Animation: A World History Giannalberto Bendazzi, 2015-10-23. A continuation of 1994's groundbreaking *Cartoons*, Giannalberto Bendazzi's *Animation: A World History* is the largest, deepest, most comprehensive text of its kind based on the idea that animation is an art form that deserves its own place in scholarship. Bendazzi delves beyond just Disney, offering readers glimpses into the animation of Russia, Africa, Latin America, and other often neglected areas, and introducing over fifty previously undiscovered artists. Full of first-hand, never before investigated and elsewhere unavailable information, *Animation: A World History* encompasses the history of animation production on every continent over the span of three centuries. Volume II delves into the decades following the Golden Age, an uncertain time when television series were overshadowing feature films; art was heavily influenced by the Cold War, and new technologies began to emerge that threatened the traditional methods of animation. Take part in the turmoil of the 1950s through 90s as American animation began to lose its momentum and the advent of television created a global interest in the art form. With a wealth of new research, hundreds of photographs and film stills, and an easy-to-navigate organization, this book is essential reading for all serious students of animation history.

Key Features: Over 200 high-quality headshots and film stills to add visual reference to your research. Detailed information on hundreds of never-before-researched animators and films. Coverage of animation from more than 90 countries and every major region of the world. Chronological and geographical organization for quick access to the information you're looking for.

Time of Troubles Iurii Vladimirovich Gots'e, 2014-07-14. Among the few diaries available from inside early Soviet Russia, none approaches Iurii V. Gots'e's in sustained length of coverage and depth of vivid detail. Gots'e was a member of the Moscow intellectual elite, a complex and unusually observant man who was a professor at Moscow University and one of the most prominent historians of Russia at the time the revolution broke out. Beginning his first entry with the words *Finis Russiae*, he describes his life in revolution-torn Moscow from July 8, 1917, through July 23, 1922, nearly the entire period of the Russian Revolution and Civil War up to the advent of the New Economic Policy. This remarkable chronicle, published here for the first time, describes the hardships undergone by Gots'e's family and friends and the gradual takeover of the academic and professional sectors of Russia by the new regime. Gots'e was in his mid-forties when he wrote the diary. At first he felt that Bolshevism meant complete doom for Russia, but eventually his ardent patriotism led him to accept the Bolsheviks' role in

preserving the integrity of the Russian state The diary was discovered in 1982 in the Hoover Institution Archives in the papers of Frank Golder to whom Gorky himself had entrusted it in 1922 It is translated literally and unabridged with annotations by Terence Emmons The introduction by Professor Emmons places the diary clearly in the context of Gorky's life and scholarly career Originally published in 1988 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *Alexander Blok* Robin Kemball, 2019-04-15 No detailed description available for *Alexander Blok* **Introduction to metrics** Viktor Maksimovic Žirmunskij, 2016-11-21 No detailed description available for *Introduction to metrics* **A Companion to Russian Cinema** Birgit Beumers, 2016-07-12 *A Companion to Russian Cinema* provides an exhaustive and carefully organised guide to the cinema of pre Revolutionary Russia of the Soviet era as well as post Soviet Russian cinema edited by one of the most established and knowledgeable scholars in Russian cinema studies The most up to date and thorough coverage of Russian Soviet and post Soviet cinema which also effectively fills gaps in the existing scholarship in the field This is the first volume on Russian cinema to explore specifically the history of movie theatres studios and educational institutions The editor is one of the most established and knowledgeable scholars in Russian cinema studies and contributions come from leading experts in the field of Russian Studies Film Studies and Visual Culture Chapters consider the arts of scriptwriting sound production design costumes and cinematography Provides five portraits of key figures in Soviet and Russia film history whose works have been somewhat neglected *Designing Russian Cinema* Eleanor Rees, 2022-12-15 This book highlights the significant role that production artists played when Russian cinema was still in its infancy It uncovers Russian cinema's connections with other art forms examining how production artists drew on both aesthetic traditions and modernist experiments in architecture painting and theatre as they explored the new medium of cinema and its potential to engender new models of perception and forms of audience engagement Drawing on set design sketches archival documents and film makers memoirs Eleanor Rees reveals how less canonical films such as *Behind the Screen Kulisy ekrana* 1919 and *Palace and Fortress Dvorets i krepost* 1923 were remarkable from a design perspective and also provides new readings of well known films such as *Children of the Age Deti veka* 1915 and *Strike Stachka* 1925 Rees brings to light information on significant but understudied figures such as Vladimir Egorov and Sergei Kozlovskii and highlights the involvement of well known figures such as Lev Kuleshov and Aleksandr Rodchenko Unlike the majority of late Imperial directors and camera operators many early Russian production artists continued to work in cinema in the Soviet era and to draw on practices forged before the 1917 Revolution In spanning the entire silent era this book highlights the often overlooked continuities between the late

