newly found hope for humanity But in the passing years only a few remain that actually believe these legends as truths Chance Rolfson comes from a long line of Ardneh s followers descendants from Rolf the illustrious warrior who fought in Ardneh s name for humanity many years ago A young man plagued with vivid nightmares Chance hopes to clear his head by joining a forest expedition that seeks physical proof of Ardneh s existence Their goal is to discover the great vault prophesized to hold the savior of humanity s secrets to his own power and wisdom But the dangers are high in the uncharted forests rife with bandits and demons that no magic can stop And as Chance s dreams become more clear he soon realizes these are not merely dreams but visions and he alone holds the key to unlocking Ardneh s greatest gift known to the followers as Ardneh s Sword Perfect for younger fantasy fans Publishers Weekly The action is well handled and the plot well wrought Booklist

Historical Dictionary of Gothic Literature William Hughes, 2013 Literary fashions come and go but some hang around longer than others like Gothic literature which has existed ever since *The Castle of Otranto* in 1764 During this long while it has spread from England to the rest of Great Britain and across to the continent and off to America and Australia filling in the gaps more recently Most of it is in English but hardly all and it has adopted all styles from romanticism to modernism to postmodernism and even adjusted to feminist and queer literature and science fiction We have all read some Gothic tales or if not read then seen them in the cinema since they adapt well to film treatment and it would be hard to find anyone who has not heard of ghosts and vampires let alone Count Dracula and Frankenstein On the other hand some of us are inveterate Gothic fans reading one book or story after the other *The Historical Dictionary of Gothic Literature* follows this long and winding path first in an extensive chronology and then a useful introduction which explains the nature of Gothic and shows how it has evolved Obviously the dictionary section has entries on major writers and some of the best known works but also on geographical variants like Irish Scottish or Russian Gothic and Female Gothic Queer Gothic and Science Fiction This is provided in over 200 often substantial

and always intriguing entries More can be found in a detailed bibliography including general works but also more specialized ones on different styles and genres and also specific authors This book should certainly interest the fans but also more serious researchers
