Spiritual Battles Anthony Langmartey, 2019-05-29 The Origin and Fall of Satan Description copy There is spiritual warfare ongoing that everyone is part of Consciously or unconsciously everyone is involved in this spiritual warfare You have to win this spiritual battle going on in your life Satan is our antagonist since the creation of humankind Therefore before getting to know how to win your spiritual battles over Satan you first have to know more about Satan and must understand why he is here in the first place The study of the origin and fall of Satan is a fascinating yet challenging topic in biblical literature There is much to be learned from a survey of this theme There have been myths about Lucifer Satan which you have to be aware of This book reveals the truth concerning those myths about Lucifer Satan Do you know the actual date on which Satan and his angels were cast out of heaven Others will say the Bible did not provide one But that s not true I have taken a critical look at the Bible and have found out the actual date on which Satan and his angels were cast out of heaven to this earth This I have revealed in this book Satan is already a fallen angel Is there still a final fall of Satan You will find out yourself when you grab a copy of the book The book discusses the origin and fall of Satan In the Origin and Fall of Satan you will discover the answers to many captivating questions such as On which date was Satan and his angels cast out of heaven Did sin begin with Adam or Satan Why would God allow evil to continue to exist Why was Satan cast out of heaven When did Satan fell from the truth Where can you find the answers to such thought provoking and spiritual questions that have been asked so many times over and over again Wisely consider the biblical response given in this book since it is the only completely reliable foundation for information about Satan Beloved my advice to you is to reject any unqualified information drawn from sources outside the Bible such as the current ideas and traditions and cultures of the world Do not rely on the teachings of men but rather on the teachings of the Holy Spirit This book contains sound answers found in the Bible to your questions concerning the origin and fall of Satan

THE ORIGIN OF EVIL Roy Snelling, 2017-12-20 What is evil Were did it come from This is a fundamental negative aspect of the Human condition that has engaged theologians mystics and philosophers for centuries And more recently psychologists The whole evolutionary process of life entails the use of free will in an existential sense making mistakes correcting such learning and then moving on But evil is like taking hold of a hiking pilgrim who is just about to climb a steep hill and filling their rucksack with rocks Many different theories have been put forward as to where evil has come from the Devil the Fall Man disobeying God brain malfunction but there is no universal agreement on such The

lack of agreement means that there is no universal concentration of effort to power Mankind forward onto what should be a faster evolutionary progression The book explores every conceivable source of information that is know to us with a much wider scope than most books on the subject have done in the past All the known World religions present and past including so called mythologies Many Native spiritual belief systems In total over sixty The book also explores the teachings of various Western Mystical and Esoteric systems Somewhat controversionally it then goes on to explore the possibility of extra terrestrial visitors to our Planet interfering with Human evolution for their own selfish ends An examination of the development of Western Psychology over nearly three centuries has provided insights into human behaviour and the physiological workings of the brain Conventional Society post 19th Century has tended to develop its own set of norms as to what is evil which sometimes feed back into a government s legislative program in respect of criminal law The book looks at corporate evil perpetrated by governments banks financial institutions the Media religious administrative bodies and multi national corporations as these are just as capable of acts of evil as any individual although often on a vastly greater scale Lastly the book explores the issues of morality acts with unintended consequences the issue of intent and personal responsibility Curiously instead of the last chapter being the conclusion of all the preceding chapters it traces out the whole history of the Cosmos from the first point of creation spiritual e Big Bange right through to modern Human society on Earth Its purpose was to examine if something untoward happened in the process of Cosmic Creation that has set up an imbalance in the functioning of the Universe the Galaxy the Solar System our Planet that has thrown Human evolution out of kilter
