### **Small Town In Modern Times Alexandria Ontario:**

*Small Town in Modern Times* David Morton Rayside, 1991 Alexandria a town of about 3 500 people in Glengarry County in Eastern Ontario conforms in some respects to the stereotype of small towns as friendly communities without the strains of city life Although David Rayside found Alexandria to be a pleasant town in this penetrating study he reveals that this community which includes an almost equal mix of anglophones and francophones is also marked by social inequalities and divisions that parallel those in urban centres

**Small Cities, Big Issues** Christopher Walmsley, Terry Kading, 2018-07-20 Small Canadian cities confront serious social issues as a result of the neoliberal economic restructuring practiced by both federal and provincial governments since the 1980s Drastic spending reductions and ongoing restraint in social assistance income supports and the provision of affordable housing combined with the offloading of social responsibilities onto municipalities has contributed to the generalization of social issues once chiefly associated with Canada's largest urban centres As the investigations in this volume illustrate while some communities responded to these issues with inclusionary and progressive actions others were more exclusionary and reactive revealing forms of discrimination exclusion and othering in the implementation of practices and policies Importantly however their investigations reveal a broad range of responses to the social issues they face No matter the process and results of the proposed solutions what the contributors uncovered were distinctive attributes of the small city as it struggles to confront increasingly complex social issues If local governments accept a social agenda as part of its responsibilities the contributors to *Small Cities Big Issues* believe that small cities can succeed in reconceiving community based on the ideals of acceptance accommodation and inclusion

*The Blackwell Companion to the Sociology of Families* Jacqueline Scott, Judith Treas, Martin Richards, 2008-04-15 Tackling issues relevant to family life today this authoritative Companion shows why studying social change in families is fundamental for understanding the transformations in individual and social life across the globe Contains original essays by expert contributors on a wide range of topics relating to the sociology of families Includes coverage of social inequality parenting practices children's work the changing patterns of citizenship and multi cultural families Gives special attention to European and North American examples Discusses previously neglected groups including immigrant families and gays and lesbians Explores how revolutionary changes in aging longevity and sexual behavior have radically affected the experience of different generations and the relationships between them

*From Great Wilderness to Seaway Towns* Claire Puccia Parham, 2012-02-01 *From Great Wilderness to Seaway Towns* adds a new dimension to the debate over the perceived differences between American and Canadian society This fascinating case study examines two communities separated by the St Lawrence River Cornwall Ontario and Massena New York from the end of the Revolutionary War to the present Moving from the struggles of early settlers to industrialization and beyond Claire Puccia Parham chronicles how the residents of both areas created similar social political and economic institutions because of their peripheral locations in a capitalist world system and their inherent

congregational and democratic values These distinctive views often brought them into conflict with national leaders     A History and New Gazetteer Bishop Davenport,1843     *Social Solidarities* Graham Crow,2002 This book explores how people strive to come together act as a unified force It considers arguments of those who claim solidarity is increasingly fragile of those concerned with revitalising solidarities in our unsettled societies     **A Gazetteer of the World** ,1859     **Contingent Work, Disrupted Lives** Anthony Winson,Belinda Leach,2002-01-01 The new rural economy involves a fundamental shift in the stability and security of people s lives and ultimately causes wrenching change and an arduous struggle as rural dwellers struggle to rebuild their lives in the new economic terrain     **Paradise** Stanley Barrett,1994-12-15 What was life like in the 1950s in small communities in Ontario Lower class and upper class residents might have different memories of those days but on one thing they would agree it is a much different world in rural Ontario today The old guard has lost most of its power displaced partly by big brother in the form of bureaucracy and new comers from the city in search of affordable housing even if it means commuting daily to work Unlike their British origin predecessors the newcomers who have begun to appear in the countryside represent a wide range of ethnic and economic backgrounds Paradise concentrates on the transformed class system of one community in rural Ontario In a comparison of the decade following the First World War and the 1980s Stanley R Barrett analyses the changing face and structure of a town as it has had to adapt to modern social and economic realities Particular attention is paid to the phenomenon of the commuter in search of affordable housing and the influx of immigrants of varied ethnic backgrounds and the interaction between these newcomers and long term residents What is striking is just how massive the changes in small town Ontario have been since the Second World War to the extent of almost obliterating long assumed distinctions between rural and urban society     **Proposed Federal Correctional Institution, Pollock** ,2001
