Small Comforts For Hard Times

Margaret Canovan

Small Comforts For Hard Times:

Hannah Arendt Margaret Canovan,1992 A reinterpretation of the political thought of Hannah Arendt strengthening Arendt's claim to be regarded as one of the most significant political thinkers of the twentieth century **Bulletin of the Atomic Scientists** ,1979-05 **Finding Comfort During Hard Times** Earl Johnson,2020-03-24 Opportunities to help are all around and Johnson suggests ways to reach out to others who are suffering loss illness and loneliness Disasters will continue and Johnson's informative and moving book will help readers offer succor Booklist Starred Review Finding Comfort is a book about easing grief and trauma after unimaginable horrors mass shootings catastrophic natural disasters and terrorist acts Personal recollections of responding to tragedy combined with a practical application Earl Johnson offers readers the tools they need to seek support and offer it to those in need The book walks through the life cycle of disaster care from the first hours and days to the years that follow Having been a care provider in a variety of events Johnson shares valuable wisdom from those who have worked in the worst situations Whether you're a first responder a care professional a victim of a disaster a family member or following a disaster on television or social media Finding Comfort gives readers guidance and support Readers don't have to wait for tragedy this work helps one be prepared through examples and practical suggestions This book is a ready resource to both those in need looking for help and to those wishing to provide it

The Political Thought of Hannah Arendt Michael G. Gottsegen,1994-01-01 It explicates Arendt's major works *The Human Condition* *Between Past and Future* *On Revolution* *The Life of the Mind* and *Lectures on Kant's Political Philosophy* and explores her contributions to democratic theory and to contemporary postmodern and neo-Kantian political philosophy

The Hidden Philosophy of Hannah Arendt Margaret Betz Hull,2003-08-29 The central argument of this book is that Hannah Arendt's deserved place in the history of Western philosophy has been overlooked and recognition of her contribution is long overdue In part a result of Arendt's own insistence on calling herself a political thinker throughout her career this is also due to a common tendency in philosophy to denigrate the political This book explores the indisputable philosophical dimensions of her work In particular it examines Arendt's theoretical commitment to recognizing humanity as a plurality which avoids the common mistake in Western philosophy of theoretically overemphasizing the self in isolation Arendt's own personal dealings with aspects of her identity namely her Jewishness and her womanhood work to inform us of this position against solipsism

Public Spaces, Marketplaces, and the Constitution Anthony Maniscalco,2015-10-15 In spite of their public attractions and millions of visitors most shopping malls are now off limits to free speech and expressive activity The same may be said about many other public spaces and marketplaces in American cities and suburbs leaving scholars and other observers to wonder where civic engagement is lawfully permitted in the United States In *Public Spaces Marketplaces and the Constitution* Anthony Maniscalco draws on key legal decisions social theory and urban history to demonstrate that public spaces have been split apart from First Amendment protections while the expression of political

ideas has been excluded from privately owned publicly accessible malls Today the traditional indoor suburban shopping mall that icon of modern American capitalism and culture is being replaced by outdoor retail centers Yet the law and courts have been slow to catch up Maniscalco argues that scholars students and the public must confront these innovations in commercial design and consumer practices as well as what they portend for contemporary metropolitan America and its civic spaces

States Without Nations Jacqueline Stevens,2009-11-17 As citizens we hold certain truths to be self evident that the rights to own land marry inherit property and especially to assume birthright citizenship should be guaranteed by the state The laws promoting these rights appear not only to preserve our liberty but to guarantee society remains just Yet considering how much violence and inequality results from these legal mandates Jacqueline Stevens asks whether we might be making the wrong assumptions Would a world without such laws be more just Arguing that the core laws of the nation state are more about a fear of death than a desire for freedom Jacqueline Stevens imagines a world in which birthright citizenship family inheritance state sanctioned marriage and private land ownership are eliminated Would chaos be the result Drawing on political theory and history and incorporating contemporary social and economic data she brilliantly critiques our sentimental attachments to birthright citizenship inheritance and marriage and highlights their harmful outcomes including war global apartheid destitution family misery and environmental damage It might be hard to imagine countries without the rules of membership and ownership that have come to define them but as Stevens shows conjuring new ways of reconciling our laws with the condition of mortality reveals the flaws of our present institutions and inspires hope for moving beyond them

Net Privacy Sacha Molitorisz,2020-05-21 In our digital world we are confused by privacy what is public what is private We are also challenged by it the conditions of privacy so uncertain we become unsure about our rights to it We may choose to share personal information but often do so on the assumption that it won t be re shared sold or passed on to other parties without our knowing In the eighteenth century philosopher Jeremy Bentham wrote about a new model for a prison called a Panopticon where inmates surrounded the jailers always under watch Have we built ourselves a digital Panopticon Are we the guards or the prisoners captive or free Can we be both When Kim Kardashian makes the minutiae of her life available online which is she With great rigour this important book draws on a Kantian philosophy of ethics and legal frameworks to examine where we are and to suggest steps conceptual and practical to ensure the future is not dystopian Privacy is one of the defining issues of our time this lively book explains why this is so and the ways in which we might protect it

Political Evil in a Global Age Patrick Hayden,2009-01-13 This volume uses elements of Arendt s theory to engage with four distinctive political problems connected with contemporary globalization genocide global poverty refugees and the domination of the public realm by neoliberal economic globalization

Hannah Arendt Elisabeth Young-Bruehl,2004-01-01 This highly acclaimed prize winning biography of one of the foremost political philosophers of the twentieth century is here reissued in a trade paperback edition for a new generation of readers In a new preface the author

offers an account of writings by and about Arendt that have appeared since the book's 1982 publication providing a reassessment of her subject's life and achievement Praise for the earlier edition Both a personal and an intellectual biography It represents biography at its best Peter Berger front page The New York Times Book Review A story of surprising drama At last we can see Arendt whole Jim Miller Newsweek Indispensable to anyone interested in the life the thought or the example of Hannah Arendt Mark Feeney Boston Globe An adventure story that moves from pre Nazi Germany to fame in the United States and a study of the influences that shaped a sharp political awareness Richmond Va Times Dispatch Cover drawing by David Schorr

The Enigmatic Realm of **Small Comforts For Hard Times**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic.
