Sir John Moore organized and trained the British light infantry during the Napoleonic wars and thus is regarded as the father of all subsequent British special warfare units This biography is the first to draw on papers in the archives of the Dukes of Hamilton and Argyll which shed new light on Moore s upbringing and the shaping of his revolutionary approach to the art and science of warfare [Monody on the Death of Lieut. B.](#) James Carrick Moore, 1834 **Sir John Moore** Janet Macdonald, 2016-10-14 Sir John Moore is perhaps the second most famous British soldier of the Napoleonic Wars after the Duke of Wellington yet his remarkable career has been neglected in comparison to his celebrated contemporary His death in battle at Corunna overshadows the wide range of his earlier campaigns and his achievements as an innovative soldier Janet Macdonalds fluently written and insightful biography focuses on the development of his character as well as his career as a commander From it emerges a many sided portrait of a fascinating man and an outstanding soldier a key figure in the history of the British army Admired by his peers but distrusted by his political masters Moore was a controversial figure He is best known for saving the British army in Spain by leading the retreat to Corunna but he is also credited with developing the training system that enabled Wellingtons army to beat the French in Spain and at Waterloo Janet Macdonalds account will rekindle interest in a leading actor in the struggle against the French revolutionary and Napoleonic armies [The Life and Letters of Sir John Moore](#) Sir John Moore, 1923 *Life of Sir John Moore* Sir John Moore, 1811 *The life of Lieutenant-General sir John Moore* James Carrick Moore, 1834 [The Life Of Lieutenant-General Sir John Moore, K.B.
