Maxon, 1992 *Kenya National Assembly Official Record (Hansard)*, 1926 The official records of the proceedings of the Legislative Council of the Colony and Protectorate of Kenya the House of Representatives of the Government of Kenya and the National Assembly of the Republic of Kenya **The Making of the Constitution of Kenya** Charles O. Oyaya, Nana Poku, 2018-05-11 Kenya like the rest of Africa has gone through three sets of constitutional crises The first related to the trauma of colonialism and struggle for independence The second a period of constitutional dictatorship and the clamor for reform The third most recent crisis being one of identity legitimacy and the inability of the state to discharge its functions which has resulted in civil unrest violent ethnic conflicts poverty social exclusion and inequality The Making of the Constitution of Kenya examines the processes issues and challenges of constitution making governance and legitimacy in that country and the lessons that can be learned for others on the continent Equipping the reader with a sound historical perspective on constitutional developments and the crisis of constitutional legitimacy in Kenya it gives an invaluable insight into the normative and political complexities involved in evolving a truly democratic and widely acceptable constitutional order in Africa **A Political Ecology of Kenya's Mau Forest** Lisa Elena Fuchs, 2023 A timely and important examination of the environmental crises investigating their biophysical political economic and socio cultural aspects that reveals why previous conservation efforts failed The eastern part of the Mau Forest the most important closed canopy forest in East Africa has come under severe threat since the 1990s In this political ecology Lisa Fuchs exploring the failure of the government led forest restoration and rehabilitation initiative to Save the Mau launched in 2009 the author examines two of the most contentious issues in Kenya since colonial times land and the environment She sheds light on the structural factors and the role of individuals in the forest s destruction and of non protection and traces the colonial legacy of post independent environmental conservation policies and practices In doing so Fuchs demonstrates that the Mau crisis is more than an environmental crisis it is also a political an economic and a socio cultural crisis Though a detailed empirical analysis the author shows that the Mau crisis led to the near collapse of landscapes and livelihoods in the Mau Forest ecosystem She traces the implementation of insufficient conservation

programmes which resulted from historical path dependency and the adoption of global environmental governance blueprints forest allocation and benefits and exposes a forest management system that prioritises commercial forest production over biodiversity conservation Access and entitlements to the highly fertile forest land and the amalgamation of forest rehabilitation with the reclamation of grabbed public forest are emphasised as a further core contributor to the crisis The socio cultural dynamics within and among various forest dwelling communities including the indigenous hunting and gathering Ogiek and in migrant groups are also analysed The book highlights that local types of environmentalism are caught between the invention of traditions and perverse modernisation and shows the contradictory effects of the celebrated highly anticipated but poorly executed Save the Mau initiative and how the presence of political will to maintain the crisis conditioned its perseverance Finally the book proposes realistic alternatives to sustainable forest management in politicised environments whose relevance and applicability are considerable in this age of anthropogenic environmental crises and conflicts Published in association with IFRA AFRICAE *Basic Data on the Economy of Kenya* Robert L. Ware,1965

Durrani: Key Points in the History of Kenya,1885- ,2023-06-27 History never dies It is embedded in people s memories when books are burnt and children are taught false histories imagined by false historians from near and far says the author in this book This is the context in which *Key Points in the History of Kenya 1885 1990* is published This the 4th in the Kenya Resists Series from Vita Books brings together presentation points from several conferences and meetings on the history of Kenya It also includes historical records on Kenya by Saleh Mamon and Ladislav Venys *Key Points* highlights many hidden facts about the history of Kenya References are included for those who wish to explore the history further While these books and facts are readily available in many history books they are not easily available to all people in Kenya and in a form that meets their needs The book therefore aims to familiarise people with the history of Kenya It seeks to keep people s struggles sacrifices and history alive The author hopes that it will be a weapon in the sense that Bertolt Brecht meant when he said Hungry man reach for the book it is a weapon That is the aim of the series Kenya Resists too **Modeling Services**
