a Verdict

# Skeptics Who Demanded A Verdict

**James B. Polson**

## **Skeptics Who Demanded A Verdict:**

**Skeptics Who Demanded a Verdict** Josh McDowell, 1989 The stories of three one time skeptics who came to believe in Christ C S Lewis Charles Colson and John McDowell A convincing witness for the faith **Evidence That Demands a Verdict** Josh McDowell, Sean McDowell, 2017-10-03 Everything you need to effectively defend the truths of the Bible and the beliefs of the Christian faith Winner of the 2018 ECPA Christian Book award for Bible Reference Works The truth of the Bible doesn't change but its critics do Now with his son Sean McDowell speaker and author Josh McDowell has updated and expanded the modern apologetics classic for a new generation Evidence That Demands a Verdict provides an expansive defense of Christianity's core truths rebuttals to some recent and popular forms of skepticism and insightful responses to the Bible's most difficult and misused passages It invites readers to bring their doubts and doesn't shy away from the tough questions Topics and questions are covered in four main parts Evidence for the Bible Evidence for Jesus Evidence for the Old Testament Evidence for Truth Also included you'll find An introduction about the biblical mandate to defend one's faith and why our faith is built on facts A prologue describing why we live in a theistic universe A closing response to the specific challenges of atheist New Testament scholar Bart Ehrman Two reflections How to Know God Personally and He Changed My Life Serving as a go to reference for even the toughest questions Evidence that Demands a Verdict continues to encourage and strengthen millions by providing Christians the answers they need to defend their faith against the harshest critics and skeptics Here's a treasure trove of apologetic gems This is an indispensable book that all Christians should keep within reach Lee Strobel bestselling author of The Case for Christ **Evidence that Demands a Verdict, eBook** Josh McDowell, 1999-10-13 Among important books in the defense of Christianity this one has few equals Evidence That Demands a Verdict is an easy to read front line defense for Christians facing the tough questions of critics and skeptics Using secular evidences and other historical sources Josh McDowell's faith building book is a must read for every Christian **Answering the Objections of Atheists, Agnostics, and Skeptics** Rhodes, Ron, [Answers for the Honest Skeptic](#) Ted Even, 2021-07-01 It is true that mankind himself has probably always been characterized with the main desire to determine just what spiritual truth really is For centuries and centuries highly educated philosophers and religious men alike have always stood toe to toe disagreeing on spiritual truth Since they cannot all be right this would strongly indicate that education religious persuasion or even intelligence has little to do with our discovery of the real spiritual truth For if these things were truly critical then obviously the spiritual intellectual giants of history would have agreed on spiritual truth long ago In this work author Ted Even endeavors to show that the disagreeing intellectuals skeptics of the past only serve to reinforce Christ's radical statement about our need to just become like little children in order to discover the spiritual truth and that literally everyone has the same opportunity to enter the kingdom of heaven on that basis However while super intelligence or big degrees may not be necessary the discovery of spiritual truth does require just one very reasonable quality

