The Ordeal Of William Larnach:

The Ordeal of William Larnach Hardwicke Knight,1981 **The Larnachs** Owen Marshall,2011-08-26 Based on a real love triangle this fascinating novel is by one of New Zealand's most loved respected authors Dougie's story and mine is not told in the history of William Larnach It is our private journey and only we understand how it came about only we know the fitness and the wonder of it William James Mudie Larnach's name resonates in New Zealand history the politician and self made man who built the famous castle on Otago Peninsula In 1891 after the death of his first two wives he married the much younger Constance de Bathe Brandon But the marriage that began with such happiness was to end in tragedy The story of the growing relationship between Conny and William's younger son Dougie lies at the heart of Owen Marshall's subtle and compelling new novel The socially restrictive world of late nineteenth century Dunedin and Wellington springs vividly to life as Marshall traces the deepening love between stepmother and stepson and the slow disintegration of the domineering yet vulnerable figure of Larnach himself Can love ever really be its own world free of morality and judgement and scandal Moving thought provoking and superbly written The Larnachs is a memorable piece of fiction from one of our wisest authors

Architecture and Urbanism in the British Empire G. A. Bremner,2016-10-13 Throughout today's postcolonial world buildings monuments parks streets avenues entire cities even remain as witness to Britain's once impressive if troubled imperial past These structures are a conspicuous and near inescapable reminder of that past and therefore the built heritage of Britain's former colonial empire is a fundamental part of how we negotiate our postcolonial identities often lying at the heart of social tension and debate over how that identity is best represented This volume provides an overview of the architectural and urban transformations that took place across the British Empire between the seventeenth and mid twentieth centuries Although much research has been carried out on architecture and urban planning in Britain's empire in recent decades no single comprehensive reference source exists The essays compiled here remedy this deficiency With its extensive chronological and regional coverage by leading scholars in the field this volume will quickly become a seminal text for those who study teach and research the relationship between empire and the built environment in the British context It provides an up to date account of past and current historiographical approaches toward the study of British imperial and colonial architecture and urbanism and will prove equally useful to those who study architecture and urbanism in other European imperial and transnational contexts The volume is divided in two main sections The first section deals with overarching thematic issues including building typologies major genres and periods of activity networks of expertise and the transmission of ideas the intersection between planning and politics as well as the architectural impact of empire on Britain itself The second section builds on the first by discussing these themes in relation to specific geographical regions teasing out the variations and continuities observable in context both practical and theoretical **The Scots Abroad** R. A. Cage,2021-10-12 Originally published in 1985 this book examines the extent of Scottish migration and Scottish involvement

in the process of development Although there are many books written on the Scots abroad this volume is unique in that it has a unifying theme each contributor has concentrated on the role played by the Scots in the economic development of their relevant country or area which include England Canada the USA Australia New Zealand India Latin America and Japan This will be of interest to both social and economic historians **Julius Vogel** Raewyn Dalziel,2013-10-01 Julius Vogel 1835 he was an optimistic visionary Raewyn Dalziel s definitive biography Julius Vogel Business Politician traces both the career and the character of the man **Bibliographical Bulletin** ,1984 New Zealanders at Home Anna Katrine Caughey Petersen,2001 Featuring photographs drawings and paintings this volume offers a visual history of New Zealand interiors The homes presented represent the living spaces of the Maori of missionaries and settlers and of the suburban middle class Architecture construction design decoration and use are all discussed *The Writer's Directory, 1998-2000* Miranda H.
