crew of Kurupt FM and their recent People Just Do Nothing Big in Japan 2021 the British sitcom spinoff can be interpreted as following a full generic life cycle Starting with the formative stage where works from Hi Gang 1941 to I Only Arsked 1958 establish the genre s characteristics the spinoff genre moves to its classic stage where secure for form and content it enjoys considerable popular success with films like Till Death Us Do Part 1969 On the Buses 1971 The Likely Lads 1976 and Rising Damp 1980 the genre s revival since the late 1990s reveals a more parodic final stage with films like The League of Gentlemen s Apocalypse 2005 adopting a consciously self reflective mode It is also posited that the sitcom spinoff film is a viable source for social history with the often stereotypical re presentations of characters and events an often blatant ideological metonym for the concerns of wider British society notably in issues of class race gender and sexuality *In the Moment* Gerry Cousins,2016-09-22 Lucky you You have an audition Now what An audition is a truthful clip of a moment lived in a surreal circumstance that must clearly exist in the actor s mind and carry physical weight and presence It only takes knowing how Often acting classes are about theater scene study performance memorized lines sets costumes etc and the luxury of time Auditioning for a part in film and television has its own skill set Usually an actor has one day to get ready assess a character breakdown the clothes on his back perhaps a chair in an empty space and a stranger with whom to read Gerry Cousins fashioned *In the Moment* as a direct segue into the professional world of film and television emphasizing craft focus preparation relaxation and commitment In her workbook as in the studio she stresses individualism to meet each student s needs no single technique for all Step by step scene by scene she builds on what went before and what to do next until you re there Whether an actor trial lawyer executive sales and marketing professional you have a voice that should be heard Who am I in this moment and how am I going to communicate that Gerry will teach you how to prepare your script make choices and understand where you re coming from When it comes down to it what people see what they want to see is not a role or character or piece of work certainly not a performance What they want to see is you **The Palgrave Handbook of Script Development** Stayci Taylor,Craig Batty,2022-01-04 The Palgrave Handbook of Script Development provides the first comprehensive overview of international script development practices Across 40 unique chapters readers are guided through the key challenges roles and cultures of script development from the perspectives of creators of original works those in consultative roles and those giving broader contextual case studies The authors take us inside the writers room alongside the script editor between development conversations and outside the mainstream and into the experimental With authors spanning upwards of 15 countries and occupying an array of roles including writer script editor producer script consultant executive teacher and scholar this is a truly international perspective on how script development functions or otherwise across media and platforms Comprising four parts the handbook guides readers behind the scenes of script development exploring unique contexts alternative approaches specific production cultures and global contexts drawing on interviews archives policy case study research and the insider track With its broad approach to a specialised practice the

Sitcoms and Culture James Shanahan, 2025 Does it matter what television we watch Despite their stodgy reputation among many consumers of television sitcoms or situation comedies have stuck around as a cornerstone of the television landscape Sitcoms and Culture examines sitcoms as cultural artifacts ripe for exploration as they reflect the shifting landscapes of our society From questions of social change to the portrayal of women and other racial ethnic and sexual minorities sitcoms have evolved alongside the major social changes of the last half century Using an interdisciplinary

approach author James Shanahan combines research on cultural indicators with an empirical methodology and cultural analysis to examine over 50 years of sitcoms to discern the reality of how these comedies have portrayed life to us across generations of television Sitcoms and Culture helps us gain a deeper understanding of how sitcoms mirror and shape societal norms and of the pivotal role they have played in reflecting and influencing cultural trends **The Creative Producing**