of heart which little children have always possessed Find out just what this basic quality of heart is as you continue your search for spiritual truth within this simple to understand work which only leaves the real spiritual truth left standing His Word 7 Year Work Biblical Roots by Former Skeptic ,      **Sublimity and Skepticism in Montaigne and Milton** David Louis Sedley,2005 Boldly investigates the relationship between the sublime as an aesthetic category and the emergence of skepticism as a philosophical problem      *The Oxford Handbook of Skepticism* John Greco,2011-10-01 In the history of philosophical thought few themes loom as large as skepticism Skepticism has been the most visible and important part of debates about knowledge Skepticism at its most basic questions our cognitive achievements challenges our ability to obtain reliable knowledge casting doubt on our attempts to seek and understand the truth about everything from ethics to other minds religious belief and even the underlying structure of matter and reality Since Descartes the defense of knowledge against skepticism has been one of the primary tasks not just of epistemology but philosophy itself The Oxford Handbook of Skepticism features twenty six newly commissioned chapters by top figures in the field Part One contains articles explaining important kinds of skeptical reasoning Part Two focuses on responses to skeptical arguments Part Three concentrates on important contemporary issues revolving around skepticism As the first volume of its kind the articles make significant contributions to the debate on skepticism      **Doubt and the Demands of Democratic Citizenship** David R. Hiley,2006-06-26 The triumph of democracy has been heralded as one of the greatest achievements of the twentieth century yet it seems to be in a relatively fragile condition in the United States if one is to judge by the proliferation of editorials essays and books that focus on politics and distrust of government Doubt and the Demands of Democratic Citizenship explores the reasons for public discontent and proposes an account of democratic citizenship appropriate for a robust democracy David Hiley argues that citizenship is more than participating in the electoral process It requires a capacity to participate in the deliberative process with other citizens who might disagree a capacity that combines deep convictions with a willingness to subject those convictions Hiley develops his argument by examining the connection between doubt and democracy generally as well as through case studies of Socrates Montaigne and Rousseau interpreting them in light of contemporary issues      **Critics on Trial** Marvin R. O'Connell,1994 Through a study of the participants Marvin O Connell traces the emergence of Modernism and the controversies related to it offers a careful examination of the movement s multiple causes and ramifications and places the events within the political social and intellectual context of the time      Sceptical Doubt and Disbelief in Modern European Thought Vicente Raga Rosaleny,Plínio Junqueira Smith,2020-10-19 This volume examines modern scepticism in all main philosophical areas epistemology science metaphysics morals and religion It features sixteen essays that explore its importance for modern thought The contributions present diverse mutually enriching interpretations of key thinkers from Montaigne to Nietzsche The book includes a look both at the relationship between Montaigne and Pascal and at Montaigne s criticism of religious rationalism It turns its attention to an investigation

into the links between ancient scepticism and Bacon's Doctrine of the Idols as well as into the ancient problem of the criterion in Cartesian philosophy. Next three essays focus on more general topics like modern sceptical disturbances, clandestine literature and irreligion. Two essays investigate the role of scepticism in Bayle's moral thinking and his theory of religious toleration. Hume's sceptical philosophy is the subject of two papers by distinguished scholars. In addition many contributors address the presence of scepticism in Kant and in the German Idealism such as the role of Schulze's scepticism in the works of the young Hegel. The book closes with a paper on Nietzsche and scepticism and an essay on the role of Popkin's and Schmitt's works on modern scepticism. This collection continues along a rich fruitful path opened by Richard H. Popkin and pursued by many important scholars like Gianni Paganini, John Christian Laursen and Jos Raimundo Maia Neto. It re-establishes that necessary dialogue between researchers of scepticism from all over the Americas which began with Popkin, Oswaldo Porchat and Ezequiel de Olaso long ago. This insightful reflection on modern European scepticism will also serve as an important resource in the history of modern philosophy.

**Skepticism** G. Anthony Bruno, A.C. Rutherford, 2017-12-14. Skepticism is one of the most enduring and profound of philosophical problems. With its roots in Plato and the Sceptics to Descartes, Hume, Kant and Wittgenstein, skepticism presents a challenge that every philosopher must reckon with. In this outstanding collection, philosophers engage with skepticism in five clear sections: the philosophical history of skepticism in Greek, Cartesian and Kantian thought; the nature and limits of certainty; the possibility of knowledge and related problems such as perception and the debates between objective knowledge and constructivism; the transcendental method as a response to skepticism; and the challenge of naturalism overcoming the skeptical challenge. *Skepticism: Historical and Contemporary Inquiries* is essential reading for students and scholars in epistemology and the history of philosophy and will also be of interest to those in related disciplines such as religion and sociology. West Coast Review of Books, 1983.

