**Hope, Love, and Justice** Anselm K. Min, 2018-03-28 Faith hope and love traditionally called theological virtues are central to Christianity This book renews faith hope and love in the context of the many contemporary challenges in many unique ways It is an ecumenical collection of papers equally divided between Catholic and Protestant positions that seek to radically renew the classical doctrine of faith hope and love and argues for their essential connection to the praxis of justice It contains eight different approaches each represented by a distinguished theologian and addressing different aspects of the issues and followed by insightful and critical responses It does not merely seek to renew the theological virtues but to also reconstruct them in the demanding context of justice and the contemporary world nor is it simply a treatise on justice but a theoretical and practical reflection on justice as vital expressions of faith in God hope in God and love of God A non dogmatic and non ideological approach it accommodates both conservative and liberal positions and avoids the separation of the theological virtues from the demands of the contemporary world as well as the separation of justice talk from the theological context of faith hope and love It seeks above all to renew not merely repeat the classical doctrine of faith hope and love in the contemporary context of the urgency of justice and to do so ecumenically comprehensively and from a variety of perspectives and aspects

**Faith, Hope, and Love in the Technological Society** Franz A. Foltz, Frederick A. Foltz, 2018-07-31 Franz and Frederick Foltz examine how modern technology creates an environment that significantly affects Christianity by reducing the mysteries of faith to manageable techniques The body of their work analyzes the effects of technology on the theological virtues of faith hope and love the triad that believers have used for a common narrative to understand and express their thoughts and experiences They begin by looking at how recent developments have brought us into a post truth era by removing words from their context in nature time place and community Popular theologies such as the power of positive thinking the laws of creation the plan for salvation and the

prosperity gospel reflect this change by gearing all for efficiently getting what we want and ignoring tradition The authors then examine each of the virtues separately finding that faith has become a risk management tool that depends on confidence in systems rather than personal relationships hope is defined as the expectation that our present desires shall be granted rather than a vision of the future and love has become an intimacy that provides escape from the real world and community rather than a self denying care for them Finally the authors take a look at some appropriate responses The Analogy of Love Gary Chartier,2015-11-09 This book offers an overview of Christian theology organized around the twin themes of divine and human love The book covers the traditional theological topics as well as basic questions of theological method It seeks to integrate a focus on love throughout While love is regularly canvassed as a dominant theme in Christian thought it has rarely been the focus of Christian theological construction or a constraint on theological formulation The book seeks to suggest chapter by chapter how a given topic relates to the broad theme of love The book is written in a way designed to make it accessible to university students and educated laypersons At the same time it takes positions on controverted scholarly issues and the methodological approach outlined at the beginning will be of interest to academic theologians

the series helps the reader to gain a more explicit awareness of the contemporary issues J ngel s theology grapples with

Mooney, 2008-07-17 *Ethics Love and Faith in Kierkegaard* collects essays from 13 leading scholars that center on key themes that characterize Kierkegaard s philosophy of religion With their unique focus on notions of the self views on the command to love one s neighbor thoughts on melancholy and despair and the articulation of religious vision the essays in this volume cover the breadth and depth of Kierkegaard s philosophical and religious writings Poised at the intersection of Kierkegaard s moral psychology and its religious significance they offer vivid testimony to the ongoing power of his unique and fervent religious spirit Students and scholars alike will find new light shed on questions that define Kierkegaard s philosophy and religion today *Luther on Faith and Love* Sun-young

Kim, 2014-10-01 There has been a distinct tendency in modern scholarship to underestimate Luther s teaching on love by overemphasizing his teaching on justification Calling this tendency into question this volume advances the thesis that Luther s teaching on faith and love operates as the overriding thematic pair in the dynamics of Christ and the law structurally and conceptually undergirding the 1535 Galatians commentary The research situates itself in the landscape of Luther scholarship via a special attention to Finnish Luther scholars and scholarship The project argues that in the discussion of proper righteousness and holiness Luther s redefined love emerges in harmony with faith His views on Christian freedom the Christ given law of love the twofold way of fulfilling the law and his Christological premises demonstrate the logical rationale for reintroducing love This love designated as a fruit of faith is incarnated in three major relations love toward God toward others and toward self *You Shall Not Condemn* Jennifer M. McBride, 2022-06-13 This book tells the story of Kelly

