 of the English family as a function of several major social changes taking place in the eighteenth century including the
 development of a market economy and waged labor enclosure and the redistribution of land urbanization the rise of the
 middle class and the development of print culture In particular Perry traces the shift from a kinship orientation based on
 blood relations to a kinship axis constituted by conjugal ties as it is revealed in popular literature of the second half of the
 eighteenth century Perry focuses particularly on the effect these changes had on women s position in families She uses social
 history literary analysis and anthropological kinship theory to examine texts by Samuel Richardson Charlotte Lennox Henry
