That Gentle Strength Lynda L. Coon, Katherine J. Haldane, Elisabeth W. Sommer, 1990 This text explores the historic roles of women in the Christian church and examines how their spirituality both reflected and shaped not only the female experience but the universal Christian experience Its emphasis is western Christianity from the early Christians to the late Victorians *Christianity and Sexuality in the Early Modern World* Merry Wiesner-Hanks, 2005-06-20 Christianity and Sexuality in the Early Modern World is the first global survey of such for the early modern period Merry Wiesner Hanks assesses the role of personal faith and the church itself in the control and expression of all aspects of sexuality The book ranges over developments within Europe and beyond to the European colonies including Brazil Mexico South Africa and Goa which were establishing themselves around the world Christian missionaries and rituals and structures accompanied all of the imperial powers and the control of the sexuality of both indigenous peoples and colonists was an essential part of policy The book is introduced with a clear original and engaging account of the central concepts in the study of sexuality in Christianity such as shame sin the body marriage and gender Drawing on diverse evidence including literary medical and historical the following sections chart changes in Western Christianity in the Late Middle Ages Protestantism and Catholicism in Europe Orthodoxy in Eastern Europe and Russia and finally the Spanish Portuguese English and Dutch Colonies Merry Wiesner Hanks exciting book covers both the ideas and effects in each period Christianity and Sexuality in the early Modern World includes discursive bibliographies which discuss major books and articles at the end of each chapter **The Politics of Power and the Ordination of Women** Adolphus Amadi-Azuogu, 2007-08 The politics of power in the church hinders the ordination of women today Once ecclesiastical power is involved ruling is also involved Consequently the altar has also become the throne and this tempts men to suppress women The author argues that Jesus refrained from using any gender specific paradigms that would have excluded women from ritual leadership Christian *Women Officeholders in Early*

Christianity Ute E. Eisen, 2000 Here Ute E Eisen provides a scholarly investigation of the evidence that women held offices of authority in the first centuries of Christianity Topics include apostles prophets theological teachers presbyters enrolled widows deacons bishops and oikonomai The book concludes with a chapter on source oriented perspectives for a history of Christian women in official positions

The Cappadocian Mothers Carla D. Sunberg, 2018-01-01 The Cappadocian Fathers had great influence on the church of the fourth century having brought their passion for Christ and theological expertise to life in their ministry Their work was not devoid of influence including that of their immediate family members Within their writings we uncover the lives of seven women the Cappadocian Mothers who may have had more influence on the theology of the church than previously believed As the Cappadocians wrestle with the Christianization of the concept of deification we find the women in their lives becoming models for their theological understanding The lives of the women become points of intersection in the kenosis theosis parabola Not only are the Cappadocian Mothers uncovered in the texts but they become models of an optimistic theology of restoration for all of humanity without constraint of gender

Violence and Belief in Late Antiquity Thomas Sizgorich, 2012-03-19 In *Violence and Belief in Late Antiquity* Thomas Sizgorich seeks to understand why and how violent expressions of religious devotion became central to the self understandings of both Christian and Muslim communities between the fourth and ninth centuries Sizgorich argues that the cultivation of violent martyrdom as a path to holiness was in no way particular to Islam rather it emerged from a matrix put into place by the Christians of late antiquity Paying close attention to the role of memory and narrative in the formation of individual and communal selves Sizgorich identifies a common pool of late ancient narrative forms upon which both Christian and Muslim communities drew In the process of recollecting the past Sizgorich explains Christian and Muslim communities alike elaborated iterations of Christianity or Islam that demanded of each believer a willingness to endure or inflict violence on God's behalf and thereby created militant local pieties that claimed to represent the one real Christianity or the only pure form of Islam These militant communities used a shared system of signs symbols and stories stories in which the faithful manifested their purity in conflict with the imperial powers of the world

religion more generally Crossing Confessional Boundaries John Renard, 2020-01-28 Arguably the single most important element in Abrahamic cross confessional relations has been an ongoing mutual interest in perennial spiritual and ethical exemplars of one another's communities Ranging from Late Antiquity through the Middle Ages Crossing Confessional Boundaries explores the complex roles played by saints sages and Friends of God in the communal and intercommunal lives of Christians Muslims and Jews across the Mediterranean world from Spain and North Africa to the Middle East to the Balkans By examining these stories in their broad institutional social and cultural contexts Crossing Confessional Boundaries reveals unique theological insights into the interlocking histories of the Abrahamic faiths Divine Feminine Joy Dixon, 2003-05-01 Honorable Mention for the Wallace K Ferguson Prize from the Canadian Historical Association Chosen by *Choice Magazine* as an Outstanding Academic Title of 2003 In 1891 newspapers all over the world carried reports of the death of H P Blavatsky the mysterious Russian woman who was the spiritual founder of the Theosophical Society With the help of the equally mysterious Mahatmas who were her teachers Blavatsky claimed to have brought the ancient wisdom of the East to the rescue of a materialistic West In England Blavatsky's earliest followers were mostly men but a generation later the Theosophical Society was dominated by women and theosophy had become a crucial part of feminist political culture Divine Feminine is the first full length study of the relationship between alternative or esoteric spirituality and the feminist movement in England Historian Joy Dixon examines the Theosophical Society's claims that women and the East were the repositories of spiritual forces which English men had forfeited in their scramble for material and imperial power Theosophists produced arguments that became key tools in many feminist campaigns Many women of the Theosophical Society became suffragists to promote the spiritualizing of politics attempting to create a political role for women as a way to sacralize the public sphere Dixon also shows that theosophy provides much of the framework and the vocabulary for today's New Age movement Many of the assumptions about class race and gender which marked the emergence of esoteric religions at the end of the nineteenth century continue to shape alternative spiritualities today *Holy Women, Wholly Women* Elaine J. Lawless, 2016-11-11 Lawless collects and interprets the stories of ten women ministers and examines their public and private lives their ministries their images of God and their negotiations of sexuality and the religious life **Religious Advocacy and American History** Bruce Kuklick, Darryl G. Hart, 1997 Religious Advocacy and American History explores the general question of bias and objectivity in higher learning from the perspective of the role of religious convictions in the study of American history **Spectacles of Empire** Christopher A. Frilingos, 2013-03-25 The book of Revelation presents a daunting picture of the destruction of the world complete with clashing gods a multiheaded beast armies of heaven and the final judgment of mankind The bizarre conclusion to the New Testament is routinely cited as an example of the early Christian renunciation of the might and values of Rome But Christopher A Frilingos contends that Revelation's relationship to its ancient environment was a rather more complex one In Spectacles of Empire he argues that the public displays of the

