The Of Murder:

Felony Murder Guyora Binder, 2012-05-09 The felony murder doctrine is one of the most widely criticized features of American criminal law. Legal scholars almost unanimously condemn it as irrational, concluding that it imposes punishment without fault and presumes guilt without proof. Despite this, the law persists in almost every U.S. jurisdiction. *Felony Murder* is the first book on this controversial legal doctrine. It shows that felony murder liability rests on a simple and powerful idea: that the guilt incurred in attacking or endangering others depends on one's reasons for doing so. Inflicting harm is wrong, and doing so for a bad motive such as robbery, rape, or arson aggravates that wrong. In presenting this idea, Guyora Binder criticizes prevailing academic theories of criminal intent for trying to purge criminal law of moral judgment. Ultimately, Binder shows that felony murder law has been and should remain limited by its justifying aims.

The Price of Murder John D. MacDonald, 2014-06-14 On the surface, they seem like three very different people: Danny Bronson, a cunning ex-con struggling to go straight; his brother Lee, a former Gridiron star turned college professor; and Johnny Keefler, a crooked parole officer who lives for revenge. But they all grew up in the same corner of town, a grim little slum known as The Sink, where life is cheap and might makes right. And a story that's just as dark unfolds when their paths cross as men at the intersection of brutal violence, illicit liaisons, a foolproof scam, and the intoxicating allure of cold, hard cash.

The Ambiguity of Murder Roderic Jeffries, 2001 Although Inspector Alvarez would rather be sipping a brandy in the shade as he investigates the murder of retired Bolivian diplomat Guido Zavala, he receives a series of phone calls that indicate that he may be the next victim. Jacket. A Haunt of Murder P. C. Doherty, 2009-02-17 As night sets in, Chaucer's weary pilgrims find themselves in a Kent copse rumored to be haunted. Huddling around the fire, they persuade the Clerk of Oxford to tell a ghostly tale of love and death that will further chill their blood. It's May Day 1381, and Beatrice Arwoner is on her way to Ravenscroft Castle to share in the feasting with the clerk Ralph Mortimer. But the sinister events of the last few days soon cast a cloud over the festivities. Phoebe, a castle maid, has been murdered, and Fulk, the local miller's son, has disappeared. So when another guest at Ravenscroft is found murdered, it seems that the evil spirits which haunt the Midnight Tower are doing their worst. Certain that there's a connection between these events and his search for the legendary Brythnoth's jewelled cross, Ralph knows that his own life may be in danger. Rich in historical detail, *A Haunt of Murder* is a historical mystery that only a historian and acclaimed author like P. C. Doherty could write.

The Pacific Reporter, 1911 *A New Homicide Act for England and Wales?* Great Britain: Law Commission, 2006-04-04 This consultation paper reviews the law relating to homicide in England and Wales and sets out a number of provisional proposals in order to establish a more rational and coherent framework of legislation. Issues discussed include the existing law and problems with it, the definition of murder and manslaughter, partial defences including provocation, diminished responsibility, and duress, the fault element in murder, and the concept of intention and the doctrine of double effect. The paper proposes the creation of a new Homicide Act to replace the Homicide Act 1957 to

establish clear definitions of murder and the partial defences to it as well as defining manslaughter within a graduated system of offences the ladder principle to reflect seriousness of offence and degrees of mitigation For example the offence of murder should be divided into two categories of first degree murder with a mandatory life sentence and second degree with a discretionary life sentence maximum Responses to the consultation paper proposals should be received by 13 04 2006

Journal ... Washington Territory. Legislative Assembly. Council, 1863 *Homicide and the Politics of Law Reform* Jeremy Horder, 2012-07-12 What makes murder murder How should we understand the difference between intentional and reckless killing Should offenders be punished differently according to the perceived severity of their crime and when should they be excused These questions are the topic of intense debate within legal circles and beyond in the UK the US and the rest of world Jeremy Horder's role as the Law Commissioner for England and Wales on criminal law has given him unique insight into these questions and the debates surrounding them Here he analyses the recent political and legal reform movements offering a political history of homicide law reform from the 19th century to the modern era Using homicide as a starting point Horder raises deeper questions of who is and should be responsible for making and changing the law What role should there be for expert bodies judges and politicians What role should there be for the general public These questions invoke strong emotional responses Horder argues that comprehensive research into and a degree of difference to public opinion on the scope of homicide is essential to the reform process It is essential principally as a means of conferring true legitimacy on homicide reform in a democracy Elite or expert opinion alone will never authentically secure such legitimacy Offering an insider's view into the processes of achieving law reform Horder expresses criticism of a system that excludes the vast majority of people from consultation on reform of the laws that govern them **The Southwestern Reporter**, 1908
