The Détente Deception Douglas Rivero,2013 The D tente Deception examines the competition between the U S led Western bloc and the Soviet bloc in the less developed world during the final years of D tente Rivero assesses whether or not the Soviet bloc pushed for strategic gains in the Third World and whether this contributed to the U S decision to abandon D tente in 1979 This view is articulated by many acclaimed scholars such as Stephen Walt 1992 John Gaddis 1997 and Vladislav Zubok 2007 They make the case that during the final years of D tente and throughout the 1980s U S policy in places such as Nicaragua and Angola was a calculated response to Soviet aggression in the less developed world This book challenges this position as the quantitative evidence points to U S aggression Not only did the Western bloc push to maintain dominance over the Third World archival evidence also suggests the US made significant efforts in Eastern Europe and Afghanistan during the final years of D tente to dismantle the Soviet bloc *Outlook and Situation Report.
