Hartman, 2011-11-29 Be it fair trade coffee or foreign oil our choices as consumers affect the well being of humans around the globe not to mention the natural world and of course ourselves Consumption is a serious ethical issue and Christian writers throughout history have weighed in discussing topics such as affluence and poverty greed and gluttony and proper stewardship of resources These voices are often at odds however In this book Laura M Hartman formulates a coherent Christian ethic of consumption imposing order on the debate by dividing it into four imperatives Christians are to consume in ways that avoid sin embrace creation love one's neighbor and envision the future An adequate ethics of consumption she argues must include all four considerations as tools for discernment even when they seem to contradict one another The book includes discussions of Christian practices such as fasting gratitude solidarity gift giving Sabbath keeping and the Eucharist Using exemplars from the Christian tradition and practical examples from everyday life The Christian Consumer offers a thoughtful guide to ethical consumption

Political Economy and Christian Theology Since the Enlightenment A. Waterman, 2004-11-30 Political economy and Christian theology coexisted happily in the intellectual world of the eighteenth century During the nineteenth century they came to be seen as incompatible even mutually hostile In the twentieth century they went their separate ways and are no longer on speaking terms These fourteen essays by Anthony Waterman serve as snapshots of the history of this estrangement and illustrate the gradual replacement of the discourse of theology by that of economics as the rational framework of political debate Others have recently shown that both political economy and

Christian theology are important though somewhat neglected elements in modern intellectual history This book is the first to combine these two lines of inquiry Costly Communion ,2019-01-28 Costly Communion Ecumenical Initiative and Sacramental Strife in the Anglican Communion seeks to engage with Anglicanism s theological responses to the onset of the twilight of empire and to explore the diversity of Anglican sacramental and ecumenical controversies during the twentieth century From sacramental initiation and the doctrine of Eucharistic sacrifice to church order and the historic episcopate Costly Communion offers insights into Anglo Catholic and Evangelical attempts to resolve the divisions provoked by the impact of the Oxford Movement from the 1830s In its engagement with sub Saharan African contextualization of the Anglican moreover Costly Communion analyses the unanticipated threat that Anglican diversity now poses for the unity of the Anglican Communion Contributors are Jeff Boldt Jeremy Bonner Hugh Bowron Mark Chapman Colin Buchanan Ken Farrimond Joseph Galgalo Benjamin Guyer Charlotte Methuen Thomas Mhuriro Esther Mombo Zablon Nthamburi Kevin Ward 1979 Book of Common Prayer, Economy Green Leather Episcopal Church,2008-02-28 The Book of Common Prayer is a liturgical resource used by members of the Episcopal Church Anglican Church in the United States All Oxford Prayer Books are bound with the same attention to detail and commitment to quality that have made Oxford Bibles famous the world over Includes Revised Common Lectionary Embodied Liturgy C. Andrew Doyle,2021-05-18 Can the reality of the Eucharist be maintained online Author C Andrew Doyle in a well researched and thoughtful study of both virtual reality and liturgy argues that the Eucharist is not a formulaic rehearsal of words and rituals but an embodied and lived experience This requires a shared place and presence While the church should not shy away from virtual ministry we should be wary of using the technological realm for the celebration of the Eucharist an act that is an outward and visible sign of our spiritual union with God and one another It brings us closer to friend and stranger for the transformation of individuals into unity in Christ The context of the ritual with people objects words and all sorts of nuance creates intimacy with God and each other This unique book is especially timely and will be of interest to scholars liturgists and those interested in sacramental theology in the digital age *An Introduction to the Modern Middle East, Student Economy Edition* David Sorenson,2018-10-03 This book introduces the politics of the modern Middle East which includes the countries of the Persian Gulf the eastern Mediterranean countries and North Africa It covers the major geographical regions that make up the Middle East and summarizes the post World War I history of the Middle East A Eucharist-shaped Church Marshall E. Crossnoe,Daniel J. Handschy,Donna R. Hawk-Reinhard,2022-03-02 A Eucharist shaped Church Prayer Theology Mission is a historical theological survey of major movements and thinkers that have shaped sacramental theology and liturgical worship within the Anglican Episcopal tradition The contributors attend closely to the interplay between Christian thinking praying and living in order to distil lessons for liturgical revision and worship renewal Each chapter explores a major thinker or movement and explores how the theological liturgical ecclesiological and missiological commitments of the thinker or movement interacted

and shaped the thinker s or movement s overall thought This serves a two fold purpose 1 Much scholarship about Anglican eucharistic theology treats some aspect of that theology in isolation presence sacrifice etc from other aspects and from the context in which the theology was developed This approach shows how these various aspects and contexts in fact have mutual explanatory power 2 The interaction of these various aspects of eucharistic theology provide a framework for those involved in liturgical revision to think through the commitments communicated by the proposed revisions

