Situated Fathering:

Situated Fathering William Marsiglio, Kevin Roy, Greer Litton Fox, 2005-07-28 When men act as parents they do so in diverse physical and social spaces imbued with symbolic meaning They father in the military overseas on the farm in dilapidated inner cities immersed in ethnic neighborhoods navigating idealized places of leisure where families go as stepfathers in spaces where physical dimensions and family meanings intersect as nonresident fathers managing less than ideal conditions rolling across the interstate as long haul truckers playing catch alongside the house managing precious family time in prison work release programs as participants in community fatherhood initiatives etc Until now family scholars had not explicitly theorized and focused on how physical space shapes fathers lives A distinct volume of theoretical and empirical research Situated Fathering addresses this oversight by proposing a new framework for studying how various contingencies of physical space in conjunction with social symbolic issues affect men s identities as fathers and their involvement with children Consistent with public interest in men s efforts to be there as providers and caregivers this book explores issues associated with the barriers and supports to involvement that are part of the physical and social environment Written largely for family scholars and students it emphasizes a future oriented perspective by outlining directions for theoretically guided research in specific often gendered fathering sites

Parenting Plan Evaluations Leslie Drozd, Michael Saini, Nancy Olesen, 2016 Parenting Plan Evaluations has become the go to source for the most current empirical evidence in the field of child custody disputes Fully updated in this Second Edition the volume continues its focus

on translating and implementing research associated with the most important topics within the family court. It presents an organized and in depth analysis of the latest research and offers specific recommendations for applying these findings to the issues in child custody disputes.

Intimate Fatherhood Esther Dermott, 2014-06-11 Fatherhood is gaining ever more public and political attention stimulated by the increasing prominence of fathers rights groups and the introduction of social policies such as paternity leave. *Intimate Fatherhood* explores discourses of contemporary fatherhood, men's parenting behaviour and debates about fathers rights and responsibilities. The book addresses the extent to which fatherhood has changed by examining key dichotomies: culture versus conduct, involved versus uninvolved and public versus private. The book also looks at longstanding conundrums such as the apparent discrepancy between fathers acceptance of long hours spent in paid work combined with a preference for involved fathering. Dermott maintains that our current view of good fatherhood is related to new ideas of intimacy. She argues that in order to understand contemporary fatherhood we must recognise the centrality of the emotional father child relationship, that the importance of breadwinning has been overstated and that flexible involvement is viewed as more important than the amount of time spent in childcare. Drawing on original qualitative interviews and large scale quantitative research, *Intimate Fatherhood* presents a sociological analysis of contemporary fatherhood in Britain by exploring our ideas of good fatherhood in relation to time use, finance, emotion, motherhood and policy debates. This book will interest students, academics and researchers in sociology, gender studies and social policy.

Fatherhood in Late Modernity Mechthild Oechsle, Ursula Müller, Sabine Hess, 2012-08-09 Changes in Fatherhood. How do structural changes in the welfare state, in gender relations and work affect concepts and realities of fatherhood? The authors analyse cultural images and representations of fatherhood, varieties of fatherhood in relation to social backgrounds, organisational influences as well as the impact of political and legal interventions on configurations of fatherhood. With an interdisciplinary approach, this book's contributions investigate the sometimes contradictory relationship between cultural representations and social practices of fatherhood. They contextualise diverse fatherhoods in various social backgrounds, ethnicities, ages and different national contexts. Reflecting methodological challenges is crucial to the volume's approach. Which parameters are used to quantify change? Which links and interactions between cultural, individual, organizational and societal dimensions do exist regarding the development of new social configurations of fatherhood? How can the complex interaction between structural constraints and agency be analysed? Can certain agents of change be identified? How can social change be conceptualized? This volume links to international comparative research and shows how fruitful it can be to break disciplinary boundaries.

FATHERHOOD IN AMERICA Carl Mazza, Armon R. Perry, 2017-01-27 Fathers are critical to their children's growth and development. Research on the involvement of men with their children stresses the important role that fathers play from infancy to adolescence. Due to the ethnically diverse population of fathers in America, culture and context frames the nature of fathering and shapes expectations within a cultural milieu. The book offers a wide range of

vantage points social work family studies marriage and family therapy counseling sociology psychology gender studies anthropology cultural and ethnic studies urban studies and health There are five primary parts within this book each of which looks at numerous facets of fatherhood in the twenty first century Part I defines the concept of fatherhood and family composition becoming a father young fathers single fathers fathers and daughters and examines the father son relationship Part II looks at nonresident fathers homeless fathers incarcerated fathers and the never married fathers Part III reviews biological fathers stepfathers male foster carers fatherhood and adoption and gay fathers Part IV examines the cultural dimensions of fatherhood including Latino African American and Native American Part V explores the fatherhood service delivery system by engaging fathers in culturally competent services measuring the father s involvement and the initiatives to support fathering The context practice and gaps in responsible fatherhood programs are discussed This informative and sensitive book will be useful for researchers students and professionals in the field of social work health family counseling and human services Applicable in classrooms and treatment situations Fatherhood in America bridges the gap between research and practice through chapters authored by some of the country s foremost fatherhood scholars and clinicians by offering fresh perspectives and keen insights borne out of field experience working with fathers *Alternative Masculinities for a Changing World* À. Carabí,J. Armengol,2014-10-08 Focusing on global examples of gender equality this collection explores non dominant models of masculinity that represent gender equity in pro feminist ways Essays explore new alternative models of masculinity by a wide variety of contemporary authors and texts ranging from Paul Auster to Jonathan Franzen **The Oxford Handbook of Poverty and Child Development** Valerie Maholmes,Rosalind B. King, Ph.D.,2012-05-21 Comprehensive and integrative The Oxford Handbook of Poverty and Child Development describes the contextual and social ecology of children living in poverty and illuminates the biological and behavioral interactions that either promote optimal development or that place children at risk of having poor developmental outcomes *Imprisoned Fathers* Catherine Flynn,Michelle Butler,2020-05-21 This volume specifically examines current concerns about imprisoned fathers and highlights best practices with a group of children and parents who present significant vulnerabilities It brings together contemporary works in this area to share and consolidate knowledge to encourage comparisons and collaborations across jurisdictions and to stimulate debate all with the aim of furthering knowledge and improving practice in this area Although there is considerable focus on imprisoned mothers there is limited knowledge or understanding of the needs experiences or effective responses to imprisoned fathers and their children despite men making up the vast majority of the prison population The ongoing and negative impact of parental incarceration on children is well documented and includes emotional and behavioural consequences marginalisation and stigma as well as financial and social stresses However understanding of these processes and importantly what can assist children and families is poor This book seeks to add to the understanding of paternal imprisonment by providing an in depth exploration of how the arrest detention and experiences of

fathers during imprisonment can affect their ability to parent and meet the needs of their children This book was originally published as a special issue of Child Care in Practice