Roman Empire the games of the arena the execution of criminals the civic veneration of the emperor offer a plausible context for reading Revelation Like the spectacles that attracted audiences from one end of the Mediterranean Sea to the other Revelation shares a preoccupation with matters of spectatorship domination and masculinity Scholars have long noted that in promising a complete reversal of fortune to an oppressed minority Revelation has provided inspiration to Christians of all kinds from liberation theologians protesting globalization to the medieval Apostolic Brethren facing death at the stake But Frilingos approaches the Apocalypse from a different angle arguing that Revelation was not merely a rejection of the Roman world in favor of a Christian one rather its visions of monsters and martyrs were the product of an empire whose subjects were trained to dominate the threatening other By comparing images in Revelation to those in other Roman era literature such as Greek romances and martyr accounts Frilingos reveals a society preoccupied with seeing and being seen At the same time he shows how Revelation calls attention to both the risk and the allure of taking in a show in a society which emphasized the careful scrutiny of one's friends enemies and self Ancient spectators Frilingos notes whether seated in an arena or standing at a distance as Babylon burned frequently discovered that they themselves had become part of the performance

Finally Feminist John Gordon Stackhouse, 2005-12 Provocative clear and honest this is a constructive Christian understanding of gender that moves the conversation forward **Women, Men and Eunuchs** Elizabeth James, 2013-01-11 The collected papers in this volume present a unique introduction both to the history of women of men and eunuchs or the third sex in Byzantium and to the various theoretical and methodological approaches through which the topic can be examined The contributors use evidence from both texts and images to give a wide ranging picture of the place of women and Byzantine society and the perceptions of women held by that society *Women Men and Eunuchs* offers a unique and valuable exploration of the issue of gender in Byzantium which will fascinate anyone interested in ancient and medieval history and gender studies **Pagans and Christians in Late Antiquity** A. D. Lee, 2015-08-11 In *Pagans and Christians in Late Antiquity* A D Lee documents the transformation of the religious landscape of the Roman world from one of enormous diversity of religious practices and creeds in the 3rd century to a situation where by the 6th century Christianity had become the dominant religious force Using translated extracts from contemporary sources he examines the fortunes of pagans and Christians from the upheavals of the 3rd Century through the dramatic events associated with the emperors Constantine Julian and Theodosius in the 4th to the increasingly tumultuous times of the 5th and 6th centuries while also illustrating important themes in late antique Christianity such as the growth of monasticism the emerging power of bishops and the development of pilgrimage as well as the fate of other significant religious groups including Jews and Manichaeans This new edition has been updated to include additional documentary material including newly published papyri an expanded chapter on the emperor Constantine greater attention to church controversies in the fourth and fifth centuries thoroughly updated references and further reading taking into account developments in modern scholarship during the past fifteen years *Pagans*

and Christians in Late Antiquity is an invaluable resource for students of the late antique world and of early Christianity and the early Church

Pagans and Christians in Late Antiquity A.D.(Doug) Lee,2013-04-15 In this book A D Lee charts the rise to dominance of Christianity in the Roman empire Using translated texts he explains the fortunes of both Pagans and Christians from the upheavals of the 3rd Century to the increasingly tumultuous times of the 5th and 6th centuries The book also examines important themes in Late Antiquity such as the growth of monasticism the emerging power of bishops and the development of pilgrimage and looks at the fate of other significant religious groups including the Jews Zoroastrians and Manichaeans

Caesar and the Lamb, Second Edition George Kalantzis,2025-05-30 Through the available patristic writings Caesar and the Lamb focuses on the attitudes of the earliest Christians on war and military service Kalantzis provides the reader with many new translations of pre Constantinian texts and tells the story of the struggle of the earliest church to bear witness to the nations that enveloped them as they transformed the dominant narratives of citizenship loyalty freedom power and control Kalantzis examines writings on war and military service in the first three centuries of the Christian church in an organized manner but the ways the communities of Christ at the margins of power and society thought of themselves and the state are not presented here through the lens of antiquarian curiosity At the heart of Caesar and the Lamb is a desire to understand the world in which Christianity arose and to ask questions of the past that may help us understand the early character of the Christian faith with the hope that such an enterprise will also help us evaluate its expression in our own time
