*Remembering the Year of the French* Guy Beiner, 2007-02-01 Remembering the Year of the French is a model of historical achievement moving deftly between the study of historical events the failed French invasion of the West of Ireland in 1798 and folkloric representations of those events *Ireland and Empire* Stephen Howe, 2000 Many analyses of Ireland's past and present are couched in colonial terms For some it is the only framework for understanding Ireland Others reject the label This study evaluates and analyzes the situation **The '98 Reader** Padraic O'Farrell, 1998 Seventeen ninety eight saw French and American revolutionary ideals converge with popular rebellion in Ireland The rebellion ended in bloody failure but 1798 was kept alive in folk memory by a nascent literature added to by succeeding generations of nationalists and cultural revivalists *Books Ireland* , 1999 The Age of Revolution Terry Moylan, 2000 This work is a compilation of songs poems and tunes set in Ireland over the four decades between the American Revolution and the Battle of Waterloo It demonstrates how the events of those years inspired literary effort in each generation The material is drawn from tradition and from print and manuscript collection The print collections include contemporary and early sources the various editions of Paddy's Resource Watty Cox's Irish Magazine and Madden's Literary Remains of the United Irishmen and all available collections of songs and music have been examined to identify suitable material Many of the traditional songs have been notated directly from singers representing a considerable addition to the literature of traditional song *American Book Publishing Record* , 1998 **The Columbia Granger's Guide to Poetry Anthologies** William A. Katz, Linda Sternberg Katz, Esther Crain, 1994 Reference guide to poetry anthologies with descriptions and evaluations of each anthology Irish Literature Alexander Norman Jeffares, Peter Van de Kamp, 2006 Spans the first third of the 19th century documenting Ireland's significant literary contribution with Thomas Moore's romantic melodies Maria Edgeworth's regional fiction and Charles Maturin's voyeuristic Gothic stories This book records the demise of the rollicking squirearchy and portrays the rise of the stage Irishman A Flame Now Quenched Liam Kelly, 1998 This volume details the history of Ireland's County Leitrim during its most formative and violent period since medieval times **Studies** , 1998 Prose Poetry Paul Hetherington, Cassandra Atherton, 2020-10-13 An engaging and authoritative introduction to an increasingly important and popular literary genre Prose Poetry is the first book of its kind an engaging and authoritative introduction to the history development and features of English language prose poetry an increasingly important and popular literary form that is still too little understood and appreciated Poets and scholars Paul Hetherington and Cassandra Atherton introduce prose poetry's key characteristics chart its evolution from the nineteenth century to the present and discuss many historical and contemporary prose poems that both demonstrate their great diversity around the Anglophone world and show why they represent some of today's most inventive writing A prose poem looks like prose but reads like poetry it lacks the line breaks of other poetic forms but employs poetic techniques such as internal rhyme repetition and compression Prose Poetry explains

how this form opens new spaces for writers to create riveting works that reshape the resources of prose while redefining the poetic. Discussing prose poetry's precursors including William Wordsworth and Walt Whitman and prose poets such as Charles Simic, Russell Edson, Lydia Davis, and Claudia Rankine, the book pays equal attention to male and female prose poets documenting women's essential but frequently unacknowledged contributions to the genre. Revealing how prose poetry tests boundaries and challenges conventions to open up new imaginative vistas, this is an essential book for all readers, students, teachers, and writers of prose poetry.

**Commemorating Ireland** Eberhard Bort, 2004. This is not so much a book of commemoration as it is on or about commemoration. The title of this book is ambiguous and intentionally so. On the one hand, there are echoes of *Writing Ireland* or *Imagining Ireland* or *Re-Inventing Ireland*, an active process shaping our perception of what Ireland is and how it has become what it is. On the other hand, there is an element of glancing back. Only what is gone, what is in the past, can be commemorated. Ireland, having undergone rapid and profound changes in the past decades, often kindles feelings of nostalgia for an older Ireland, having been lost in the filthy modern tide. This is an examination in an international comparative context of the role commemorations play in contemporary politics and society. This is a multidisciplinary study by an array of distinguished authors: Peter Collins, Mary Daly, Tony Canavan, Owen Dudley Edwards, Paul Arthur, Christopher Harvie, Malcolm Anderson, Neal Ascherson, Gerald Dawe, Christopher Murray, and Aidan Howard.

Theaters of Desire: Authors, Readers, and the Reproduction of Early Chinese Song-Drama, 1300-2000 P.

Sieber, 2003-07-17. Blending a flair for textual nuance with theoretical engagement, *Theaters of Desire* not only contributes to our understanding of the most influential form of early Chinese song drama in local and international cultural contexts but adds a Chinese perspective to the scholarship on print culture, authorship, and the regulatory discourses of desire. The book argues that particularly between 1550 and 1680, Chinese elite editors rewrote and printed early plays and songs, so-called Yuan dynasty *zaju* and *sanqu*, to imagine and embody new concepts of authorship, readership, and desire, an interpretation that contrasts starkly with the national and racially oriented reception of song drama developed by European critics after 1735 and subsequently modified by Japanese and Chinese critics after 1897. By analyzing the critical and material facets of the early song and play tradition across different historical periods and cultural settings, *Theaters of Desire* presents a compelling case study of literary canon formation.
