The Ancient Hawaiian State Robert J. Hommon, 2013-04-25 The well known list of cradles of civilization primary states from which all modern nation states ultimately derive has traditionally been limited to Egypt Mesopotamia the Indus Valley China Mesoamerica and Andean South America However by drawing on archaeological and ethnohistorical sources Robert J Hommon demonstrates that Polynesia with primary states in both Hawai i and Tonga should be added to that list The Ancient Hawaiian State offers a history of the ancient Hawaiians transformation of their Polynesian chiefdoms

into primary state societies The emergence of primary states is one of the most revolutionary transformations in human history and Hawai i s metamorphosis was so profound that in some ways the contact era Hawaiian states bear a closer resemblance to our world than to that of their closely related Eastern Polynesian contemporaries In contrast to the other six regions in which states emerged in the distant proto or pre literate past the transformation of Hawaiian states is documented in an extensive body of oral traditions preserved in written form a rich literature of early post contact eyewitness accounts by participants and Western visitors as well as an extensive archaeological record Tracing the roots and emergence of the Hawaiian states this innovative study offers a detailed model that will advance the analysis of Polynesian political development and shed light on the nature and dynamics of primary state formation

The Hawaiian Romance of Laieikawai Anonymous,2020-09-28 The Laieikawai is a Hawaiian romance which recounts the wooing of a native chiefess of high rank and her final deification among the gods The story was handed down orally from ancient times in the form of a kaa a narrative rehearsed in prose interspersed with song in which form old tales are still recited by Hawaiian story tellers It was put into writing by a native Hawaiian Haleole by name who hoped thus to awaken in his countrymen an interest in genuine native story telling based upon the folklore of their race and preserving its ancient customs already fast disappearing since Cook s rediscovery of the group in 1778 opened the way to foreign influence and by this means to inspire in them old ideals of racial glory Haleole was born about the time of the death of Kam ham ha I a year or two before the arrival of the first American missionaries and the establishment of the Protestant mission in Hawaii In 1834 he entered the mission school at Lahainaluna Maui where his interest in the ancient history of his people was stimulated and trained under the teaching of Lorrin Andrews compiler of the Hawaiian dictionary published in 1865 and Sheldon Dibble under whose direction David Malo prepared his collection of Hawaiian Antiquities and whose *History of the Sandwich Islands 1843* is an authentic source for the early history of the mission Such early Hawaiian writers as Malo Kamakau and John Ii were among Haleole s fellow students After leaving school he became first a teacher then an editor In the early sixties he brought out the Laieikawai first as a serial in the Hawaiian newspaper the Kuokoa then in 1863 in book form Later in 1885 two part Hawaiian editors Bolster and Meheula revised and reprinted the story this time in pamphlet form together with several other romances

culled from Hawaiian journals as the initial volumes of a series of Hawaiian reprints a venture which ended in financial failure The romance of Laieikawai therefore remains the sole piece of Hawaiian imaginative writing to reach book form Not only this but it represents the single composition of a Polynesian mind working upon the material of an old legend and eager to create a genuine national literature As such it claims a kind of classic interest **The Hawaiian Romance of Laieikawai** Laie i ka wai,1918 **Hawaii, the Rainbow Land** Katherine Pope,1924 **The ^AAncient Hawaiian State** Robert J. Mouse,2018-10-01 Within this unique volume are 15 legends of Maui Legends like MAUI THE FISHERMAN MAUI LIFTING THE SKY MAUI SNARING THE SUN and twelve more captivating stories and tales from antiquity from the Polynesian people of the South Pacific These legends are not only different from the myths of other nations but they are unique in the character of the actions recorded There are three centres for these legends New Zealand in the south Hawaii in the north and the Tahitian group in the east In each of these groups of islands separated by thousands of miles there are the same legends told in almost the same way and with very little variation in names and content However Maui s deeds rank in a higher class than most of the mighty efforts of the demi gods of other nations and races and are usually of more utility The Maui legends are full of helpful imaginations which are distinctly and uniquely Polynesian in nature Here you will find adventures from the great voyages of discovery which carry fragments and hints of wonderful

deeds The Maoris of New Zealand claim Maui as an ancestor of their most ancient tribes and class him as one of the most ancient of their gods calling him creator of land and creator of man even sometimes the sun himself the solar fire and the sun god while his mother Hina was called the moon goddess NOTE MAUI Ma u i Ma oo e is a Polynesian demi god His name derives from Mohyi meaning causing to live or life applied sometimes to the gods and sometimes to chiefs as preservers and sustainers of their followers The Maui story probably contains a larger number of unique and ancient myths than that of any other legendary character in the mythology of any nation They also form one of the strongest links in the mythological chain of evidence which binds the scattered inhabitants of the Pacific into one nation They possess remarkable antiquity
