

Introduction to World Regional Geography

The Online Method To World Regional Geography

Lydia Mihelic Pulsipher, Alex Pulsipher

The Online Method To World Regional Geography:

The Online Method to World Regional Geography Michael P. Peterson, 2007-11-19 **World Regional Geography** Lydia Mihelic Pulsipher, Alex Pulsipher, 2010-12-10 Like no other textbook Pulsipher and Pulsipher's World Regional Geography puts a human face on the study of regional geography showing how larger geographical forces affect the lives of individuals and communities around the globe. It's a refreshing people-centered approach to the subject focusing on the stories of real people, global trends and interregional linkages and contemporary topics that transcend regional borders: the war on terrorism, global political order, interregional trade, the global economy, popular culture, the environment and the Internet.

Understanding World Regional Geography Erin H. Fouberg, William G. Moseley, 2017-12-27 Understanding World Regional Geography UWRG is a course designed to teach students to think and apply geographic concepts long after the course is over. Author Erin Fouberg draws from her expertise in geography education and research in student learning to create a product that has a strong pedagogical framework designed to engage students and deepen their understanding of the world by having them DO Geography. UWRG includes features that help students learn to read cultural and physical landscapes, ask geographic questions, apply geographic concepts and make connections. It integrates 25 threshold concepts and teaches students how geographers apply these concepts and asks them to apply these concepts themselves. This enables them to grasp the complexities of the world and provides them with the knowledge and thinking skills necessary to understand it. UWRG is the first introductory course to integrate ESRI ArcGIS Online thematic maps enabling students to engage with course materials, see patterns and answer geographic questions.

World Regional Geography (without Subregions) Lydia Mihelic Pulsipher, Alex Pulsipher, 2005-03-18 More than any other text for the course Pulsipher's World Regional Geography WRG shows students how individuals are affected by and respond to economic, social and political forces at all levels of scale: global, regional, subregional, local. It offers a vivid and inclusive picture of people in a globalizing world: men, women, children, both mainstream and marginalized citizens, not as seen from a Western perspective but as they see themselves. The core topics of physical, economic, cultural and political geography are examined from a contemporary perspective based on authoritative insights from the most recent geographic theory. Two Versions of the Text Available: World Regional Geography: Global Patterns, Local Lives Without Subregions, Third Edition, 475 pages, January 2005, 2006, 0 7167 6825 9; Text with Optional Student CD-ROM, 0 7167 6843 7; World Regional Geography: Global Patterns, Local Lives With Subregions, Third Edition, 625 pages, January 2005, 2006, 0 7167 1904 5; Text with Optional Student CD-ROM, 0 7167 6258 7.

World Regional Geography (with Subregions) Lydia Mihelic Pulsipher, Alex Pulsipher, 2007-09-14 Shows how individuals are affected by and respond to economic, social and political forces at all levels of scale: global, regional and local. It offers an inclusive picture of people in a globalizing world: men, women, children, both mainstream and marginalized citizens, not as seen from a western perspective but as they see themselves. Core topics of physical, economic, cultural and political

geography are examined from a contemporary perspective based on authoritative insights from recent geographic theory and examples from countries from around the world

World Regional Geography Concepts Lydia Mihelic Pulsipher,Alex Pulsipher,Conrad M. Goodwin,2009-03-27 The authors of World Regional Geography have answered the need for an exceptionally brief textbook for the evolving world regional course In World Regional Geography Concepts eight major thematic concepts frame the coverage and give students a way of approach the wealth of information in the text Like the Pulsiphers longer text World Regional Geography Concepts emphasizes global trends and the interregional linkages that are changing lives throughout the world humanizes geographical issues by representing the lives of women men and children in various regions of the globe

World Regional Geography Study Guide with Mapping Workbook Lydia Mihelic Pulsipher,Alex Pulsipher,2007-10-26

Active Learning and Student Engagement Mick Healey,Eric Pawson,Michael Solem,2013-09-13 This book examines significant issues in geography teaching and learning from the perspectives of an international network of academic geographers and postgraduate students Drawing on classroom experiences and research in a wide variety of educational settings the authors describe conceptually interesting and practical applications for enhancing student learning through inquiry problem based learning field study online collaboration and other highly engaging forms of pedagogy Other articles focus on approaches for improving the experiences of distance learners strategies for enhancing the employability of geography students and preparing students to engage ethical issues in the discipline An international audience of educators will find much of value through the use of comparative examples literature reviews encompassing research in multiple national contexts and an underlying awareness of the diversity of practices in higher education internationally This book is a collection of articles previously published in two special issues of the Journal of Geography in Higher Education

Exploring New Methods for Teaching and Learning Human Geography Chao Ye,2024-07-30 This book proposes a new and central teaching concept we are all makers and innovates the geographical teaching modes and methodology Geography teaching especially how to teach geographical thinking is important and related to the development of the discipline In this field the exploration of new teaching methods in non English speaking countries and regions still needs to grow Based on the author s experience of teaching geographical thinking and human cultural geography for more than ten years the book links geographical thinking to the realistic cases with new social media tools such as WeChat APP and blog Under the guidance of these new methods such as poem emotional couplet game keywords blog based teaching and the like students are transformed from passive recipients of knowledge to active learners and even creators in the end The book which focuses on and pioneers new teaching methodology or methods is used as a reference by scholars researchers practitioners and readers specialized in fields such as geography education and pedagogy

World Regional Geography (without Subregions) Loose Leaf Lydia Mihelic Pulsipher,Alex Pulsipher,2008-03-15
