The Ofranken Factor Factor The Very Best Of The Ofranken Factor

Randy Bobbitt

The Ofranken Factor Factor The Very Best Of The Ofranken Factor:

One Hand Jerking Paul Krassner, 2011-01-04 Counterculture legend Paul Krassner gazes on the fires of pop culture politics and celebrity and returns unscathed to help us make sense of our senseless world with an introduction by Lewis Black The Daily Show and a foreword by Harry Shearer The Simpsons Le Show From cults to pornography from Charles Manson to Homer Simpson from the war on drugs to the invasion of Iraq from Dolly Parton to Lenny Bruce from circumcision to propaganda this collection epitomizes Krassner's credo Irreverence is our only sacred cow **The Nation**, 2004

Fashion Retailing Ellen Diamond, 2006 For courses in Retailing Introduction to Retailing Retailing Principles Retail Marketing and Fashion Retailing The only retailing text that exclusively focuses on the fashion segment of the retailing industry its complete coverage includes the author's personal experience in depth interviews with industry professionals and a wealth of pertinent photographs exposing fashion retailing as a multi channel industry Pearson Education is proud to bring world renowned Dorling Kindersley DK products to your classroom Instantly recognized by their fascinating full color photographs and illustrations on every page DK titles will add meaning to expository text and make learning accessible and fun Other DK hallmarks include cross section views 3D models and text to visual call outs to help readers comprehend and enjoy the wealth of information each book provides With Pearson you can see DK in a whole new way For a complete listing of titles please visit <http://us.dk.com/pearson> **Culture Wars** Roger Chapman, 2015-03-17 The term culture wars refers to the political and sociological polarisation that has characterised American society the past several decades This new edition provides an enlightening and comprehensive A to Z ready reference now with supporting primary documents on major topics of contemporary importance for students teachers and the general reader It aims to promote understanding and clarification on pertinent topics that too often are not adequately explained or discussed in a balanced context With approximately 640 entries plus more than 120 primary documents supporting both sides of key issues this is a unique and defining work indispensable to informed discussions of the most timely and critical issues facing America today **Waveform Politics**

Gary Gibson, 2004-12-29 Waveform Politics Volume Four Equilibrium Pattern begins in the aftermath of the Coalition of the Willing's 2003 war in Iraq continuing to the apocalyptic tsunami of Dec 26 2004 These essays regard U S and world issues from Gary Gibson's point of view as an interested U S citizen with a descriptive and prescriptive character The Waveform Politics series examined social philosophical questions of the relation of an ordinary American citizen to politics Is it really possible to understand or positively affect complex and interrelated national and international political subjects in real time The essays were written in a contentious on line environment and treat a vast survey of public affairs philosophical religious and social issues This author's book was published a few days before the tsunami which occurred on his birthday The largest X Ray stellar event to reach the earth also reached the earth about the 26th of Dec 2004 perhaps accompanied by a gravity wave from the center of the explosive event occurring approximately 50 000 years ago to journey toward the Earth at the

speed of light and perhaps eventually help to trigger a tectonic shift causing the giant wave 697 pages *Celebrities in American Elections* Richard T. Longoria, 2022-09-02 Using a case study approach *Celebrities in American Elections* contends that celebrities have the talent fame and resources to succeed in electoral politics These factors account for the electoral victories of Ronald Reagan Clint Eastwood Fred Grandy Sonny Bono Jesse Ventura Arnold Schwarzenegger Al Franken and Donald Trump However the author argues that these items are insufficient without a favorable political environment as many celebrities have lost elections as have won them They lose because their persona does not match the politics of their time or they represent the minority party in a one party dominated district or state or they advocate for unpopular policies Among those that won nearly half were elected by a plurality not a majority of voters This does not suggest overwhelming public support for celebrity candidates despite their many advantages With a few exceptions celebrities that won tended to also win the fundraising battle while celebrities that lost tended to raise less than their opponent the normal laws of politics still apply The celebrity factor while helpful does not fully explain why celebrities win or lose elections **Muzzled** Juan Williams, 2012-07-10 NEW YORK TIMES BESTSELLER *Muzzled* scores some righteous points about the need for an honest national dialogue Los Angeles Times In *Muzzled* Juan Williams uses his very public firing from NPR as a launching pad to discuss the countless ways in which honest debate in America is stifled In today's partisan world where media provocateurs rule the airwaves and political correctness dictates what can and cannot be said with impunity Williams shows how the honest exchange of ideas and the search for solutions and reasonable compromise is deliberately muzzled Among the issues denied a full throated discussion are racial profiling the increased reliance on religious beliefs in debating American values and legislation the nuances of an immigration policy gone awry the uneasy balance between individual freedom and our desire for security against terrorism and much more Delivering a fierce fresh look at the critical importance of an open airing of controversial issues Williams argues that only by bringing such hot button topics into the light of day can we hope to grapple with them and exercise our cherished hard won right of free speech *Us against Them* Randy Bobbitt, 2010-05-25 *Us against Them* The Political Culture of Talk Radio examines the phenomenon of talk radio and the role that it plays in the American political process as well as popular culture Among the central questions addressed is a basic one regarding why people choose to listen to political talk instead of music Do they listen to get objective information on both sides of political issues to help them make their own voting decisions or do they seek out the hosts and content that simply validates their own beliefs After a consideration of the history of talk radio as well as where the industry stands today in terms of audience demographics and advertiser support Randy Bobbitt takes a theoretical look at how talk radio may or may have not impacted political issues and campaigns from the 1950s through the 2006 mid term election as well as the real impact of talk radio on the 2008 presidential campaign Finally Bobbitt considers the future of political talk radio in light of the newest threat to the First Amendment the possible return of the Fairness Doctrine a twentieth century law that once required broadcasters to

provide politically balanced programming Studies in American Humor ,2006 *Home Front Heroes* Benjamin F. Shearer,2006-11-30 Brings together 1 000 focused biographies of Americans who affected how the United States made supported perceived and protested its major wars from the Revolution to Gulf War II Inventors and scientists nurses and physicians reformers and clerics civil rights and labor leaders financiers and economist artists and musicians have all been soldiers on the home front *Home Front Heroes* brings together brief and focused biographies of 1 000 Americans who affected how the United States made supported perceived and protested its major war efforts from the Revolution to Gulf War II Battlefield victories and defeats are in a very real sense the reflection of the society waging war Inventors and scientists social reformers and clerics civil rights and labor leaders nurses and physicians actors and directors financiers and industrialists economists and psychologists artists and musicians writers and journalists have all been soldiers on the home front The biographical entries highlighting the subjects wartime contributions are arranged alphabetically Many of the entries also include suggestions for further reading Thematic indexes make it easy to look up people alphabetically by last name and by war and other indices list entries under broad categories Arts and Culture Business Industry and Labor Nursing and Medicine Science Engineering and Inventions with more detailed occupational background Entries include Julia Ward Howe composer of The Battle Hymn of the Republic Robert Fulton inventor of the steam engine and architect of the submarine Nautilus Martin Brander maker of Eliot s Saddle Ring Carbine Robert Parker Parrott inventor of the Parrott cannon Novelist and War Correspondent Stephen Crane Founder of the Army Nurse Corps Dr Anita Newcomb McGee Composer John Philip Sousa Stars and Stripes Forever Louis M Terman who invented the IQ test Reginald Fessenden developer of a sonic depth finder machine gun inventor Benjamin Hotchkiss Labor leader John L Lewis Comedian and USO stalwart Bob Hope Dr Ancel Keys developer of the K ration napalm inventor Louis F Fieser and many more The work is fully indexed and contains an extensive bibliography
