Six Presidents From The Empire State:

Six Presidents from the Empire State Harry Joseph Sievers, 1974 Essays discuss the six Presidents from New York State Martin Van Buren Millard Fillmore Chester Alan Arthur Grover Cleveland Theodore Roosevelt and Franklin Delano Roosevelt

A Companion to the Antebellum Presidents, 1837 - 1861 Joel H. Silbey, 2014-02-24 A Companion to the Antebellum Presidents presents a series of original essays exploring our historical understanding of the role and legacy of the eight U S presidents who served in the significant period between 1837 and the start of the Civil War in 1861 Explores and evaluates the evolving scholarly reception of Presidents Van Buren Harrison Tyler Polk Taylor Fillmore Pierce and Buchanan including their roles behaviors triumphs and failures Represents the first single volume reference to gather together the historiographic literature on the Antebellum Presidents Brings together original contributions from a team of eminent historians and experts on the American presidency Reveals insights into presidential leadership in the quarter century leading up to the American Civil War Offers fresh perspectives into the largely forgotten men who served during one of the most decisive quarter centuries of United States history *The Environmental Presidency* Dennis L. Soden, 1999-09-16 Examines how the modern presidency has responded to environmental concerns *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1976 **Cataloging and Classification** Lois Mai Chan, Theodora Hodges, 2007 Cataloging and Classification Third Edition is a text for beginning students and a tool for practicing cataloging personnel All chapters have been rewritten in this latest edition to incorporate recent developments particularly the tremendous impact metadata and the Web have had on cataloging and classification **Classical Hollywood Comedy** Kristine Brunovska Karnick, Henry Jenkins, 1995 Applies the recent return to history in film studies to the genre of classical Hollywood comedy as well as broadening the definition of those works considered central in this field **Restoring Women's History Through Historic Preservation** Gail Lee Dubrow, Jennifer B. Goodman, 2003-01-28 This essay collection draws upon work presented at three national conferences on women and historic preservation held at Bryn Mawr College in 1994 Arizona State University in 1997 and at Mount Vernon College in 2000 *The Presidency of Martin Van Buren* Major L. Wilson, 1984 Martin Van Buren eighth president of the United States has been judged harshly by some historians as a politician by trade and a spoilsman without principles a little magician who was interested only in his own advancement This volume provides a thorough recounting of the events and decisions of Van Buren s White House years 1837 1841 and adds to the positive reappraisal of Van Buren as an able statesman and effective chief executive Wilson stresses that Van Buren faced the major problems of his presidency with courage and consistency and that he brought repose to a nation wrenched both by sectional differences and by the violent fluctuations of economic expansion and contraction Wilson discusses Van Buren s close relationship with Andrew Jackson and substantially qualifies the persistent interpretation of the Van Buren presidency as the third term of Jackson Van Buren a pragmatic Jeffersonian with a statesmanlike concern for order reversed Jackson s

priorities Wilson describes how Van Buren resolved the crisis with Mexico and succeeded in keeping peace with Britain at a time when incidents arising out of rebellion in Canada and the disputed Maine boundary might have precipitated war The most distinctive contribution of this volume is its in depth analysis of the economic and political aspects of Van Buren s domestic policy especially the Independent Treasury the issue that gave basic shape to his entire presidency Jackson had divorced the Treasury from the national bank Van Buren took one further step and rendered the operations of the Treasury independent of the state banks as well By the end of his term debate on the issues of currency and enterprise had brought the second party system in the U S to maturity In 1840 Van Buren s views in this area would cost him reelection This study sheds lights on a turbulent period in American history and contributes to our understanding of Martin Van Buren s achievements He kept the nation out of war reduced sectional tensions and established the basis for a fiscal policy which he believed would bring greater stability to economic development Jacksonian America Edward Pessen,1978 A perennial choice for courses on antebellum America Jacksonian America continues to be a popular classroom text with scholars of the period even among those who bridle at Pessen s iconoclastic views of Old Hickory and his inegalitarian society