Imperial and early Soviet periods of cinema thus questioning traditional historical periodisations **Marius Petipa** Nadine Meisner, 2019-05-01 This cultural biography of the nineteenth century ballet master Marius Petipa creator of *The Sleeping Beauty* and *Swan Lake* tells the full story of his life and work in the remarkable context in which he lived **Other Animals** Jane T. Costlow, Amy Nelson, 2010-08-15 The lives of animals in Russia are intrinsically linked to cultural political and psychological transformations of the imperial Soviet and post Soviet eras *Other Animals* examines the interaction of animals and humans in Russian literature art and life from the eighteenth century until the present The chapters explore the unique nature of the Russian experience in a range of human animal relationships through tales of cruelty interspecies communion and compassion and efforts to either overcome or establish the human animal divide Four themes run through the volume the prevalence of animals in utopian visions the ways in which Russians have incorporated and sometimes challenged Western sensibilities and practices such as the humane treatment of animals and the inclusion of animals in urban domestic life the quest to identify and at times exploit the physiological basis of human and animal behavior and the ideological implications of these practices and the breakdown of traditional human animal hierarchies and categories during times of revolutionary upheaval social transformation or disintegration From failed Soviet attempts to transplant the seminomadic Sami and their reindeer herds onto collective farms to performance artist Oleg Kulik's scandalous portrayal of Pavlov's dogs as a parody of the Soviet new man to novelist Tatyana Tolstaya's post cataclysmic future world of hybrid animal species and their disaffection from the past *Other Animals* presents a completely new perspective on Russian and Soviet history It also offers a fascinating look into the Russian psyche as seen through human interactions with animals *Putin as Celebrity and Cultural Icon* Helena Goscilo, 2013 During his tenure as Russia's President and subsequently as Prime Minister Putin transcended politics to become the country's major cultural icon This book explores his public persona as glamorous hero the man uniquely capable of restoring Russia's reputation as a global power Analysing cultural representations of Putin the book assesses the role of the media in constructing and disseminating this image and weighs the Russian populace's contribution to the extraordinary acclamation he enjoyed throughout the first decade of the new millennium challenged only by a tiny minority **The Brothers Karamazov** Fyodor Dostoyevsky, 2003-02-27 The most magnificent novel ever written Sigmund Freud The murder of brutal landowner Fyodor Karamazov changes the lives of his sons irrevocably Mitya the sensualist whose bitter rivalry with his father immediately places him under suspicion for parricide Ivan the intellectual driven to breakdown the spiritual Alyosha who tries to heal the family's rifts and the shadowy figure of their bastard half brother Smerdyakov Dostoyevsky's dark masterwork evokes a world where the lines between innocence and corruption good and evil blur and everyone's faith in humanity is tested Translated with an Introduction and notes by DAVID McDUFF **Mapping Postcommunist Cultures** Vitaly Chernetsky, 2007-01-08 In *Mapping Postcommunist Cultures* Chernetsky argues that Russia and Ukraine exemplify the principal paradigms of post Soviet cultural development In Russia this has manifested itself in the

subversive dismantling of the totalitarian linguistic regime and the foregrounding of previously marginalized subject positions In Ukraine work in these areas shows how the traumas of centuries of colonial oppression are being overcome through the carnivalesque decrowning of ideological dogmas and an affirmation of a new type of community most recently demonstrated in the peaceful Orange Revolution of 2004 Mapping Postcommunist Cultures also critiques the neglect of the former communist world in current models of cultural globalization

Russian Irrationalism from Pushkin to Brodsky Olga Tabachnikova, 2016-10-27 Russia once compared to a giant sphinx is often considered in the Anglophone world an alien culture often threatening and always enigmatic Although recognizably European Russian culture also has mystical features including the idiosyncratic phenomenon of Russian irrationalism Historically Russian irrationalism has been viewed with caution in the West where it is often seen as antagonistic to and subversive of the rational foundations of Western speculative philosophy Some of the remarkable achievements of the Russian irrationalist approach however especially in the artistic sphere have been recognized and even admired though not sufficiently investigated Bridging the gap between intellectual cultures Olga Tabachnikova discusses

such fundamental irrationalist themes as language and the linguistic underpinning of culture the power of illusion in national consciousness the changing relationship between love and morality the cultural roots of humour as well as the relevance of various individual writers and philosophers from Pushkin to Brodsky to the construction of Russian irrationalism
