That Man from Smyrna Bernard Martin, 1978 **The Select Circulating Library**, 1838 *Waldie's Select Circulating Library*, 1835 The Christian World ..., 1857 **The American and Foreign Christian Union**, 1857 **The Atlantic Monthly**, 1923 **Quintus of Smyrna's Posthomerica** Tine Scheijnen, 2018-09-11 Quintus of Smyrna's *Posthomerica* 3rd century C E is of great literary value to the field of Greek epic It is a stylistic imitation of Homer and recounts what Iliad and Odyssey have left untold of the Trojan War Tine Scheijnen offers the first linear study of this still little known poem Progressing from book 1 to 14 she focusses on key issues such as Homeric similes and characterization of heroes especially Achilles and his son Neoptolemus Ideologically Quintus engages in a critical way with Homer but possibly also Vergil Triphiodorus and tragedy Scheijnen's work can be read as a thorough introduction to Quintus *Posthomerica* while also offering new insights into Homer reception the conception of heroes and heroism in Greek epic **History of the Jews** Heinrich Graetz, 2020-08-02 Reproduction of the original *History of the Jews* by Heinrich Graetz Play the Man Mark Batterson, 2017-05-02 Somewhere along the way our culture lost its definition of manhood leaving generations of men and men to be confused about their roles responsibilities relationships and the reason God made them men It's into this no man's land that New York Times bestselling author Mark Batterson declares his mantra for manhood play the man In this inspiring call to something greater he helps men understand what it means to be a man of God by unveiling seven virtues of manhood Mark shares inspiring stories of manhood including the true story of the hero and martyr Polycarp who first heard the voice from heaven say Play the man Mark couples those stories with practical ideas about how to disciple the next generation of men This is more than a book it's a movement of men who will settle for nothing less than fulfilling their highest calling to be the man and the father God has destined them to be Play the man Make the man The Skipper and the Skipped Holman Day, 2020-07-17 Reproduction of the original *The Skipper and the Skipped* by Holman Day **Smyrna's Ashes** Michelle Tusan, 2012-11-15 Set against one of the most horrible atrocities of the early twentieth century the ethnic cleansing of Western Anatolia and the burning of the city of Izmir Smyrna's *Ashes* is an important contribution to our understanding of how humanitarian thinking shaped British foreign and military policy in the Late Ottoman Eastern Mediterranean Based on rigorous archival research and scholarship well written and compelling it is a welcome addition to the growing literature on humanitarianism and the history of human rights Keith David Watenpaugh University of California Davis *Traces* an important but neglected strand in the history of British humanitarianism showing how its efforts to aid Ottoman Christians were inextricably enmeshed in imperial and cultural agendas and helped to contribute to the creation of the modern Middle East Dane Kennedy The George Washington University Tusan shows vividly and compassionately how Britain's attempt to build a Near East in its own image upon the ruins of the Ottoman Empire served as prelude to today's Middle East of nation states Peter Mandler University of Cambridge An original and meticulously researched contribution to our understandings of

British imperial gender and cultural history Smyrna's Ashes demonstrates the long standing influence of Middle Eastern issues on British self identification Tusan's conclusions will engage scholars in a variety of fields for years to come Nancy L Stockdale University of North Texas

"Cast in Later Grecian Mould", Quintus of Smyrna's Reception of Homer in the Posthomeric Vincent Edward Tomasso, 2010 This dissertation examines the relationship between the Homeric epics the Iliad and the Odyssey and Quintus of Smyrna's Posthomeric a 14 book epic of the third century CE It argues that Quintus bridges the narratives of the Iliad and the Odyssey and redeploys Homeric style in order to re activate the cultural power of Homer under the Roman Empire The first chapter analyzes Quintus depiction of the Muses The ways in which the goddesses are represented encodes the contemporary conflict of constructing a Greek identity as panhellenic or epichoric in the language of the past This demonstrates the Posthomeric's deep engagement with the position of Hellenism and its connection to the past The lack of an opening invocation to the Muses is part of Quintus strategy for tapping into Homeric power he connects the Iliad with the Posthomeric but also respects the boundaries of the Homeric text The second chapter explores how Quintus occasionally draws his audience's gaze away from the primary narrative of the heroic past and towards their own present This is done through landscapes a simile involving the arena Odysseus testudo maneuver and Calchas prophecy about the Roman empire These passages fuse the two time frames together which implicates the past in the construction of the present In the third chapter specific nodes of intertextuality between the Posthomeric and the Iliad Odyssey are the primary focus It is argued that the intertextual web is incomplete and that the audience must engage their education paideia to fill in the narrative gaps This engages them in creating a Hellenic identity from the narratives of the past with knowledge derived from the present The fourth chapter contextualizes Quintus with other hexameter poets of the first through fourth centuries CE who treated the Trojan War narrative including Nestor and Pisander of Laranda Triphiodorus and hexameter papyrus fragments
