James Gilbert Ryan, Leonard C Schlup

The 1940s:

America in the 1940s Edmund Lindop, 2009-09-01 Outlines the important social political economic cultural and technological events that happened in the United States from 1940 to 1949 **Historical Dictionary of the 1940s** James Gilbert Ryan, Leonard C Schlup, 2015-03-26 The only available historical dictionary devoted exclusively to the 1940s this book offers readers a ready reference portrait of one of the twentieth century s most tumultuous decades In nearly 600 concise entries the volume quickly defines a historical figure institution or event and then points readers to three sources that treat the subject in depth In selecting topics for inclusion the editors and authors offer a representative slice of life as contemporaneous Americans saw it with coverage of people movements court cases and economic social cultural political military and technological changes The book focuses chiefly on the United States but places American lives and events firmly within a global context Historical Dictionary of the 1940s James Gilbert Ryan, Leonard C. McKee, 2014-04-03 This book explores the relationship among gender desire and narrative in 1940s woman s films which negotiate the terrain between public history and private experience The woman s film and other form of cinematic melodrama have often been understood as positioning themselves outside history and this book challenges and modifies that understanding contextualizing the films it considers against the backdrop of World War II In addition in paying tribute to and departing from earlier feminist formulations about gendered spectatorship in cinema McKee argues that such models emphasized a masculine centered gaze at the inadvertent expense of understanding other possible modes of identification and gender expression in classical narrative cinema She proposes ways of understanding gender and narrative based in part on literary narrative theory and ultimately works toward a notion of an androgynous spectatorship and mode of interpretation in the 1940s woman s film **American Life in the 1940s** Kathy MacMillan, 2023-08-01 American Life in the 1940s takes a look at the major events that occurred throughout this decade and offers information on the demographics of the United States at the time Readers will gain an understanding of the politics conflicts science inventions pop culture fashion and sports of the decade and they will learn about the legacy the 1940s left behind Features include a glossary a timeline references websites source notes and an index Aligned to Common Core Standards and correlated to state standards
