The Harpercollins World Reader:

The HarperCollins World Reader Mary Ann Caws, Christopher Prendergast, 1994 **The HarperCollins World Reader** Mary Ann Caws, Christopher Prendergast, 1994 Giving students the whole world in literature is a good place to start And for that to happen you need the right literature anthology an anthology like The HaperCollins World Reader **The HarperCollins World Reader: Antiquity to the early modern world** Mary Ann Caws, Christopher Prendergast, 1994 Excerpts from early literature begin as early as c 2300 to the present *The HarperCollins World Reader: The modern world* ,1994 The HarperCollins World Reader: Antiquity to the early modern world ,1994 **The Routledge Concise History of World Literature** Theo D'haen, 2013-03-01 This remarkably broad and informative book offers an introduction to and overview of World Literature Tracing the term from its earliest roots and situating it within a number of relevant contexts from postcolonialism to postmodernism Theo D haen examines the return of the term world literature and its changing meaning Goethe s concept of Weltliteratur and how this relates to current debates theories and theorists who have had an impact on world literature non canonical and less known literatures from around the globe the possibility and implications of a definition of world literature This book is the ideal guide to an increasingly popular and important term in literary studies It is accessible and engaging and will be invaluable to students of world literature comparative literature translation and postcolonial studies and anyone with an interest in these or related topics A History of World Literature Theo D'haen, 2024-05-29 A History of World Literature is a fully revised and expanded edition of The Routledge Concise History of World Literature 2012 This remarkably broad and informative book offers an introduction to world literature Tracing the term from its earliest roots and situating it within a number of relevant contexts from postcolonialism decoloniality ecocriticism and book circulation Theo D haen in ten tightly argued but richly detailed chapters examines the return of the term world literature and its changing meaning Goethe s concept of Weltliteratur and how this relates to current debates theories and theorists who have had an impact on world literature and how world literature is taught around the world By examining how world literature is studied around the globe this book is the ideal guide to an increasingly popular and important term in literary studies It is accessible and engaging and will be invaluable to students of world literature comparative literature translation postcolonial and decoloniality studies and materialist approaches and to anyone with an interest in these or related topics *What Is World Literature?* David Damrosch, 2018-06-05 World literature was long defined in North America as an established canon of European masterpieces but an emerging global perspective has challenged both this European focus and the very category of the masterpiece The first book to look broadly at the contemporary scope and purposes of world literature What Is World Literature probes the uses and abuses of world literature in a rapidly changing world In case studies ranging from the Sumerians to the Aztecs and from medieval mysticism to postmodern metafiction David Damrosch looks at the ways works change as they move from national to global contexts

Presenting world literature not as a canon of texts but as a mode of circulation and of reading Damrosch argues that world literature is work that gains in translation When it is effectively presented a work of world literature moves into an elliptical space created between the source and receiving cultures shaped by both but circumscribed by neither alone Established classics and new discoveries alike participate in this mode of circulation but they can be seriously mishandled in the process From the rediscovered Epic of Gilgamesh in the nineteenth century to Rigoberta Mench s writing today foreign works have often been distorted by the immediate needs of their own editors and translators Eloquently written argued largely by example and replete with insightful close readings this book is both an essay in definition and a series of cautionary tales

Teaching Literature T. Agathocleous,A. Dean,2002-12-16 In Teaching Literature scholars explain how they think about their everyday experience in the classroom using the tools of their ongoing scholarly projects and engaging with current debates in literary studies Until recently teaching has played second fiddle to literary research as a mode of knowledge in academia leaving new teachers with nowhere to turn for advice about teaching and no forum for discussion of the difficulties and opportunities they face in the classroom Filipinas Everywhere E. San Juan Jr.,2017-02-23 In this epoch of disastrous neoliberal globalisation E San Juan s critique seizes the crisis in neo colonial Philippines as a point of intervention As current Philippine President Duterte s timely war on drugs and corruption rages San Juan foregrounds the facticity that Filipinos are once more confronted with the barbaric legacy of U S domination legitimised today as civilising humanitarianism This wide ranging discourse by a Filipino radical scholar interrogates the apologetic use of postcolonial dogmas Saussurean semiology versus Peircean semiotics Kafka s allegory on torture Edward Said s use of Gramsci and the post conceptual view of photography The author also diagnoses the symptoms of nihilistic neoliberal ideology found in media discourses on diaspora terrorism and globalisation His critique of academic postcolonial studies sums up the arguments elaborated in his previous books Beyond Postcolonial Theory St Martins Press After Post Colonialism Rowman Littlefield and especially US Imperialism and Revolution in the Philippines Palgrave Macmillan Overall San Juan seeks to deploy a historical materialist perspective in elucidating the dialectical interplay of contradictory forces symbolised in art and diverse cultural texts In the process he delineates the contexts of events and encounters generating revolutionary transformations in this transitional Asian Pacific islands that with its subjugation in the Filipino American War of 1899 1913 marked the fateful advent of U S imperial hegemony on the planet

