Queer Youth in the Province of the "Severely Normal" Gloria Filax, 2011-11-01 The government of Alberta in the 1990s actively contested the legal rights of sexual minority citizens Provincial premier Ralph Klein defended this position by claiming that most Albertans whom he characterized as severely normal were not in favour of recognizing homosexuality as a protected category in the provincial human rights code Gloria Filax explores how youth identities have been constructed through dominant and often competing discourses about youth

sexuality and gender and how queer youth in the province of Alberta negotiated the contradictions of these discourses She juxtaposes the voices of queer young people in Alberta with discourses that claim expert knowledge about young people's lives She also explores what queer youth have to say about their lives in relation to renditions of homosexuality from the Alberta Report a weekly magazine published in the 1990s that despite its fiscal marginality had significant impact on social values in Alberta This book is important because it presents the voices of queer youth particularly in the context of expert and popular discourses that often overwhelmingly deny the value of their lives A significant contribution to queer social science scholarship Queer Youth in the Province of the Severely Normal will also be of interest to sociologists educators social workers and counsellors

Pure Fatherhood and the Hollywood Family Film Denise McNulty Norton, 2021-07-20 This book maps father failure and redemption through three decades of Hollywood family films revealing how libertarian notions that align agency with autonomy lead to new conflicts for the contemporary father The films find resolution to these conflicts through a re gendering of parenting as relationship In their creation of a pure fatherhood that is valorised as authentic for its lack of parental responsibilities the films serve to challenge the perception that fathering enacted outside the nuclear family structure is fragile McNulty Norton finds in the films a new

essentialism that secures the pure relationship to the biological father reinforcing his position in the face of changing family forms
