The Legacy of the Goddess Rachel S. McCoppin, 2023-04-10 It is often assumed that the female characters found in popular folk and fairy tales are little more than inconsequential stereotypes mostly serving as hapless victims in need of rescue boring one dimensional princesses or egotistical and conniving villains This book presents more fully realized portraits of these female characters and the ways in which they actually represent bold and powerful connections to the goddesses of classic mythic narratives The rich legacy of female goddesses shamans queens and priestesses is in fact preserved and celebrated through these more modern representations whether as brides who can transform into animals wise old women who live alone in the deep wilderness strong warrior maidens or witches who can conquer and command the elements of nature In contemplating this revised analysis of female characters within global folktales and fairy tales readers can see that the goddesses of old have never truly been forgotten *Skeleton Woman* Alberto Villardo, Yoshi, 1995-09