The Early Reader in Children's Literature and Culture
 Jennifer Miskec,Annette Wannamaker,2015-12-22 This is the first volume to consider the popular literary category of Early Readers books written and designed for children who are just beginning to read independently It argues that Early Readers deserve more scholarly attention and careful thought because they are for many younger readers their first opportunity to engage with a work of literature on their own to feel a sense of mastery over a text and to experience pleasure from the act of reading independently Using interdisciplinary approaches that draw upon and synthesize research being done in education child psychology sociology cultural studies and children s literature the volume visits Early Readers from a variety of angles as teaching tools as cultural artifacts that shape cultural and individual subjectivity as mass produced products sold to a niche market of parents educators and young children and as aesthetic objects works of literature and art with specific conventions Examining the reasons such books are so popular with young readers as well as the reasons that some adults challenge and censor them the volume considers the ways Early Readers contribute to the construction of younger children as readers thinkers consumers and as gendered raced classed subjects It also addresses children s texts that have been translated and sold around the globe examining them as part of an increasingly transnational children s media culture that may add to or supplant regional ethnic and national children s literatures and cultures While this collection focuses mostly on books written in English and often aimed at children living in the US it is important to acknowledge that these Early Readers are a major US cultural export influencing the reading habits and development of children across the globe

SOCRATES
 Farough Fakhimi Anbaran,Ashik Mahmud,Fomeshi Behnam Mirzababazadeh,Ghasemi Parvin ,Anushiravani Alireza,Prof. (Dr.) M. KAYE SHARON,Dr. Edward P. Butler,Akinpelu Ayokunnu Oyekunle,Ruzhdie Bici,Prof. Dr. Ahmet Mancellari,2015-06-24 SOCRATES is an international multi lingual multi disciplinary refereed and indexed scholarly journal produced as par of the Harvard Dataverse Network This journal appears quarterly in English Hindi Persian in 22 disciplines About this Issue This issue of Socrates has been divided into three sections The first section of this issue is Language Literature English The first article of this section tends to illustrate how in spite of all those failures Oedipus can be a hero The second article of this section aims to explore artificial intelligence within the area of popular science fiction novels and films which incorporates the fantasy of techno salvation in the near future of singularity through overcoming the carbon limitations of human fusing essence of spirituality with technology as well as extending spiritual beliefs into technological faith The third article of this section deals with Comparative Poetics It claims that the emergent plurivocal conversation of a comparative poetics that includes Middle East will open new horizons to our cross cultural perspective The second section of this issue is Philosophy

The first article of this section argues that we ought to make a concerted effort to promote intrinsic value in education. The philosophical novel when written, taught or read playfully has potential to furnish this intrinsic value thereby offering a promising way of seizing the moment in education. The second article of this section explores the systematic relationship in the work of Giordano Bruno 1548-1600 between his monadology, his metaphysics as presented in works such as *De la causa principio et uno*, the mythopoeic cosmology of *Lo spaccio de la bestia trionfante* and practical works like *De vinculis in genere*. The third article of this section argues for the synthesis of the Internalism and Externalism theory of justification. It is the opinion of the paper that since both internalist and externalists legitimately seek the epistemic quest for certainty, both are important epistemologically. The third section of this issue is Economics, Commerce and Management. The Paper of this section analyzes different monetary and non-monetary factors influencing the poverty level. The analysis is based on data from the Living Standard Measurement Survey and using structural equations model.

