The background of the book cover features a series of horizontal, wavy bands of color. From top to bottom, the colors are a vibrant blue, a dark charcoal or black, and a light pink. The waves are stylized and layered, creating a sense of depth and movement. The text is overlaid on this background, with the word 'SIXTIES' appearing twice in a vertical orientation on the left side, once in pink and once in white. The words 'AMERICA IN THE' are in white, and '60's' is in large white letters at the bottom.

*The Sixties* David Farber, 2012-12-01 This collection of original essays represents some of the most exciting ways in which historians are beginning to paint the 1960s onto the larger canvas of American history While the first literature about this turbulent period was written largely by participants many of the contributors to this volume are young scholars who came of age intellectually in the 1970s and 1980s and thus write from fresh perspectives The essayists ask fundamental questions about how much America really changed in the 1960s and why certain changes took place In separate chapters they explore how the great issues of the decade the war in Vietnam race relations youth culture the status of women the public role of private enterprise were shaped by evolutions in the nature of cultural authority and political legitimacy They argue that the whirlwind of events and problems we call the Sixties can only be understood in the context of the larger history of post World War II America Contents Growth Liberalism in the Sixties Great Societies at Home and Grand Designs Abroad by Robert M Collins The American State and the Vietnam War A Genealogy of Power by Mary Sheila McMahon And That s the Way It Was The Vietnam War on the Network Nightly News by Chester J Pach Jr Race Ethnicity and the Evolution of Political Legitimacy by David R Colburn and George E Pozzetta Nothing Distant about It Women s Liberation and Sixties Radicalism by Alice Echols The New American Revolution The Movement and Business by Terry H Anderson Who ll Stop the Rain Youth Culture Rock n Roll and Social Crises by George Lipsitz Sexual Revolution s by Beth Bailey The Politics of Civility by Kenneth Cmiel The Silent Majority and Talk about Revolution by David Farber

Fire in the Streets Milton Viorst,1979 In the 1960s a nation that had prided itself on its political stability found its political system no longer equal to meeting the demands for change A people who had taken for granted a collective commitment to public order was suddenly stunned by the fragility of its institutions and the assaults upon the values they represented This is the story of how Americans for the first time took to the streets by the thousands sometimes by the tens of thousands to resolve disputes once left to the established governmental process Fire in the Streets is the dramatic account of the sequence of events the range of ideas the diversity of personalities and the nature of the explosive confrontations which made up the richness and complexity of the period And it is about how political change effectuated during the decade has remained permanent Book jacket
