The Of Jeremiah And Its Reception Le Livre De Jeremie Et Sa Reception:

Jeremiah 52 in the Context of the Book of Jeremiah Henk de Waard, 2020-02-03 In *Jeremiah 52 in the Context of the Book of Jeremiah* Henk de Waard offers a thorough examination of the final chapter of the book of Jeremiah Particular attention is paid to the chapter's relationship with the parallel text in 2 Kings 24 18 25 30 to the differences between the Masoretic text and the Old Greek translation to the literary function of Jeremiah 52 within the book of Jeremiah and to the chapter's historical context De Waard shows that especially in the early text form represented by the Old Greek Jeremiah 52 is not a mere appendix to the book but a golah oriented epilogue indicating the contrasting destinies of pre exilic Judah and the exilic community in Babylon

Isaiah, Jeremiah, Lamentations Larry L. Walker, Elmer A. Martens, 2017-05-01 The Cornerstone Biblical Commentary series 18 volumes is the product of nearly 40 scholars many of whom participated in the creation of the NLT The contributors to this series who are well known and represent a wide spectrum of theological positions within the evangelical community have built each volume to help pastors teachers and students of the Bible understand every thought contained in the Bible In short this will be one of the premier resources for those seeking an accessible but fairly high level discussion of scriptural interpretation Elmer A Martens PhD is professor emeritus of Old Testament and president emeritus at Mennonite Brethren Biblical Seminary Fresno California where he has taught for over 30 years He is the author of *God's Design A Focus on Old Testament Theology* and a commentary on Jeremiah Herald Press He was coeditor of *The Flowering of Old Testament Theology* and served for several years as the editor of the journal *Direction* Larry L Walker PhD held a professional teaching career with time split between Southwestern Baptist Theological Seminary and Mid America Baptist Seminary Since his retirement in 1998 he has done adjunct teaching at several seminaries He authored a commentary on Zephaniah for the *Expositor's Bible Commentary* and is also a contributor to the *New International Dictionary of Old Testament Theology and Exegesis*

Gratia Et Certamen Donato Ogliari, 2003 The issues involved in the discussion between the monks of Hadrumetum Marseille and Augustine range from questions of *initium fidei* and *naturae bonum* to the understanding of predestination The monks' reaction to Augustine's doctrine of absolute sovereign grace must be seen as a plea in favour of a harmonizing approach where human commitment is also envisaged as playing at times a primary role In the light of a dialogical synergism of a unitarian and cosmic view of God's *oeconomia salutis* and relying on a strong ascetic framework the monks' biggest fear was that the implications of Augustine's predestinarian view would jeopardise the importance of the struggle for perfection the meaning of God's universal salvific will of Christ's redeeming action and finally of the Church The different theological traditions to which Augustine and the monks appealed play also a significant role as do the specific social and religious context in which they respectively moved

Biblical Traditions in Transmission Charlotte Hempel, S.N.C. Lieu, 2006-05-01 This collection comprises eighteen papers by friends colleagues and students of Michal A Knibb on the theme of the transmission of biblical traditions in a variety of contexts In the main the articles deal with the

transmission of biblical traditions in the versions the pseudepigrapha at Qumran and in early Christian writings The collection as a whole clearly demonstrates the way in which biblical traditions were shaped and re shaped creatively in the biblical early Jewish and Christian literature Writing the Bible Thomas Römer, Philip Davies, 2016-06-16 For many years it has been recognized that the key to explaining the production of the Bible lies in understanding the profession the practice and the mentality of scribes in the ancient Near East classical Greece and the Greco Roman world In many ways however the production of the Jewish literary canon while reflecting wider practice constitutes an exception because of its religious function as the written word of God leading in turn to the veneration of scrolls as sacred and even cultic objects in themselves Writing the Bible brings together the wide ranging study of all major aspects of ancient writing and writers The essays cover the dissemination of texts book and canon formation and the social and political effects of writing and of textual knowledge Central issues discussed include the status of the scribe the nature of authorship the relationship between copying and redacting and the relative status of oral and written knowledge The writers examined include Ilimilku of Ugarit the scribes of ancient Greece Ben Sira Galen Origen and the author of Pseudo Clement **Mysterium Ecclesiae** F. Ledegang, 2001 Starting point of this book is that for Origen the object of religious knowledge is a mystery Therefore he shrinks from using definitions by which in his opinion the mystery is literally restricted This also applies to the Church About her can only be spoken in a manner of speaking and by means of images The Bible itself leads the way in this respect Therefore one must not stick to the literal meaning of the text but one must try to understand it spiritually Origen traces the meaning of the biblical images of the Church Sometimes he elaborates them or puts them in a new context But he also creates new images to describe the Church and already detects in the Old Testament all kinds of types of the Church Analyzing all these images the author gives insight in Origen s ecclesiology **Etude dialectologique de l'aire manding de Côte-d'Ivoire.