The Promise and Premise of Creativity
Eugene Eoyang, 2012-07-12. The Promise and Premise of Creativity considers literature in the larger context of globalization and the clash of cultures. Refuting the view that the study of literature is useless, Eoyang argues that it expands three distinct intellectual skills: creative imagination, vicarious sympathy and capacious intuition. With the advent of the personal computer and the blurring of cultural and economic boundaries, it is the ability to imagine, to intuit and to invent that will mark the educated student and allow her to survive the rapid pace of change. As never before, the ability to empathize with other peoples, to understand cultures very different from one's own, is vital to success in a globalized world. In this, the very uselessness of literature may inure the mind to think creatively. Engaging with both the theory and practice of literature, its past and its potential future, Eoyang claims that our sense of the world at large, of the salient similarities and differences between cultures, would be critically diminished without comparative literature.

Magnificent Obsessions
Jean Fornasiero, Rosemary Lloyd, 2014-08-11. This volume is a tribute to the life and work of Hazel Rowley, internationally acclaimed biographer who died unexpectedly in March 2011. Her passions were many and varied: biography, politics, questions of race and sexuality, the ways in which couples negotiate the dilemmas posed by the need to retain their individuality while building a life as a couple, the deleterious effects of imposing a corporate mentality on universities. All these and more were subjects of intense interest to her. This collection combines essays responding to many of those interests with creative writing to honour the complexity and variety of her own magnificent contribution. Hazel Rowley, whose life and work are honoured in this collection, was the author of many articles and essays and four outstanding biographies: *Christina Stead: A Biography*, *Richard Wright: The Life and Times*, *Simone de Beauvoir* and *Jean Paul Sartre and Franklin and Eleanor: An Extraordinary Marriage*.

period *Homer's Traditional Art* John Miles Foley, 2011-12-31 In recent decades the evidence for an oral epic tradition in ancient Greece has grown enormously along with our ever increasing awareness of worldwide oral traditions John Foley here examines the artistic implications that oral tradition holds for the understanding of the Iliad and Odyssey in order to establish a context for their original performance and modern day reception In *Homer's Traditional Art* Foley addresses three crucially interlocking areas that lead us to a fuller appreciation of the Homeric poems He first explores the reality of Homer as their actual author examining historical and comparative evidence to propose that Homer is a legendary and anthropomorphic figure rather than a real life author He next presents the poetic tradition as a specialized and highly resonant language bristling with idiomatic implication Finally he looks at Homer's overall artistic achievement showing that it is best evaluated via a poetics aimed specifically at works that emerge from oral tradition Along the way Foley offers new perspectives on such topics as characterization and personal interaction in the epics the nature of Penelope's heroism the implications of feasting and lament and the problematic ending of the Odyssey His comparative references to the South Slavic oral epic open up new vistas on Homer's language narrative patterning and identity *Homer's Traditional Art* represents a disentangling of the interwoven strands of orality textuality and verbal art It shows how we can learn to appreciate how Homer's art succeeds not in spite of the oral tradition in which it was composed but rather through its unique agency *Shapeshifter* Alice Paalen Rahon, 2021-09-14 Poetry by one of the most powerful female figures in twentieth century surrealism now collected in English for the very first time Alice Paalen Rahon was a shapeshifter a surrealist poet turned painter who was born French and died a naturalized citizen of Mexico Her first husband was the artist Wolfgang Paalen among her lovers were Pablo Picasso and the poet Valentine Penrose and over the years her circle of friends included Frida Kahlo and Diego Rivera Joan Mir Paul Irujo Man Ray and Anaïs Nin This bilingual edition of Rahon's poems confirms the achievement of this little known but visionary writer who defies categorization Her spellbinding poems inspired by prehistoric art lost love and travels around the globe weave together dream fantasy and madness For the first time in any language this book gathers the three collections of poetry Rahon published in her lifetime along with uncollected and unpublished poems and an album of portraits manuscript pages and artworks This bilingual edition includes the original French versions of each poem
