The Happy Prisoner:

The Happy Prisoner Monica Dickens, 2012-10-30 It is the end of WW II and the household of Mrs North a well to do widow with a country cottage is very busy War circumstances brought both of her daughters home loud but good hearted tomboy Violet and highly strung and over sensitive Heather with her two small children Mrs North is also taking care of her young niece Evelyn a lively child who loves to play on the local farm and has a great passion for animals But at the center of all this is Oliver Mrs North's only son who lost his leg during the war service abroad Recovering from his injuries bed ridden Oliver has nothing better to do but observe the busy lives of the people around him Treated as a hero and a confidant by all the women in his family Oliver begins to enjoy his new role as a self proclaimed counselor Due to his advice Violet an independent spinster unexpectedly accepts the marriage proposal from a local farmer Her wedding is a success and Violet finds a new happiness in her marriage but soon Oliver's meddling in his family affairs goes too far Will his risky instructions save or ruin Heather's marriage which is at the brink of crisis when her husband comes back from Australia after a few years of separation Will Oliver learn to accept his new circumstances Will he finally face to the reality and start to rebuild his own life In this compendium plot Monica Dickens with her typical attention to detail humor and talent for creating vivid characters explores complicated life stories of the close knit family and their friends at the end of the war The Happy Prisoner was first published in 1946

The Happy Prisoner Umberto Schramm, 2025-07-17 Justice isn't just about punishment so why do our prisons act like it is When Umberto Schramm was sent to prison for a mistake he will regret for the rest of his life he expected punishment but also rehabilitation What he found instead was a system so broken that it often made prisoners more likely to reoffend not less Part diary part manifesto for change The Happy Prisoner is a searingly honest account of life behind bars from the violence and deprivation to the unexpected moments of hope Through his time inside Schramm came to a radical but vital conclusion if we truly want safer streets prisons cannot just punish they must rehabilitate And as much as it goes against our instincts only a relatively happy prisoner is one who can change grow and learn from his mistakes But in the UK an overcrowded underfunded and contradictory system is failing on every front With unflinching insight Schramm exposes the flaws at the heart of British justice and argues for a new way forward one that would cost less work better and ultimately create fewer victims of crime Challenging humane and deeply personal The Happy Prisoner forces us to ask what kind of justice system do we really want

Metaphors of Confinement Monika Fludernik,2019 Metaphors of Confinement The Prison in Fact Fiction and Fantasy offers a historical survey of imaginings of the prison as expressed in carceral metaphors in a range of texts about imprisonment from Antiquity to the present as well as non penal situations described as confining or restrictive These imaginings coalesce into a carceral imaginary that determines the way we think about prisons just as social debates about punishment and criminals feed into the way carceral imaginary develops over time Examining not only English language prose fiction but also poetry and drama from the Middle Ages to postcolonial particularly African literature the book juxtaposes literary and non literary contexts and contrasts fictional and nonfictional representations of imprisonment and discussions about the prison as institution and experiential reality It comments on present day trends of punitivity and foregrounds the ethical dimensions of penal punishment The main argument concerns the continuity of carceral metaphors through the centuries despite historical developments that included major shifts in policy such as the invention of the penitentiary The study looks at selected carceral metaphors often from two complementary perspectives such as the home as prison or the prison as home or the factory as prison and the prison as factory The case studies present particularly relevant genres and texts that employ these metaphors often from a historical perspective that analyses development through different periods
