eyes of someone who was there and still is sometimes It shows most anyone who reads this how to grow up author s point of view even coming up in the 60 s and 70 s Much change happened from then till now with the word change now reduced to a 4 letter word along with the word power This novel is all about the future of this country at the grass roots level That means old school America ain t goin anywhere soon if at all However this novel looks at new school America with only slight skepticism only for the fact change makes the world go round Without change the world turns stagnant However once again What do you want to change into This novel does a pretty good job in trying to decipher that question leaving no stone unturned with an open minded and also a one sided opinion That is not easy to do There is absolutely no political correctness what so ever in this novel and could be considered toxic to people with narrow minded beliefs This novel don t care but with tact It is written somewhat off of the streets in a language that anyone from a stoner to a P H D can understand The very first part of the book vaguely states what the novel is all about and if that s gunna be a rough ride for you wear a helmet while reading it or find something else to do
