The Land Beyond is a journey through time from the quagmire of current geopolitics to the original ideals of the faithful through the layers of history culture and religion that have shaped the Holy Land But at its heart it is the story of people not politics and of the connections that can bridge seemingly insurmountable barriers

The Land Beyond Time Adventure in

the Amazon Alexander Molnar, 2000-05 The Land Beyond Time is a non stop fast paced action packed adventure that takes place in the jungles of the Amazon River. It is a story about traitors, sabotage, espionage, greed, hate, love, and romance, cold blooded murder, and justice. It is the story about the trials and tribulations of a dozen human beings whose sabotaged aircraft crashes into the Amazon jungle. The crash survivors, 6 men and 6 women, including 2 drug cartel bosses being extradited to the US, now must compete against their individual fears, each other, and those unknown, unexplained challenges facing them in the hot, wet, dangerous jungle. The terrifying but strange animals that abound there, like the giant spiders, boas, anacondas, and crocodiles, two hostile tribes, and the headhunters, a Colombian drug cartel group of professional killers coming to rescue their bosses, and a small but elite team of US Marines conducting search and rescue operations for the crash survivors, all are tossed together in the jungles of the Amazon. Our adventure begins during December 1999 in Lima, Peru, when a US military aircraft C141, preparing to take a number of government passengers back to the US, is commandeered by an Embassy official. He orders the aircraft to take on 10 additional passengers, including two recently captured Colombian drug lords being extradited to the US. Hours into the flight, the plane is sabotaged by someone onboard, and it crashes into the Amazon River, dumping the survivors into the hostile terrain north of Manaus, Brazil. Two of the 12 crash survivors are immediately separated from the main group and have adventures of their own to contend just to remain alive. The remaining survivors are captured by one of two hostile tribes, the In gou and San gou. The survivors are taken to the In gou village and interrogated while the second tribe prepares to attack the In gou village to prevent an escaped prisoner's arrival there who possesses information which could change the delicate balance of power in the jungle. Back in Peru, an Embassy official is fingered as an espionage agent for the major drug cartel. The official gets nervous and runs to his new bosses in Colombia. Meanwhile, the cartel sends 24 professional killers to retrieve their two drug bosses from the sabotaged aircraft. Their additional instructions are to eliminate all the remaining passengers. When the aircraft fails to show up at Manaus as planned, the cartel's killers immediately begin a search pattern, and within hours of finding the crashed aircraft, their journey begins. Back in Lima, the Non Commissioned Officer in Charge (NCOIC) of the Marine Security Guard (MSG) Detachment, a friend of Al Ranlom, a former Marine who is aboard the missing aircraft, hears of the espionage and the plane crash. Not one to stand by and watch, the NCOIC forms an unofficial search and rescue team which picks up the trail of the missing craft and her survivors. The dangers to all involved, the survivors, the cartel's professional killers, and the Marine Security Detachment rescuers, are found in every turn they take. They are all around them in the trees, at ground level, on, under, and above the waterways, swamps, and mangroves. These hazards eat away at their self confidence and tears at their moral fabric. They are tested continuously, passing one test only to encounter another challenge. If it isn't attacks by giant spiders, anacondas, and crocodiles, it's tigers, flesh eating worms, and blood sucking bats. Or it's problems from hostile tribes or from the natural environment, like earthquakes and lava flows, or from the failure of their sophisticated equipment, like the GPS systems, radios, and walkie talk