Gissendaner the only woman on Georgia s death row until her execution in 2015 and highlights the role theological studies played in her faith and in advocacy efforts on her behalf Central to the book is the written correspondence between Kelly and German theologian Jurgen Moltmann known internationally as the theologian of hope After reading Moltmann s work in a course taught by McBride at the prison Kelly began a five year correspondence with him When Kelly was denied clemency a local and international advocacy movement arose that was rooted in her theological studies and friendship with him The advocacy campaign challenged Christians who supported the death penalty to re examine basic truths of Christian faith As it was unfolding the story of Kelly s transformation changed people s minds not only about her case but also about the death penalty itself Weaving together powerful storytelling and theological expertise McBride recounts that story again here with an aim toward abolition and offers practical ways that readers may enter the work *The Power of Unlimited Faith* Kynan Bridges, 2014-11-18 *Take The Limits Off Your Faith* Do you ever hear people talk about getting more faith or increasing their faith When we buy into this idea we never have enough Though we constantly seek after greater faith it always feels just beyond our grasp The Truth is you already possess all of the faith you will ever need both to please God and to release His miraculous power in your everyday life You simply need to know how to activate it You ll learn how to See the invisible and

discover God's supernatural solutions Operate key principles of faith and unleash God's unlimited power within you Activate the law of confession and agree with God's Word Expect the miraculous and watch impossibilities turn around Get ready to take the limits off of God and experience the power of unlimited faith today      **Works of Love in a World of Violence**

Deidre Nicole Green,2016-11-10 As she constructively engages feminist critiques of Christianity's complicity in violence Deidre Nicole Green challenges traditional beliefs that self sacrifice amounts to love and that suffering is inherently redemptive by arguing for a Kierkegaardian conceptions of Christian love that limits self sacrifice Back cover      **Thomas Aquinas on Faith, Hope, and Love** Christopher Kaczor,2020-10-30 Thomas Aquinas on Faith Hope and Love is designed to make as easy as possible a first reading of key passages from the Summa theologiae This book contains selections from the Summa that are most influential most important or likely to be most interesting to the contemporary reader The text of the Summa itself is edited and arranged for beginners Each article begins with Thomas's answers to the question at hand and then goes to the first objection followed by the reply to the first objection the second objection and its reply and so on This arrangement provides a greater accessibility and ease in following the argument Below the text copious footnotes illuminate the text as a professor in the classroom might Some notes provide historical background to figures that Thomas presupposes his reader will know such as Gratian Dionysius and Lombard Other notes offer doctrinal summaries of other parts of the Summa that illuminate what Thomas says about faith hope or love Thomas had an enormous influence on theologians Church councils and popes after his time so some footnotes examine this influence Thomas drew heavily on sources of wisdom before him so other footnotes summarize the teachings of earlier authors such as Aristotle and Augustine This book also contains introductory essays on the Summa on faith on hope and on love which provide an overview to situate the reader and place treatment of the theological virtues in its larger context of the Summa For those who have never read Thomas Aquinas on faith hope and love and for those who teach them this book provides ready access to the wisdom of the Angelic doctor      **A Discourse [on John xiv. 1] on faith, trust and confidence in God and in Christ** B. PARSONS (of New York.),1851

*The Author of Love* Joc Anderson, PsyD.,2011 Throughout history God has been depicted variously as a judgmental tyrant a grand conciliator and even as a rather low key comic portrayed by the cigar smoking George Burns in the movie Oh God The question that's begging to be answered is Who is God This devotional evolved out of one person's desire to portray God in a truer light In the Book of Job God reprimanded Job's friends for failing to speak truthfully about Him They misrepresented His character Job on the other hand understood His Maker and was therefore the single voice of truth in an otherwise corrupt world Can you honestly say that you know your Creator Can you speak truthfully about Him This devotional will help you get to know the real God who is neither the judgmental tyrant nor the light weight movie character He is if nothing else a God of love and compassion At the conclusion of your devotionals I have formulated a Love Quotient L Q test to measure the depth of your love The questions are designed to be thought provoking and insightful You may also find

them a bit daunting and uncomfortable Answer each question according to your beliefs There are no wrong or right answers  
It is my hope you ll find this little exercise revealing and instructive of how you love The answers and Key is also included  
Your heart is what you re all about May you understand God s love for you     Messages of Faith, Hope, and Love James
