The Guns Of Folly:

The Guns of Folly Orlando Rigoni,1971 Confederate Military History Ellison Capers,2018-09-21 Reproduction of the original Confederate Military History by Ellison Capers **The Lion and the Dragon** Mark Simner,2019-06-29 During the middle of the 19th Century Britain and China would twice go to war over trade and in particular the trade in opium The Chinese people had progressively become addicted to the narcotic a habit that British merchants were more than happy to feed from their opium poppy fields in India When the Qing dynasty rulers of China attempted to suppress this trade due to the serious social and economic problems it caused the British Government responded with gunboat diplomacy and conflict soon ensued The first conflict known as the First Anglo Chinese War or Opium War 1839 42 ended in British victory and the Treaty of Nanking However this treaty was heavily biased in favour of the British and it would not be long before there was a renewal of hostilities taking the form of what became known as the Second Anglo Chinese War or Arrow War 1857 60 Again the second conflict would end with an unequal treaty that was heavily biased towards the victor The Lion and the Dragon Britain s Opium Wars with China 1839 1860 examines the causes and ensuing military history of these tragic conflicts as well as their bitter legacies **Confederate Military History, Vol. 6: Georgia** Joseph Tyrone Derry,2022-10-13 This work spanning twelve extensive volumes is the result of contributions by many Southern men to the literature of the United States that treats of the eventful years in which occurred the momentous struggle called by Mr A H Stephens the war between the States These contributions were made on a well considered plan to be wrought out by able writers of unquestionable Confederate record who were thoroughly united in general sentiment and whose generous labors upon separate topics would when combined constitute a library of Confederate military history and biography According to the great principle in the government of the United States that one may result from and be composed of many the doctrine of E pluribus unum it was considered that intelligent men from all parts of the South would so write upon the subjects committed to them as to produce a harmonious work which would truly portray the times and issues of the Confederacy and by illustration in various forms describe the soldiery which fought its battles Upon this plan two volumes the first and the last comprise such subjects as the justification of the Southern States in seceding from the Union and the honorable conduct of the war by the Confederate States government the history of the actions and concessions of the South in the formation of the Union and its policy in securing the existing magnificent territorial dominion of the United States the civil history of the Confederate States supplemented with sketches of the President Vice President cabinet officers and other officials of the government Confederate naval history the morale of the armies the South since the war and a connected outline of events from the beginning of the struggle to its close The two volumes containing these general subjects are sustained by the other volumes of Confederate military history of the States of the South involved in the war Each State being treated in separate history permits of details concerning its peculiar story its own devotion its heroes and its battlefields The authors of the State

histories like those of the volumes of general topics are men of unchallenged devotion to the Confederate cause and of recognized fitness to perform the task assigned them It is just to say that this work has been done in hours taken from busy professional life and it should be further commemorated that devotion to the South and its heroic memories has been their chief incentive This is volume six out of twelve covering the Civil War in Georgia **Annual Report of the Adjutant General of the State of Rhode Island for the Year ...** Rhode Island.
