**Birth Control** Allison Yarrow, 2023-07-18 Supported by ample data and suffused with anger an award winning journalist convincingly recasts this country's maternal health care system as needlessly dehumanizing New York Times Book Review Modern medicine should make pregnancy and childbirth safer for all But in Birth Control award winning journalist Allison Yarrow reveals how women are controlled traumatized injured and even killed because of the traditionalist practices of medical professionals and hospitals Ever since doctors stole control of birth from midwives in the 19th century women have been steamrolled by a male dominated medical establishment that has everyone convinced that birthing bodies are inherently flawed and that every pregnancy is a crisis that it alone can solve Common medical practices and procedures violate human

rights and the law yet take place daily Misogyny and racism not scientific evidence and support shape the overwhelming majority of America's four million annual births Drawing on extensive reporting expert interviews an original survey of 1 300 mothers and her own personal experiences Yarrow documents how modern maternal health care is insidiously purposefully designed to take power from women to the detriment of their physical and mental health not just during labor but for years after She then shows a better way exploring solutions both cutting edge and ancient to finally return power and control to birthing people Full of urgent insights and heartfelt emotion Birth Control is an explosive call to action

*In Quest of Nirvana* Laszlo Szechenyi, 1999-07 *In Quest of Nirvana* is a vivid portrayal of the struggle for survival in the author's newly adopted country the USA after having been forced to flee from his native Hungary at the end of World War II He encounters a political haven a free Democracy a society where few restrictions exist but help is available only to those who help themselves His total loss of a lifestyle that had been comparable to Utopia is the reason for a difficult re start at the lowest economic levels a fight against all odds facing seemingly insurmountable obstacles Impoverished and degraded from the highest levels of the social elite the author nevertheless builds upon a basis of moral strength courage perseverance and a lasting incentive to achieve consistently improving conditions His goals are set high the means by which to reach them are extremely varied and demand an unrelenting personal drive to overcome a constant series of serious challenges A life story that can only be described as fascinating It consists of a succession of events arrestingly told with emphasis on the many quirks of fate rather than on the individual A vivid presentation of a human life span made even more realistic by numerous visual examples of important moments of the past fifty years This autobiography tells a true story all the more compelling because even though every detail is real it unfolds in the style of a novel The reader can't help but be carried along with the ups and downs of a fate rich in unusual experiences and humorous anecdotes To share in this review of a half century is rewarding to those who value a summary of significant technological developments as well as taking part in a very special saga of personal evolution The

**A Blessed Life** Linda Anne Monica Schneider, 2012-08-15 For once I intend now to write strictly about what I know best my life and its circumstances I want to tell the story of what it has been like for a middle class American descended from Italian and German immigrants It is the story of a girl who grew up and found her law vocation during the 50s through 70s and who happens to be blind and hard of hearing and who now has used a series of wonderful guide dogs as traveling companions I have referred to my life as blessed in the title because the hand of Divine Providence has been at work since my conception in shaping me and promoting whatever goodness or success I may have attained both directly and through the human beings in my life The imperfections and errors that remain which I hope to continue to remedy with His help are the evidence that this Divine work is as Benjamin Franklin said in his epitaph a work in progress being continually revised and corrected by the Divine Author The sub title comes from the theme of the discussion group in which I participated during my Cursillo retreat Travelers to Emmaus Like the two discouraged disillusioned pilgrims who fled from Jerusalem after the death and still disbelieved resurrection of Jesus I am still in the lifelong process of finding the Lord *Jettie's Journey...What a Trip* Jettie Pettit, 2010-11-29 This is the story of how a strict Southern Baptist became a dedicated Catholic evangelist and teacher The ways that God moved in my life were indeed strange From early childhood until now His Holy Spirit has been my guide when I would follow and the one with the cattle prod when I hesitated Some of the experiences told about in this book may cause skepticism but every word is true I have told some of the stories in different places but this is the first time that the entire story has been written It is my prayer that any who read it will be blessed and inspired to tell their own story
