That Shining Aura:

That Shining Aura Joanna McGauran, 1989 Things That Shine Ariane Signer, 2019-02-13 In *Things That Shine* Ariane Signer takes us on a nonlinear journey through some of the moments that shaped her life At a crossroad between the darkness and the light Signer turned to her first passion writing to help her make sense of past traumas and anxious thoughts Compiling two decades worth of journal entries ideas and feelings her witty humor and refusal to surrender to the dark side will leave you feeling warm and fuzzy on the inside A testament to the human condition and the depth of emotion this collection is sure to please light seekers skeptics and the perpetually enlightened *Chronicles of the Fallen* Maximus Kane, 2010-04-20 Jericho was among the most loved and divine of all the angels along with Michael Gabriel Azrael and Lucifer Lucifer's greed grew and influenced Jericho to join him in his attempt to take over heaven but Jericho chose God over him For his betrayal Lucifer and his followers were cast into hell but not Jericho Once God created man he saw that Lucifer and his armies of demons would do anything to make humans suffer As a result by God's command Jericho was sentenced to walk the Earth forever fighting Lucifer his demons and any other evil that threatened the Earth and its people In Innocence Jericho is called to investigate the disappearance of a seven year old boy However the investigation turns into something more when the boy is killed and another child is kidnapped The events leading up to the kidnapping and murder of the young boy is what made Jericho decide to investigate However when the boy's guardian angel is murdered Jericho realizes that this is something bigger than he anticipated Can Jericho find out what is happening before the second child is killed and can he stop what is really happening before it is too late **A Materialism for the Masses** Ward Blanton, 2014-02-11 Nietzsche and Freud saw Christianity as metaphysical escapism with Nietzsche calling the religion a Platonism for the masses and faulting Paul the apostle for negating more immanent material modes of thought and political solidarity Integrating this debate with the philosophies of difference espoused by Gilles Deleuze Michel Foucault Jacques Derrida Jacques Lacan and Pier Paolo Pasolini Ward Blanton argues that genealogical interventions into the political economies of Western cultural memory do not go far enough in relation to the imagined founder of Christianity Blanton challenges the idea of Paulinism as a pop Platonic worldview or form of social control He unearths in Pauline legacies otherwise repressed resources for new materialist spiritualities and new forms of radical political solidarity liberating religion from inherited interpretive assumptions so philosophical thought can manifest in risky radical freedom *A Different Light* Parvati Nair, 2011 This is the first full critical study of the work of the popular documentary photographer Sebastião Salgado Nair explores all the stages of Salgado's work including the recent more ecological subjects showing its planetary commitments The Rough Guide to Unexplained Phenomena Bob Rickard, John Michell, 2007-09-03 *The Rough Guide to Unexplained Phenomena* is an exploration of the zone that lies between the known and the unknown a shadowy territory that's home to the lake monsters combusting people teleporting frogs and man eating trees Taking a Fortean path between dogmatic scientists and credulous

believers the authors trace tales of wonder back to their sources drawing from a huge archive of observations opinions and discussions This updated second edition boasts new illustrations and plenty of intriguing new sections from near death experiences to ghosts haunted houses and mysterious mass deaths There are many things which are not yet known or understood about our world as this guide shows there are many riddles to solve and wonders to experience Decide for yourself with **The Rough Guide to Unexplained Phenomona** **The Human Effect** Akmal Shebl,2007-04-27 Two rival architects in love with the same woman thrive for building the most artistic building of the century in Egypt aspiring to match legendry masterpieces like the Sphinx a chain of incidents that not only lead to unveiling the secrets and mystery of the historical city but to exploring their true identities and their ancestors **The Destroyer and the Lamb** Matthias Reinhard Hoffmann,2005 Matthias Reinhard Hoffmann identifies an angelomorphic portrait of Christ in certain passages of Revelation and provides possible reasons for the inclusion of an angelomorphic Christology Angelomorphic Christology is not regarded as an isolated christological concept In turn the author compares angelomorphic Christology with the prominent Lamb Christology of Revelation A comparison of these concepts reveals that both Lamb and angelomorphic Christology serve the purpose of contrasting different functions of Christ The functions correspond with the implied perception of Christ by his followers on the one hand and his opponents on the other Accordingly Christ appears to be an eschatological juridical figure described in angelomorphic patterns to his opposition while he is perceived as salvific redeemer in form of the Lamb by those who believe in him Such a christological perspective draws on traditions from the Exodus narrative namely the features of the Passover Lamb and the Destroying Angel Further equality between God and Christ is established despite an angelomorphic portrait of Christ especially those passages describing Christ as the Lamb put him on par with God But also within visions with an angelomorphic description of Christ his status as superior to angels and as an equal to God is displayed

The End of Eden Graham Phillips,2007-05-29 Presents compelling evidence that civilizations worldwide became warlike and monotheistic after Earth passed through the tail of a comet in 1500 B C Explores the violent effect of debris from comet 12P Pons Brooks on peaceful cultures such as the Olmec of Mexico and the Megalithic people who built Stonehenge Shows how this comet s appearance was taken as a significant religious event that still has repercussions today In the year 2024 the comet 12P Pons Brooks is due to pass near Earth again for the first time in 3 500 years In 1500 B C Earth passed through this comet s tail and in the decade following cultures the world over began to exhibit significant aggressive tendencies Civilizations in India the Middle East China Japan Europe and Central America suddenly abandoned their peaceful ways and devoted themselves with uncharacteristic fervor to making war on their neighbors and fighting among themselves But this was not the only effect that is linked to this celestial event Sudden outbreaks of monotheism the worship of a single god and a new idea at the time occurred simultaneously in locales spread widely throughout the world Most of these monotheistic religions represented their god symbolically as a circle with a series of lines extending below resembling a simple drawing of

a comet In *The End of Eden* Graham Phillips chronicles the sudden shifts in social demeanor and religious philosophy that swept the world in the wake of 12P Pons Brooks He argues that there is no other explanation for these changes other than the presence of this massive comet in the skies above Earth He contends that debris in the comet's tail contaminated the atmosphere with a chemical known to cause aggressive behavior and that after little more than a decade worldwide hostility abruptly abated He also explores how the appearance of a celestial body that outshone the moon would have been interpreted as a significant religious event the premier appearance of a powerful new god to supplant the deities previously worshipped around the world
