Renovating Her Heart: A Sweet Empty Nester Opposites Attract Small Town Clean Romance Hazel Bellweather, 2025-08-24

Some renovations fix more than broken walls. Clara Prescott's life plan has officially gone off script. With her youngest child off to college, her meticulously organized world feels terrifyingly empty. To fill the void, she throws herself into volunteering, specifically chairing the committee to restore Hearthstand's historic community hall. Armed with color-coded binders and an unshakable timeline, she's ready for any challenge. Except for Paul Murphy. A skilled carpenter with quiet strength and a past that's left him wary, Paul is more comfortable with wood than with words. For him, a job should be done right, not rushed, and Clara's constant oversight grates against his need for space. Their clashing styles turn every warped floorboard into a battleground, but as sparks fly, so does something deeper, neither expected. As the hall begins to transform, so do Clara and Paul. A late night repair uncovers unexpected confidences, and a disagreement over paint chips reveals undeniable chemistry. But when a major setback threatens the entire project, Clara's carefully built control crumbles, and Paul's defenses rise back up. To save the hall and their chance at something new, they'll have to risk exposing the cracks in their own hearts and trust in the possibility of building something lasting together.

Renovating Her Heart is a heartfelt later in life romance about second chances, finding love when the nest feels empty, and the courage to rebuild not just a community treasure but the foundations of trust and love.