Can a Skeptic Believe in God? James B. Polson, 2019-10-15. The author was a skeptic by nature and a research scientist by training. Could such a person ever believe in God? This book recounts the skeptical author's quest to discover whether anything can be proven about the existence of God, the existence of heaven and hell, and whether there is anything a person can do to change his eternal destiny. His search led to some vital truths that he and others can believe in. **EARLY**

**CHRISTIANITY** Edward D. Andrews, 2025-03-12. How did the ancient world shape the rise of Christianity? What political forces, social customs, and philosophical ideas influenced the spread of the gospel? To truly understand the New Testament, one must explore the historical and cultural environment in which it was written. *Early Christianity: Exploring Backgrounds, Historical Settings, and Cultures* takes readers on a deep and comprehensive journey through the world of the first century. From the turbulent history of Judea under Babylonian, Persian, Greek, and Roman rule to the daily lives of people in the Roman Empire, this book uncovers the political, social, and religious realities that formed the backdrop for Jesus' ministry and the early church. This volume explores the intricate web of philosophies, pagan religious practices, and Jewish sects that shaped

the intellectual and spiritual climate of the time It examines the Roman military economic systems law citizenship and cultural norms that influenced the experiences of early Christians It also delves into the significant archaeological discoveries that confirm the historical accuracy of the New Testament Meticulously researched and rich with historical insights Early Christianity is an essential resource for anyone seeking a deeper understanding of the biblical world Whether you are a student historian or devoted Bible reader this book will equip you with the knowledge to better grasp the context of Christianity s beginnings and its enduring impact on history      The Skeptics of the French Renaissance John Owen,1893

Chapter I Montaigne chapter II Peter Ramus chapter III Charron chapter IV Sanchez chapter V La Mothe Le Vayer chapter VI Pascal Index to literary references Index to subjects      Rule-Following Skepticism in Contemporary Epistemology Gopal Sahu,2017-01-01 The book explains the much talked about rule following skepticism and its attempted solutions in the contemporary epistemology Kripke s rule following skeptic by demonstrating the possibility of multiple interpretations of a given rule poses serious problem for rule governed behaviours and objectivity and necessity of knowledge Kripke s skepticism is equally applicable to Goodman s new riddle of induction and Quine s indeterminacies After a critical discussion of different suggested solutions the book aims to provide a straight solution to the problem from a Wittgensteinian perspective It argues that the necessity and objectivity of knowledge can be recognized by noting the universal aspect of rules The normativity of the linguistic rules is provided in the form of human commitment to rules and their following One and the same sentence can be shown to be true empirically analytically and metaphysically in the language Thus it provides the highest order of necessity which includes metaphysical scientific and the logical The book will benefit the philosophers and social scientists in theoretical understanding of issues related to rule and its following framing policies and guidelines

*Truth and Skepticism* Robert Almeder,2010-08-16 Robert Almeder provides a comprehensive discussion and definitive refutation of our common conception of truth as a necessary condition for knowledge of the world and to defend in detail an epistemic conception of truth without falling into the usual epistemological relativism or classical idealism in which all properties of the world turn out to be linguistic in nature and origin There is no other book available that clearly and thoroughly defends the case for an epistemic conception of truth and also claims success in avoiding idealism or epistemological relativism      **Knowing the Truth About the Resurrection** John Ankerberg,John Weldon,2011-04-06

Throughout history people have tried to discredit Christianity by disputing the claim that Jesus Christ died and rose from the dead Is there evidence so persuasive that after careful evaluation skeptics and critics will realize the truth of the resurrection Unequivocally yes Join in this exploration of the events surrounding the resurrection including The historical and logical evidence supporting Christ s resurrection The accuracy and precision of Jesus predictions The resurrection s unequalled impact on the world This booklet provides a clear concise look at the resurrection It gives you the opportunity to understand and examine the evidence that is the foundation for biblical Christianity      **Handbook of Biblical Evidences** John

Ankerberg, John Weldon, 2008-03-01 Many Christians are afraid to talk about their faith for fear of not knowing what to say. How can they prepare themselves? That's the purpose of *Handbook of Bible Evidences* written by two bestselling apologetics experts John Ankerberg and John Weldon. They provide clear and thoughtful responses to the tough questions seekers are most likely to ask, questions such as: Hasn't evolution proved that Genesis is wrong? Isn't the Bible filled with historical and scientific errors? What evidence is there that Jesus rose from the dead? Focused on topics related to the Bible, Jesus Christ, and creation, this powerful resource deals head-on with false assumptions and frequent misconceptions people have. And it's based on more than 30 years of apologetics research and ministry to unbelievers. A superb tool for helping readers know how to share their faith with confidence. Formerly titled *Ready with an Answer*.
