

HARLEM RENAISSANCE RE-EXAMINED

A stylized illustration in a high-contrast, graphic style. The background is a solid dark color. In the center, a large, light-colored silhouette of a Black man stands with his arms raised in a gesture of triumph or celebration. To the left, a tall, stylized skyscraper with a grid of windows reaches towards the top. Below the man, there are musical notes and a wavy line representing a river or a path. The overall composition is dynamic and evokes the spirit of the Harlem Renaissance.

Harlem Renaissance Re-examined: A Revised & Expanded Edition, *Bette Davis Black and White* Julia A. Stern, 2021-11-26 Bette Davis's career becomes a vehicle for a deep examination of American race relations Bette Davis was not only one of Hollywood's brightest stars but also one of its most outspoken advocates on matters of race In *Bette Davis Black and White* Julia A Stern explores this largely untold facet of Davis's brilliant career Bette Davis *Black and White* analyzes four of Davis's best known pictures *Jezebel* 1938 *The Little Foxes* 1941 *In This Our Life* 1942 and *What Ever Happened to Baby Jane* 1962 against the history of American race relations Stern also weaves in memories of her own experiences as a young viewer coming into racial consciousness watching Davis's films on television in an all white suburb of Chicago Davis's egalitarian politics and unique collaborations with her Black costars offer Stern a window into midcentury American racial fantasy and the efforts of Black performers to disrupt it This book incorporates testimony from Davis's Black contemporaries including James Baldwin and C L R James as well as the African American fans who penned

letters to Warner Brothers praising Davis's work. A unique combination of history, star study and memoir, *Bette Davis: Black and White* allows us to contemplate cross-racial spectatorship in new ways. **Red, Black, and Jew** Stephen Katz, 2010-01-01 Between 1890 and 1924 more than two million Jewish immigrants landed on America's shores. The story of their integration into American society as they traversed the difficult path between assimilation and retention of a unique cultural identity is recorded in many works by American Hebrew writers. *Red, Black, and Jew* illuminates a unique and often overlooked aspect of these literary achievements, charting the ways in which the Native American and African American creative cultures served as a model for works produced within the minority Jewish community. Exploring the paradox of Hebrew literature in the United States in which separateness and engagement and acculturation are equally strong impulses, Stephen Katz presents voluminous examples of a process that could ultimately be considered Americanization. Key components of this process, Katz argues, were poems and works of prose fiction written in a way that evoked Native American forms or African American folk songs and hymns. Such Hebrew writings presented America as a unified society that could assimilate all foreign cultures. At no other time in the history of Jews in diaspora have Hebrew writers considered the fate of other minorities to such a degree. Katz also explores the impact of the creation of the state of Israel on this process, a transformation that led to ambivalence in American Hebrew literature as writers were given a choice between two worlds. Reexamining long neglected writers across a wide spectrum, *Red, Black, and Jew* celebrates an important chapter in the history of Hebrew belles lettres. Nor Shall Diamond Die: american studies Carme Manuel, Paul S. Derrick, 2003 Homenaje a Javier Coy, catedrático jubilado del Departamento de Filología Inglesa y Alemana de la Universitat de València de 1990 a 2000 y uno de los primeros investigadores en introducir los estudios norteamericanos. Se recogen 50 artículos de especialistas en este campo que reflejan el estado de los estudios sobre la cultura y literatura de los Estados Unidos contemporáneos. *A Century of Musicals in Black and White* Bernard L. Peterson Jr., 1993-10-25 This comprehensive reference book provides succinct information on almost thirteen hundred musical stage works written and produced from the 1870s to the 1990s involving contributions by black librettists, lyricists, composers, musicians, producers or performers or containing thematic materials relevant to the black experience. Organized alphabetically, they include tent and outdoor shows, vaudeville, operas and operettas, comedies, farces, spectacles, revues, cabaret and nightclub shows, children's musicals, skits, one-act musicals, one-person shows and even a musical without songs. In addition to the hundreds of shows independently created, produced and performed by black writers and theatrical artists, it presents hundreds more representing a collaboration of black and white talents. An appendix organizes the shows chronologically and highlights those that were most significant in the history of the black American musical stage. An extensive bibliography and indexes of names, songs and subjects complete the work. *Femmes Fatales* Mary Ann Doane, 2013-06-17 In this work of feminist film criticism, Mary Ann Doane examines questions of sexual difference and knowledge in cinematic theoretical and psychoanalytic discourses. *Femmes Fatales*

the Wars Anthony Dawahare, 2009-09-18 During and after the Harlem Renaissance two intellectual forces nationalism and Marxism clashed and changed the future of African American writing Current literary thinking says that writers with nationalist leanings wrote the most relevant fiction poetry and prose of the day Nationalism Marxism and African American Literature Between the Wars A New Pandora's Box challenges that notion It boldly proposes that such writers as A Philip

Randolph Langston Hughes and Richard Wright who often saw the world in terms of class struggle did more to advance the anti racist politics of African American letters than writers such as Countee Cullen Jessie Redmon Fauset Alain Locke and Marcus Garvey who remained enmeshed in nationalist and racist discourse Evaluating the great impact of Marxism and nationalism on black authors from the Harlem Renaissance and the Depression era Anthony Dawahare argues that the spread of nationalist ideologies and movements between the world wars did guide legitimate political desires of black writers for a world without racism But the nationalist channels of political and cultural resistance did not address the capitalist foundation of modern racial discrimination During the period known as the Red Decade 1929 1941 black writers developed some of the sharpest critiques of the capitalist world and thus anticipated contemporary scholarship on the intellectual and political hazards of nationalism for the working class As it examines the progression of the Great Depression the book focuses on the shift of black writers to the Communist Left including analyses of the Communists position on the Negro Question the radical poetry of Langston Hughes and the writings of Richard Wright

Modern Drama by Women, 1880s-1930s Katherine E. Kelly, 1996 This anthology shakes up the traditional canon and recovers a neglected treasure trove of plays by the women of the modernist era Unprecedented in diversity and scope it is a collection for scholars students or lovers of modern drama

The Color of Democracy in Women's Regional Writing Jean Carol Griffith, 2009-08-17 An exciting addition to the ongoing debate about the place of regionalism in American literary history American regionalism has become a contested subject in literary studies alongside the ubiquitous triad of race class and gender The Color of Democracy in Women's Regional Writing enters into the heart of an ongoing debate in the field about the significance of regional fiction at the end of the 19th century Jean Griffith presents the innovative view that regional writing provided Edith Wharton Ellen Glasgow and Willa Cather with the means to explore social transformation in a form of fiction already closely associated with women readers and writers Griffith provides new readings of texts by these authors she places them alongside the works of their contemporaries including William Faulkner and Langston Hughes to show regionalism's responses to the debate over who was capable of democratic participation and reading regionalism's changing mediations between natives and strangers as reflections of the changing face of democracy This insightful work enriches the current debate about whether regionalism critiques hierarchies or participates in nationalist and racist agendas and will be of great interest to those invested in regional writing or the works of these significant authors

American Culture in the 1920s Susan Currell, 2009-03-21 The 1920s saw the United States rise to its current status as the leading world superpower matched by an emerging cultural dominance that characterized the second half of the twentieth century This book provides an stimulating account of the major cultural and intellectual trends of the decade that have been pivotal to its characterization as the jazz age Currell's book places common representations of the roaring twenties and the lost generation into context through chapters on literature music and performance film and radio and visual art and design
