That Others Might Live The U S Lifesaving Service 18781915:

That Others Might Live Dennis L. Noble,1994 From 1878 to 1915 the U S Life Saving Service was a small federal maritime organization that carried out amazing rescues of those in distress close to shore Working from small stations scattered along the coastlines of the United States and using only oar powered boats none longer than 36 feet crewmembers came to be known as storm warriors as they pulled off rescues that almost defied belief Considered one of the most valorous organizations ever run by the U S government the service carried out thousands of rescues and many of its men lost their lives in the effort to save others Yet since its incorporation into the U S Coast Guard in 1915 the feats of this life saving service have been largely confused with those of its successor or forgotten altogether Now for the first time in a full length book the author presents an operational history of the U S Life Saving Service and places the agency within a national context shedding light on a little known aspect of maritime history The book includes numerous photographs and other illustrations of the people equipment and exploits of this service and covers many out of the way stations about which little has been published Dennis Noble also examines the formation of the service its organization and its rescue equipment and explores the lives and routines of early watermen In a clear and precise style he describes how rescue efforts were conducted and includes gripping stories of the fate of such schooners as the George Taulane and J H Hartzell These legendary sea rescues that presaged the modern day Coast Guard were previously addressed only on a local or regional basis **U.S. Coast Guard: America's Maritime Guardian** U.S. Coast Guard,2011-09-05 Since its original printing in 2002 Pub 1 has served as the Coast Guard s capstone doctrinal publication It defines its principles and culture It describes its history missions purpose and ethos It communicates who and what the Coast Guard is and how it accomplishes its missions This May 2009 update includes data on roles and missions forces historic evolution and values **United States Life-Saving Service in Michigan** William D. Peterson,2000 Michigan the Great Lakes State is full of rich maritime traditions and with these traditions comes the danger and risk of shipwreck Author William D Peterson has compiled in this new book a photographic history of the United States Life Saving Service in the Great Lakes region and immortalizes in it the men who paved the way for the U S Coast Guard in 1915 In 1854 the U S Government provided funds for lighthouses boats and life saving equipment along the Atlantic seaboard to alleviate shipping disasters These early efforts greatly reduced the number of lives and property lost to shipwrecks In the heart of the Midwest however the Great Lakes alone claimed 4 500 vessels 1 300 people and more than 27 million dollars in monetary damages between 1855 and 1876 These staggering losses prompted Congress to pass legislation putting the United States Life Saving Service USLSS into operation in Michigan and other Great Lakes States Pictured here in almost 200 images and detailed captions are Michigan s 38 USLSS stations and their crews along the Great Lakes including Ottawa Point Grand Haven Holland and South Manitou Island **Lighthouses and Keepers** Dennis Noble,2014-01-15 From the East Coast to the West Coast the Great Lakes to the Gulf of Mexico and Hawaiian Islands this

handsome book helps explain the lure of lighthouses in the United States Among the most recognized structures of the maritime world these lonely sentinels by the sea have long been the subject of paintings and photographs Today they continue to capture public imagination as Americans flock to their sites for visits and volunteer to help preserve these endangered structures This book covers all aspects of the subject not only lighthouses and lightships but buoys buoy tenders fog signals and their keepers The work is as rich in historical information as it is in rarely seen photographs and fourteen maps guide readers to the exact locations of the lighthouses Readers are also treated to stories of shipwrecks and rescues including the extraordinary story of Ida Lewis head keeper of the light at Lime Rock Rhode Island who rescued eighteen people from the sea
