The Oliphant

Robert J. Heston

The Oliphant:

The Oliphant Avino'am Šālēm,2004-01-01 This book discusses a group of medieval carved ivory horns namely oliphants It draws upon medieval visual as well as literary sources both Arabic and Latin with an eye to providing an original interpretation of these objects In doing so it breaks new ground in the understanding of both oliphants and the historical context of medieval artefacts in general

The Double Life of Laurence Oliphant Bart Casey,2015-12-08 Laurence Oliphant lived one of the most remarkable lives of the Victorian era dedicated to making a real difference for his fellow man sometimes in very unconventional ways At the age of 38 Laurence Oliphant a successful Victorian writer diplomat and Member of Parliament gave up his glittering career to join an American cult for a life of hard physical labor and sexual mysticism Then in his 50 s Oliphant along with his beautiful wife Alice le Strange spent their final years working to save refugees by establishing a Jewish homeland in Palestine Oliphant s obituary in The Times said of him Seldom has there been a more romantic or amply filled career never perhaps a stranger or more apparently contradictory personality

The Oliphant Avinoam Shalem,2004-08-01 Setting a group of medieval carved ivory horns in the specific artistic and historical context in which they were manufactured used and re used this book presents a mine of information for the study of medieval history The first chapters explore such technical aspects as the cutting and carving of oliphants and also the broader issues of the morphology of ivory and its availability in the Mediterranean basin in the Middle Ages On the basis of specific carving methods and varying vocabulary of motifs the oliphants are organized into groups and their probable sites of production are suggested The core of this volume however is the attempt to place them in their specific historical context The purpose of their mass production namely their patronage and original function is explored but also their reception and new functions in the church treasuries of Latin Europe is broadly discussed

Experiments in Modern Living Milton Cameron,2012-05-01 When a group of brilliant young scientists arrived in Australia s national capital after World War II to take up leading roles in the establishment of national research institutions they commissioned Australia s leading architects to design their private houses The houses that resulted from these unique collaborations rejected previous architectural styles and wholeheartedly embraced modernist ideologies and aesthetics The story of how these progressive clients contributed to the innovative design of their houses brings fresh insights to mid twentieth century Australian domestic architecture and to Canberra s rich cultural history

Scottish Clans and Their Associated Families Robert J. Heston,2022-06-07 Get accurate information about Scottish clans family associations and societies in this updated edition of Scottish Clans and Their Associated Families Robert J Heston expands on his groundbreaking work to focus on the Standing Council of Scottish Chiefs SCSC list of 353 clans In addition the author has retained the details of thirty three Scottish families who are active in the United States and not cited in the SCSC list When using this book it is important to note that most Scottish clan and family organizations have clauses in their family lists stating that variations in spelling of these names are accepted Therefore this book provides the

researcher the ability to look beyond an exact spelling of a name Other books on this subject focus on a small number of clans ancient names and the preferred spellings of these small number of families Some associate an individual name to a tartan which can be problematic With more than 12 000 names with the sources where these names were found this work is the best source focused on identifying family surnames associated with Scottish clans houses and families *Laurence Oliphant (1829-1888) and The Household* Jeffrey D. Lavoie, 2021-09-28 This book explores the religious teachings of best selling Victorian author and former Member of Parliament Laurence Oliphant 1829 1888 While several biographies have been written on his captivating life the stage of his life when Oliphant first established The Household commune has until now been largely unexplored This book focuses on this later stage of his life exploring Oliphant's religious teachings Additionally this study incorporates a newly discovered archive which reveals many behind the scenes details of The Household's teachings Jeffrey D Lavoie shows that Oliphant provided a unique interpretation of sexuality from a mystical Christian perspective which opposed the restrictive contemporaneous Victorian morality **The Mephibosheth Stepsure Letters** Thomas McCulloch, Thomas M'Culloch, 1990 Originally published in the Acadian Reader a Halifax newspaper in the early 1820s the letters earned for their author the distinction of being called the founder of genuine Canadian humour by Northrop Frye *Oliphant's Presidents*: Wendy Wick Reaves, 1990 Oliphant's Presidents is a unique presentation of some of the best of this artist's work a review of artwork dating from 1964 and spanning more than 20 years gauging the political peaks and valleys from LBJ and Vietnam to Tricky Dick and Watergate Internal Revenue Investigation United States. Congress. House. Committee on Ways and Means, 1953 **Letters from the Veldt** Craig Stockings, 2020-07-08 The South African War or Boer War running from 11 October 1899 until 31 May 1902 was the largest British military effort since the Napoleonic Wars It was also the first time that large scale meaningful contributions were made to an active theatre of war by the self governing colonies This included formal contributions of around 20 000 troops from the Australian colonies which dwarfed all previous Australian military commitments Just as the war was a watershed event for the development and professionalisation of the British Army from 1902 14 it was momentous for the self governing colonies in Australia and elsewhere in social political and most certainly in military terms Letters from the Veldt sheds light on the activities of imperial military contingents in which Australians served during the Imperial march to Pretoria from May September 1900 the successful conclusion of which marked the end of conventional operations in South Africa and the beginning of the guerrilla phase that would drag on until May 1902 A large proportion of colonial troops serving in South Africa at this point did so as part of the 1st Mounted Infantry Brigade Despite their importance the experiences of this brigade have not figured largely in existing any accounts of the Boer War The brigade itself was composed of not only Australians but Canadians New Zealanders and British regular and volunteer troops and a scattering of loyal South Africans It was in many ways a microcosm of imperial military cooperation an important part of the steady development of attitudes expectations and shared

experience which led to the formation in 1914 of a much larger expeditionary force This account does not follow a standard pattern or format there is no measured steady traditional narrative Rather the experiences of the 1st Mounted Infantry Brigade and the light they shed on many wider issues are presented through letters written home by its British commander Major General Edward Thomas Henry Curly Hutton himself a little known yet key figure in the early history of the Australian military Read within their context the Boer War letters of Major General Edward Hutton offer a window not only into the course and conduct of the imperial advance to Pretoria but also a lens through which to better understand a range of wider issues that framed his world the world of Australian military history before the term Anzac was coined
