Pablo Picasso Dr Enrique Mallen, 2023-03-18 Exactly when Matisse and Picasso first met is open to debate Their earliest encounter may have taken place during the Matisse retrospective at Galerie Druet right before the 1906 Salon des Indépendants The latter marked the first time all the Fauves exhibited together The centerpiece was Matisse's monumental *Le bonheur de vivre* Leo Stein bought the painting while the Salon was still running regarding it as the most important work of our time This opinion undoubtedly annoyed Picasso Jealousy of the other man's success goaded him to greater innovations In his view the new art would have to match the sense of endless discovery that science and technology were offering The 1900 Exposition Universelle had already shown the latest marvels in engineering If painting wanted to keep the public's attention instead of merely reproducing what the eye saw it had to generate its own reality on the surface of the canvas a reality more vivid than and bearing only the most cursory resemblance to anything found in nature Matisse was also a catalyst in that he was the one who introduced Picasso to African sculptures Max Jacob recalls Matisse took a black wooden statuette from a table and showed it to Picasso It was the first piece of Negro wooden art Picasso held onto it all evening The next morning when I arrived at the studio the floor was strewn with sheets of paper and on each sheet was drawn the head of a woman all of them were more or less the same one eye an oversized nose attached to the mouth and a lock of hair on the shoulders Cubism was thus born cited in Janine Warnod *Washboat Days* New York Grossman Publishers Warnod 1972 p 128

Our House is Not in Paris Susan Cutsforth, 2018-09-01 Susan Cutsforth and her husband Stuart are ordinary people living an extraordinary life They both work full time one is a teacher librarian of thirty years and the other a middle level clerk in the public service But as Susan recounts in *Our House is Not in Paris* they

own a holiday house in France the other side of the world And not only that this petite maison required significant renovating which they accomplished almost singlehandedly during their working holidays Our House is Not in Paris is a story of pushing boundaries aiming high and most of all taking risks With humour poetry and insight Susan s story shows that you can do more than simply dream if you work hard anything is possible **About Paris** Richard Harding Davis,2016-09-27 THE STREETS OF PARIS THE SHOW PLACES OF PARIS NIGHT PARIS IN MOURNING THE GRAND PRIX AND OTHER PRIZES AMERICANS IN PARIS Illustrated by CHARLES DANA GIBSON The street that I knew best in Paris was an unimportant street and one into which important people seldom came and then only to pass on through it to the Rue de Rivoli which ran parallel with it or to the Rue Castiglione which cut it evenly in two It was to them only the shortest distance between two points for the sidewalks of this street were not sprinkled with damp sawdust and set out with marble topped tables under red awnings nor were there the mirrors and windows of jewellers and milliners along its course to make one turn and look It was interesting only to those people who lived upon it and to us perhaps only for that reason **The Book Buyer** ,1895
