The Optional God:

The Optional God Stephen Fielding Bayne, 1980 God's Public Option Jane Northrup Glenn, 2021-08-04 It is too late to repent as a nation God is preparing us now to remove the flag from between us and Him and replace it with the cross Satan can and will destroy the American flag that represents freedom but he will never and cannot destroy the freedom of the cross Satan's goal is to hook everyone to the government financially submitting us under the control of the new world order and beast system This debt enslavement will make 1619 slavery look like nursery school and it must take place before King Jesus returns Do not despair though God has a plan for our exodus as spoken to the author in 2014 I'm birthing something that everyone is talking about and no one has seen I'm creating a passage to freedom like the underground railroad Man's laws are irrelevant to Me God's Public Option is the second book in the God Punched Back series The series is intended to convey urgent end times messages and marching orders to God's people written in an engaging style that even a child could understand However the books are not for children God's public option is a massive zero government marketplace that will compete with the government for the souls of God's people like on Mount Carmel It is divinely practical and tactical and ready to be established right now as a necessary criminal justice reform solution There will soon be a mass exodus of people off government subsidy and Jehovah Jireh promises to dwell with us just as He did with the Israelites when He set them free And just as Yahweh gave direction to build the tabernacle He is giving us direction to build a new governing system our covering for the difficult days ahead The sovereign separation of church and state is underway The Optional God Stephen Fielding BAYNE (Bishop of Olympia.), 1953 The Optional God [by] Stephen F. Bayne Stephen Fielding Bayne, **The Option for the Poor in Christian Theology** Daniel G. Groody, 2007-04-01 Since the publication of Gustavo Guti rrez's 1973 groundbreaking work *A Theology of Liberation* much has been written on liberation theology and its central premise of the preferential option for the poor Arguably this has been one of the most important yet controversial theological themes of the twentieth century As globalization creates greater gaps between the rich and the poor and as the situation for many of the world's poor worsens there is an ever greater need to understand the gift and challenge of Christian faith from the context of the poor and marginalized of our society This volume draws on the thought of leading international scholars and explores how the Christian tradition can help us understand the theological foundations for the option for the poor The central focus of the book revolves around the question How can one live a Christian life in a world of destitution The contributors are concerned not only with a social economic or political understanding of poverty but above all with the option for the poor as a theological concept While these essays are rooted in a solid grounding of our present reality they look to the past to understand some of the central truths of Christian faith and to the future as a source of Christian hope Following Gustavo Guti rrez's essay on the multidimensionality of poverty Elsa Tamez Hugh Page Jr Brian Daley and Jon Sobrino identify a central theological premise poverty is contrary to the will of God Drawing on scripture the writings of the early fathers the

witness of Christian martyrs and contemporary theological reflection they argue that poverty represents the greatest challenge to Christian faith and discipleship David Tracy and J Matthew Ashley carry their reflection forward by examining the option for the poor in light of apocalyptic thought Virgilio Elizondo Patrick Kalilombe Mar a Pilar Aquino M Shawn Copeland and Mary Catherine Hilkert examine the challenges of poverty with respect to culture Africa race and gender Casiano Florist n and Luis Maldonado explore the relationship between poverty sacramentality and popular religiosity The final two essays by Aloysius Pieris and Michael Signer consider the option for the poor in relationship to other major world religions particularly an Asian theology of religions and the meaning of care for the poor within Judaism

Humanities and Option for the Poor Clemens Sedmak,2005 The concept of a preferential option for the poor calls for a special attention to the weakest members of a particular society Such an option is a challenge for the ethics of science as well How can we pursue an option for the poor in the humanities Can we do that without generating ideologies This volume gives an account of these questions Representatives of sociology religious studies law economics theology history and philosophy try to answer this question It is manifest that the discussion of an option for the poor is also a matter of intellectual integrity

Von Balthasar & the Option for the Poor Todd Walatka,2017 Hans Urs von Balthasar s vast corpus of theological philosophical literary and pastoral writings remains one of the most impressive achievements in 20th century thought In light of liberation theology and now the papacy of Francis however a theological affirmation of the option for the poor remains dangerously weak in Balthasar s corpus Von Balthasar and the Option for the Poor offers a sympathetic reforming of Balthasar s account of the drama of salvation what he calls theodramatics in response to this weakness

Charles and Emma Darwin: The Option to Believe Chris Dunford,2022-05-05 Many people look at the world through a scientific lens that seems to forbid religious conviction but then find themselves drawn by curiosity if not longing to the religious worldview Is this tension inevitable or unnecessary The famously successful marriage of Charles and Emma Darwin illustrates the problem Charles and Emma were very close to each other in social background and knowledge of the world yet they found it difficult to agree on the Question of God Were their religious beliefs driven apart more by his science or by their society Were these potentially compatible or inherently irreconcilable Charles and Emma Darwin The Option to Believe searches for answers in the family s history and individual personalities as well as in the cultural social and intellectual history of that family s society The book also looks back on the Darwins predicament from the perspective of modern science and theology and suggests it is society not science that creates the modern tension between science and religion There is an intellectual option to believe in God that seemed unavailable to Victorians like Charles Darwin yet is certainly available to us today

The Poor in Liberation Theology Tim Noble,2014-10-14 Liberation theology has since its beginnings over forty years ago placed the poor at the heart of theology and revealed the ideologies underlying both society and church Meanwhile over this period the progressive church appears to have stagnated and the poor of Latin America have turned increasingly to neo Pentecostalism The Poor in

Liberation Theology questions whether the effect of liberation theology is to provide a pathway to God or really to construct idols out of the poor Combining the conceptual language of the philosophers Jean Luc Marion and Emmanuel Levinas with the methodology of the liberation theologian Clodovis Boff the volume outlines how liberation theology can work to ensure the poor do not become an ideological construct but remain icons of God Drawing on a wealth of material from Latin American and Europe the book demonstrates the continuing validity and importance of liberation theology and its further potential when engaged with contemporary philosophy Óscar Romero and Catholic Social Teaching Todd Walatka, 2024-10-15 This book explores the life mission and writings of martyred Salvadorian archbishop Oscar Romero in the light of contemporary work for justice and human development Many historians theologians and scholars point to Oscar Romero as one of the most perceptive creative and challenging interpreters of Catholic social teaching in the post Vatican II period while also recognizing the foundational importance of Catholic social teaching in his thought and ministry Editor Todd Walatka brings together fourteen leading scholars on both Romero and Catholic social teaching combining essays that contextualize Romero's engagement historically and focus on the challenges facing Christian communities today The result is a timely engaging collection of the most rigorous scholarly engagement with Romero and Catholic social teaching to date Contributors Ana María Pineda R S M Michael E Lee Matthew Philipp Whelan Jon Sobrino S J Edgardo Colón Emeric David M Lantigua Leo Guardado Stephen J Pope Kevin F Burke S J José Henríquez Leiva Meghan J Clark Elizabeth O'Donnell Gandolfo Rubén Rosario Rodríguez Peter Casarella and Todd Walatka
