

The background of the poster is a composite image. It features a close-up of a person's face, possibly a soldier, wearing a helmet and looking through a scope or a similar device. The image is dark and moody, with green foliage in the foreground, suggesting a jungle or battlefield setting. The overall tone is serious and dramatic.

**The Open Future** Patrick Todd,2021-09-02 In The Open Future Why Future Contingents are all False Patrick Todd launches a sustained defense of a radical interpretation of the doctrine of the open future He argues that all claims about

undetermined aspects of the future are simply false Todd argues that this theory is metaphysically more parsimonious than its rivals and that objections to its logical and practical coherence are much overblown Todd shows how proponents of this view can maintain classical logic and argues that the view has substantial advantages over Ockhamist supervaluationist and relativist alternatives Todd draws inspiration from theories of neg raising in linguistics from debates about omniscience within the philosophy of religion and defends a crucial comparison between his account of future contingents and certain more familiar theories of counterfactuals Further Todd defends his theory of the open future from the charges that it cannot make sense of our practices of betting makes our credences regarding future contingents unintelligible and is at odds with proper norms of assertion In the end in Todd's classical open future we have a compelling new solution to the longstanding problem of future contingents
