How To Defeat Liberalism And William F. Buckley Lyndon H. LaRouche, Jr., 2019-09-11 The modern British liberals have thus deployed a pincers movement against the political institutions of the United States The overt liberals attack from the left while the fifth column of liberals in conservative disguises infiltrates from the right and shatters the resistance against liberalism from within To the extent that the national party machines are under the total or significant control of the New York crowd around CFR the party leaderships and their candidates are unable to reach agreement on any policies but those which run deliberately against the most vital interests of the United States and its people If the nonliberals plus a majority of trade unionists and minority strata were to assemble themselves as a unified political force nationally the effect of this would be to establish the New York Times Washington Post Newsweek and so forth as despised dirty words in a majority of the neighborhoods factories and so forth of the nation This has not occurred thus far because the national profile of the two principal parties prevents the nonliberal majority of the citizenry from agreeing upon policy outlooks which efficiently correspond to the combined effect of their underlying interests and organically nonliberal impulses Lyndon LaRouche in this book This 1979 book by Lyndon LaRouche outlines the strategy for unifying the American citizenry around the real long term interest of each citizen regardless of personal circumstances endless progress Forty years later his insights are key to the process which is now pulling America out of the Dark Age which had been fostered by the British cultural warfare he identified Yes the continuous string of hoaxes from London are wearing very thin with Americans Lone Assassin Energy Crisis New Hitler with Weapons of Mass Destruction Recreational Drug Use Global Warming Crisis Russia did it regardless of what it is etc have destroyed the credibility of the various imperial tentacles More and more Americans along with most of the nations of the world are coalescing behind the ideas of Mr LaRouche for universal progress **Housing and Planning**
