William Allison Shimer

Six Contemporary French Women Poets Theory Practice And Pleasures:

Six Contemporary French Women Poets, 1997 Although many practice the art contemporary French women poets generally have been vastly underrepresented in periodicals and anthologies In the only anthology to feature avant garde French women poets exclusively Gavronsky shows how Kaplan Grangaud Portugal Lapeyre Giraudon and Risset differ from their American counterparts Before presenting his translations of the poems Gavronsky gives each poet the opportunity to define herself in terms of major influences on her poetry distinctive traits in her writing major themes in her work and the influence of gender on her art The poets also speculate about the relative underrepresentation of women poets in French periodicals and anthologies as well as about the form poetry might take in the twenty first century The poems in this volume are simultaneously delightful informative and combative They typify according to Gavronsky some of the main currents of a poetics in the making a poetics little known in the United States In reaffirming women's involvement with poetry Gavronsky believes that he has reconnected today's work with an immemorial tradition that in France clearly goes back to the Middle Ages

Contemporary French Poetics Michael Bishop, Christopher Elson, 2002 This book finds its origin partly in the International Colloquium on French and Francophone Literature in the 1990s at Dalhousie University September 1998 number of the papers since reworked take their place here alongside other studies subsequently invited They form a broad and varying set of cogent and pertinent appraisals of very recent French and francophone poetic practice and its shifting becoming conceptual underpinnings

Exile, Non-Belonging and Statelessness in Grangaud, Jabès, Lubin and Luca Greg Kerr, 2021-06-07 At least since the Romantic era poetry has often been understood as a powerful vector of collective belonging The idea that certain poets are emblematic of a national culture is one of the chief means by which literature historicizes itself inscribes itself in a shared cultural past and supplies modes of belonging to those who consume it But what then of the exiled migrant or translingual poet How might writing in a language other than one's mother tongue complicate this picture of the relation between poet language and literary system What of those for whom the practice of poetry is inseparable from a sense of restlessness or unease suggesting a condition of not being at home in any one language even that of their mother tongue These questions are crucial for four French language poets whose work is the focus of this study Armen Lubin 1903-74 Ghassam El-Hadi 1913-94 Edmond Jabès 1912-91 and Michelle Grangaud 1941 Ranging across borders within and beyond the Francosphere from Algeria to Armenia to Egypt to Romania this book shows how a poetic practice inflected by exile statelessness or non belonging has the potential to disrupt long held assumptions of the relation between subjects the language they use and the place from which they speak

Twentieth-Century French Poetry Hugues Azérad, Peter Collier, 2010-05-20 Modern French poetry is unique in the boldness and creativity of its experiments in form and genre from classical verse to vers libre from calligrammes to prose poems and poésies sonores This anthology includes 32 poems by French and francophone poets each followed by an accessibly written detailed commentary The different

approaches adopted in the close readings by specialists in their field reflect the major trends in current literary criticism and theory A foreword by one of France's foremost poets Yves Bonnefoy a general introduction and an afterword provide a helpful theoretical framework for the study of modern poetry An extensive bibliography concise biographies of the poets and a glossary of literary terms are included Students of French and of comparative literature will gain a deeper understanding of the development of French verse and of the artistic movements especially in the visual arts which have shaped twentieth century French poetry

The Play of Light Ann Smock, 2021-02-01 Drawing from five contemporary French poets Jacques Roubaud Emmanuel Hocquard Danielle Collobert Anne Portugal and Jacques Jouet Ann Smock juxtaposes them and provides a milieu suitable for philosophical reflection on identity on not being and being on communication and on secrets Smock also includes thinkers such as Ludwig Wittgenstein and Giorgio Agamben who contribute to the conversation as do Jean Luc Nancy and Maurice Blanchot Though the poems considered here are often thought difficult Smock maintains a light touch throughout She writes in an accessible even pleasurable style while contributing to the scholarly study of literature at the border shared by poetry and philosophy

Contemporary French Poetics, 2021-11-22 Contemporary French Poetics finds its origin in part in the International Colloquium on French and Francophone Literature in the 1990's held at Dalhousie University in September 1998 A certain number of the papers given at that time and since reworked in some fair measure take their place here alongside other studies subsequently invited In all they form a broad and varying set of cogent and pertinent appraisals of very recent French and to some degree francophone poetic practice and its shifting becoming conceptual underpinnings Studies offered range from those devoted to the work of established contemporary figures such as Bonnefoy and Du Bouchet St ti and Deguy No l and Chedid to discussions of younger generation writing by poets as diverse as Pinson and Leclair Bancquart and Emaz Maulpoix and Despr's Morency and Zins All center however upon work essentially produced over the last ten years

L'Énigme-poésie John C. Stout, 2010-01-01 L'énigme poétique se présente une série d'entretiens avec vingt et une poètes françaises contemporaines Une grande diversité de voix et d'approches face à l'objet poétique se fait entendre dans ces discussions exceptionnelles À travers un dialogue en profondeur chaque poète cherche à finir et explorer sa conception et sa pratique de la poésie Les crivaines reconnaissent toutes l'influence des antiques poétiques surtout celle des poètes de la modernité française et européenne Ces entretiens fournissent une excellente introduction à la poésie française contemporaine ce volume s'adressant à la fois aux universitaires et un plus large public qui essaie de s'orienter face à la production poétique actuelle Les échanges servent aussi de guide permettant aux lecteurs et aux lectrices de découvrir des œuvres et des pratiques individuelles richement impressionnantes qui méritent d'être infiniment mieux connues La question du féminisme revient certes souvent dans ces entretiens mais la plupart des poètes interviewées expriment une certaine ambivalence à l'égard d'étiquettes parfois trop contraignantes

Jacques Dupin Maryann De Julio, 2005 La question qui importe pour Jacques Dupin qui a reçu le Prix national de poésie en 1988 est celle de l'être dans le monde et de l'autre dans la langue Ce volume prend ce propos du poète comme point de départ d'une étude qui parlera de sa poésie de son théâtre de sa critique d'art tout en suivant la trace chronologique des textes L'être chez Jacques Dupin est à la fois ontologique et ludique c'est dire que l'être est un jeu de mots qui nous mène une série d'associations telle que lettre signe grave et envoi et que l'être est un jeu poétique qui rime avec naïveté Bien sûr la lettre nous relie l'autre ce qui reste ouvert dans le texte cette partie de nous mêmes qui nous chappera jamais Lettre nous relie aussi tous ceux qui nous ont précédés dans l'usage de la parole et de la langue Ce livre s'adressera tous ceux qui sentent d'une part la poésie française de l'après-guerre et d'autre part la culture française contemporaine