Eucharist: A Guide for the Perplexed Ralph N. McMichael, 2010-06-17 What is the Eucharist This direct question would seem to yield an equally direct answer However as soon as we begin to answer it we encounter an array of responses layered with various complexities The answer is shaped by who answers for example a roman catholic an Anglican or a Baptist Perhaps even the name Eucharist would be contested Answers to this question would reflect not only confessional differences but also the spectrum of theological and liturgical perspectives across Christianity In this book Ralph McMichael analyses these complexities perplexities raised by asking this questions

Christian Political Activism at the Crossroads William R. Stevenson, 1994 This volume illumines the discussion being carried on between the religious right with its concern for moral responsibility in politics and the issue oriented activists who are concerned with how Christians in America address human rights and hunger issues By bringing together both Christian scholars and activists from nearly all points of the political continuum this book offers a rare glimpse into the reality of Christian diversity on the political task The media often suggests a monist interpretation of Christian politics This book shows both the vitality and plurality of Christian politics in America The book covers the historical background activist perspectives organizational structures and participant characteristics with essays by Frank Roberts David O'Brien Ruth Tucker James Reichley Delton Franz Betty Coats Lucille Taylor Bruce Buursma Robert Zwier Allen Hertzke James Guth Lyman Kellstedt Corwin Smidt

Stephen Monsma and concludes with a suggestion of a new direction by James Skillen of the Association for Public Justice

Ledger Susan Wheeler, 2005-04 The many meanings of economy are the ground for the mediation and lament of Ledger Susan Wheeler's fourth book In its Greek origins economy referred to the stewardship of a household and as it developed the word also came to include aspects of government and of religious faith Ledger places an individual's crisis of spirituality and personal stewardship or management of her resources against a backdrop of a culture that has focused its economy on financial gain and has misspent its own tangible and intangible resources

In Spirit and Truth Sylvia Sweeney, Kevin J. Moroney, Stephanie Budwey, Samuel Torvend, 2020-12-17 An invitation to a conversation about the direction of our worship life The Anglican colloquium of the North American Academy of Liturgy acknowledged the need for a collection of insights to aid in the liturgical formation of the Episcopal Church as we move into liturgical revision The volume's contributions have been shaped around the clauses of resolution A068 looking at the ways in which parishes and individuals can live into this time of revision and creativity With a shared understanding of our deepest held Christian values the editors look forward to what the future brings for our collective worship lives and our missional lives as bearers of Christ to a troubled and broken world This volume provides churches with tools for intelligent cogent accessible historical and theological conversation illuminating the way forward for the Episcopal branch of the Jesus movement

Books in Print, 1994 **The Remnant Spirit** Douglas E. Cowan, 2003-11-30 Over the past few decades mainline Protestant denominations in North America have been experiencing a significant decline in membership active participation and financial contributions In the midst of this decline these denominations have been caught up in a variety of controversial religious ecclesiastical and social issues a shift from neo orthodox to liberal theology the advent of inclusive liturgical and biblical language denominational support for often controversial social issues and heated debates around human sexuality particularly the place of homosexuals in the church To address these issues and concerns and to recapture the traditionalism many feel their churches have abandoned the remnant faithful those who choose to stay in their churches have formed a number of reform and renewal movements Cowan examines these emergent social movements providing anecdotal and lively examples of their activities their arguments their identities and their approaches to strengthening their churches Rather than leave denominations which they regard as increasingly hostile to theological and ecclesiastical traditionalism many mainline Protestants have chosen to stay and fight for their churches forming reform and renewal movements intended to address hot button issues in the way their churches function and practice These conservative reform movements however are often vilified by their more liberal co religionists and not infrequently regarded as theologically immature doctrinally stagnant and ecclesiastically belligerent The Remnant Spirit demonstrates that these are simplistic and reductivist analyses that only serve to avoid the very issues around which reform movements emerge and evolve The author provides an in depth examination of four major North American denominations and the various conservative reform and renewal movements taking place in each while acknowledging that

every mainline Protestant Church in the U S and Canada is contending with similar issues and addressing them in similar fashions Here the voices of the remnant faithful those that contribute to denominational discussions as they are experienced by ordinary church members and leaders alike are presented and discussed in a thoughtful and lively manner
