That Devilin Tune A Jazz History 19001950:

That Devilin' Tune Allen Lowe,2001 *Jazz with a Beat* Tad Richards,2024-01-01 *Jazz with a Beat* is the first book on the often overlooked but vitally important genre of small group swing jazz Coming into being in the early 1940s small group swing answered the need in the Black community for a form of jazz that was more accessible and more danceable than the new bebop An adaptation of the big band Black swing Erskine Hawkins Jimmie Lunceford Chick Webb of the 1930s to small combos and with a more vigorous beat for the new generation this music developed and was beloved through the 1940s continued to be enjoyed through the rock and roll years of the 1950s and was a major influence on the soul jazz of the 1960s Among the many hit artists portrayed in these pages are Illinois Jacquet Louis Jordan Big Jay McNeely Joe Liggins Nat King Cole Red Prysock Ruth Brown Nellie Lutcher Camille Howard T Bone Walker and Ray Charles Dismissed as rhythm and blues this music has been ignored by jazz historians *Jazz with a Beat* honors this music as a legitimate genre of jazz and is a stirring evocation of an era It should be of interest to lovers of jazz and Americana **Jazz Historiography** Daniel Hardie,2013-12-11 Jazz has been around for over a hundred years but how much do we know about its history and how much of what think we know is true Beginning in the so called Jazz Age of the 1920s jazz history was recounted and interpreted by admiring authors and record collectors both in the United States and elsewhere However since the early 1990s some historians have come to doubt the validity of the conventional narrative of the story of jazz and some of its most hallowed traditions In *Jazz Historiography The Story of Jazz History Writing* Daniel Hardie uncovers the course of jazz history writing from early Jazz Age American and French publications to Academic texts in the 2000s and seeks answers to questions about the accuracy of those accounts and the influence they have had on our understanding of jazz history even the impact they might have had on the course of jazz history itself How much for example did the work of jazz historians influence the course of the New Orleans Revival Was the appearance of bebop in the 1940s a revolutionary response to oppression experienced by Afro American musicians in a commercialized popular music industry or was it an attempt to mirror the development of classical music of the time How has the development of University jazz studies influenced the writing of jazz history **A Blues Bibliography** Robert Ford,2008-03-31 *A Blues Bibliography Second Edition* is a revised and enlarged version of the definitive blues bibliography first published in 1999 Material previously omitted from the first edition has now been included and the bibliography has been expanded to include works published since then In addition to biographical references this work includes entries on the history and background of the blues instruments record labels reference sources regional variations and lyric transcriptions and musical analysis *The Blues Bibliography* is an invaluable guide to the enthusiastic market among libraries specializing in music and African American culture and among individual blues scholars [Music in American Life](#) Jacqueline Edmondson,2013-10-03 A fascinating exploration of the relationship between American culture and music as defined by musicians scholars and critics from around the world Music has been the cornerstone of popular culture

in the United States since the beginning of our nation's history. From early immigrants sharing the sounds of their native lands to contemporary artists performing benefit concerts for social causes, our country's musical expressions reflect where we as a people have been as well as our hope for the future. This four-volume encyclopedia examines music's influence on contemporary American life, tracing historical connections over time. **Music in American Life: An Encyclopedia of the Songs, Styles, Stars, and Stories That Shaped Our Culture** demonstrates the symbiotic relationship between this art form and our society. Entries include singers, composers, lyricists, songs, musical genres, places, instruments, technologies, music in films, music in political realms, and music shows on television.

People Get Ready Ajay Heble, Rob Wallace, 2013-05-17 In **People Get Ready**, musicians, scholars, and journalists write about jazz since 1965, the year that Curtis Mayfield composed the famous civil rights anthem that gives this collection its title. The contributors emphasize how the political consciousness that infused jazz in the 1960s and early 1970s has informed jazz in the years since then. They bring nuance to historical accounts of the avant-garde, the New Thing, Free Jazz, non-idiomatic improvisation, fusion, and other forms of jazz that have flourished since the 1960s, and they reveal the contemporary relevance of those musical practices. Many of the participants in the jazz scenes discussed are still active performers. A photographic essay captures some of them in candid moments before performances. Other pieces revise standard accounts of well-known jazz figures such as Duke Ellington and lesser-known musicians including Jeanne Lee, delve into how money, class, space, and economics affect the performance of experimental music, and take up the question of how digital technology influences improvisation. **People Get Ready** offers a vision for the future of jazz based on an appreciation of the complexity of its past and the abundance of innovation in the present. Contributors: Tamar Barzel, John Brackett, Douglas Ewart, Ajay Heble, Vijay Iyer, Thomas King, Tracy McMullen, Paul D. Miller, DJ Spooky, Nicole Mitchell, Roscoe Mitchell, Famoudou Don Moyé, Aldon Lynn Nielsen, Eric Porter, Marc Ribot, Matana Roberts, Jaribu Shahid, Julie Dawn Smith, Wadada Leo Smith, Alan Stanbridge, John Szwed, Greg Tate, Scott Thomson, Rob Wallace, Ellen Waterman, Corey Wilkes.
