That You May Believe Miracles And Faith Then And Now:

That You May Believe Colin Brown, 1996-08-08 Can any intelligent man or woman believe in miracles today Can one believe in Jesus without believing the miracle stories And if Jesus performed miracles during his life on earth can t we also expect miracles today In this book Colin Brown author of the highly acclaimed *Miracles and the Critical Mind* returns to the subject of Jesus miracles this time writing for the general reader Drawing on the world of scholarship but avoiding a detailed philosophical discussion Brown clearly lays out the arguments for the reader who is not a trained philosopher or theologian All who have questions about the meaning of miracles and their role in Christian faith today will find here a fresh look at this subject that has puzzled people for centuries *The Jewish Context of Jesus' Miracles* Eric Eve, 2002-08-01 Scholarly literature on Jesus has often attempted to relate his miracles to their Jewish context but that context has not been surveyed in its own right This volume fills that gap by examining both the ideas on miracle in Second Temple literature including Josephus Philo the Dead Sea Scrolls Apocrypha and Pseudepigrapha and the evidence for contemporary Jewish miracle workers The penultimate chapter explores insights from cultural anthropology to round out the picture obtained from the literary evidence and the study concludes that Jesus is distinctive as a miracle worker in his Jewish context while nevertheless fitting into it This Changes Everything (The Prayer Warrior Series) C. Peter Wagner, 2013-04-30 Make the Paradigm Shift That Will Change Your Life and the World A paradigm shift is a radical change in your way of thinking and C Peter Wagner has undergone a number of them during his decades of ministry Now he invites you to open your mind to the Holy Spirit s paradigm shifting power This Changes Everything is your essential guidebook for how God is transforming the world through people just like you Discover new movements of God s Spirit that are turning the tide against the evil one opening wide the doors of heaven to usher in God s reign on the earth Find out what these powerful new strategies mean for Christians involvement in business politics education and entertainment and learn how you can be a part of what God is doing in your sphere of influence Find clear biblical answers to questions such as Is wealth a legitimate tool of the Church How do today s workplace apostles lead in spiritual battle Does God allow His people to make some decisions about the future How is dominion theology operational in our world today God is calling you to a new way of life starting with a new way of thinking When your mind is renewed you will never be the same *Telling the Old, Old Story (Larsen)* David L. Access-Oriented Bibliography of Jesus's Resurrection Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus s physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus s Resurrection addresses these challenges in

several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease

Kelley, 2019-07-29 Back cover Andrew J Kelley offers an interesting survey of miracle narratives in the Second Temple period and a thorough comparison specifically of the means by which miracle workers perform miracles between other miracle workers and the Markan Jesus In this work he has implications for Mark's view of Jesus as well as the significance of miracle working in general

Society Shaped by Theology Professor Robin Gill, 2013-05-28 Over the last thirty years a number of theologians have been using aspects of sociology alongside the more traditional resources of philosophy In turn sociologists with an interest in theology have also contributed to an interaction between theology and sociology The time is right to revisit the dialogue between theologians and sociologists In his new trilogy on Sociological Theology Robin Gill makes a renewed contribution to the mapping of three abiding ways of relating theology and sociology with the three volumes covering Theology in a Social Context Theology Shaped by Society Society Shaped by Theology Society Shaped by Theology explores the possibility that theological concepts may sometimes still be influential in the modern world It follows in the tradition of Max Weber arguing that theological virtues and debates can at times be transposed wittingly or unwittingly into society at large Robin Gill examines the unusual instance of the public debate about Honest to God in the 1960s but then turns to the current debate about faith and social capital adding fresh and unexpected evidence Finally Gill argues that bioethics in the public domain especially on global issues such as AIDS can be enriched and deepened by a judicious use of theological virtues

& Western Thought Colin Brown, Steve Wilkens, Alan G. Padgett, 1990 From Socrates and the Sophists to Kant from Augustine to Aquinas and the Reformers Colin Brown traces the turbulent often tension filled always fascinating story of the thinkers ideas and movements that have shaped our intellectual landscape Is philosophy the handmaiden of faith or the doctrine of demons Does it clarify the faith or undermine the very heart of Christian belief Brown writes This book is about the changes in preconceptions world views and paradigms that have affected the ways in which people have thought about religion in general and Christianity in particular in the Western world It is a historical sketch written to help students and anyone else who might be interested to get a better grasp of the love hate relationship between philosophy and faith that has gone on for close to two thousand years Students pastors and thoughtful Christians will benefit from this rich resource The first in a proposed three volume work Brown s easy to read hard to put down introduction to Christianity and Western thought focuses on developments from the ancient world to the Age of Enlightenment A Dictionary of Philosophy of Religion, Second Edition Charles Taliaferro, Elsa J. Marty, 2018-01-25 A Dictionary of Philosophy of Religion is an indispensable resource for students and scholars Covering historical and contemporary figures arguments and terms it offers an overview of the vital themes that make philosophy of religion the growing vigorous field that it is today It covers world religions and sources from east and west Entries have been crafted for clarity succinctness and engagement This second edition includes new entries extended coverage of non Christian topics as well as revisions and updates throughout The first edition was named a Choice Outstanding Academic Title of the Year Health Care and Christian Ethics Robin Gill, 2006-02-16 How can Christian ethics make a significant contribution to health care ethics in today s Western pluralistic society Robin Gill examines the moral gaps in secular accounts of health care ethics and the tensions within specifically theological accounts He explores the healing stories in the Synoptic Gospels identifying four core virtues present within them compassion care faith and humility that might bring greater depth to a purely secular interpretation of health care ethics Each of these virtues is examined in turn using a range of topical issues including health care rationing genetics HIV AIDS withholding withdrawing nutrition from PVS patients and the empirical evidence which suggests a connection between religion and health Professor Gill also argues that these four virtues are shared by other major religious and humanistic traditions and that together with secular principles they can enrich health care ethics even in a pluralistic society *How Does God Act in the World?* David Wilkinson, 2025-05-29 Does God act in the world and if God does then how These questions are central questions for Christian theology and Christian mission and ministry Is God simply a creator who then goes on holiday and leaves the universe to develop or is God the one who is embodied in Jesus the God of signs and wonders death and resurrection And what does this mean for signs and wonders today in the life of individuals and local churches From The Simpsons to a wedding in Cana from grace to quantum theory and from the problem of evil to eschatology David Wilkinson argues that the biblical picture of a God who acts in the world makes sense in the light of modern science but how God acts

Anderson,2011-07-12 The best theory for fighting fires comes from actually engaging in the battle against the flames Ray Anderson writes For the thousands of pastors and church leaders who are on the firelines of God's mission in the world we need a theology that sings even as it stings igniting the mind and stirring the heart In these pages then Anderson passionately sets forth a vision of the church's work and mission based on its birthday Pentecost At Pentecost Christians were given the Holy Spirit in order to understand the incarnation and come alive to God So this key event directs and empowers the church in its service to the world In the light of Pentecost we learn that we can come to know God only in praxis truth discovered through action In the process of elucidating this praxis Anderson seeks to construct a theology that not only truly respects and aids ministers on
