Clarke,2002-05-31 Through a series of 45 carefully selected readings 20 new to this edition Deviant Behavior explores the ramifications of deviance for both the individual and society examining the responses of society to deviant behavior and the reasons why certain people violate the social norm Overall the text probes the establishment and maintenance of deviant categories the motivations behind deviant behavior the formal and informal labelling of individuals and particular segments of society as deviant the effects of institutionalization the efforts of those considered deviant to shake the label and the way deviant categories and structures can be altered *Sociology* Rodney Stark,2000-06-29 This text considered to be a living classic among introductory sociology texts is written by a major sociology researcher and scholarly author Rodney Stark The text introduces students to the methods and theories of sociology by introducing them to the techniques sociologists use to study society as well as explaining the rationale behind what they chose to study The text employs a unique perspective in a feature called A Closer View which illustrates seminal research studies to introduce students to the sociological imagination and the world The text has a global and multicultural perspective which is closely related to American culture This NEW Internet Edition incorporates the Internet throughout every chapter It is the only text like it in the introductory sociology market **Sociology of Deviant Behavior** Marshall B. Clinard,Robert F. Meier,2003-07 This text has been the market leader for more than 40 years It continues its popularity due to its thorough updating of data facts and figures while retaining the basic focus on solid research findings through a sociological point of view Designed to appeal to today s students the 12th edition examines topics with relevance for today cultural and social reactions to deviance the growing interest in white collar and corporate crime and the importance of the Internet and computer communications in changing views on deviance in modern life **Renegade Kids, Suburban Outlaws** Wayne S. Wooden,Randy Blazak,2001 Topics covered include exploring boundary between deviance and criminality in the lives of young people who are deeply involved in the youth culture show how youth culture is not a set of categories so much as it is a dynamic and creative response to the confusions of growing up in modern society **Irm Notebook-Sociology** Andersen,2003-06 **Sociology** Jan Abu-Shakrah,Margaret L. Andersen,Howard F. Taylor,2006-02 By Jan Abu Shakrah of Portland Community College This student study tool contains brief chapter outlines chapter focus sections questions to guide your reading a list of key terms and key people with page references to the text detailed chapter outlines Writing about Society exercises practice tests consisting of 20 25 multiple choice questions 10 15 true false questions 3 5 essay questions 2 3 InfoTrac exercises and 2 3 Internet exercises All multiple choice and true false questions include answer explanations and page references to the text Men and Masculinity Theodore F. personal narratives *Deviant Behavior* Edward J. Clarke, 2007-11-06 These readings explore the implications of deviance for both the individual and society examining the responses of society to deviant behaviour and the reasons why certain people violate the social norm The text probes the deviant categories the motivations behind deviant behaviour and the efforts of those considered deviant to shake the label **Sociology** Joan Ferrante-Wallace, 2006 **Sociology of Deviant Behaviour** Clinard, 2010 **Soc in Changing World** William Kornblum, 2002-08 *Sociology of Deviant Behavior* Marshall Clinard, Robert Meier, 2007-02-14 Looking for a textbook with simplified terminology and endless study helps SOCIOLOGY OF DEVIANT BEHAVIOR hits the hot topics from terrorism to white collar crime and shows you how sociological theory explains them Now in its 13th edition this textbook continues to be the best of its kind on the market After you use its study guides and get the grade you need you ll see why Important Notice Media content referenced within the product description or the product text may not be available in the ebook version *Essentials of Sociology* David B. Brinkerhoff, Lynn K. White, 2005 *Le Soc Global Perspect* Ferrante, 2002-07 *Deviant Behaviour* Clifton D. Bryant, 2014-09-03 A comprehensive set of readings examining the full range of concerns in the field of deviant behaviour All the selections are relatively recent and have not appeared in other anthologies **Social Deviance** Tim Delaney, 2017-06-16 The topic of social deviance is inherently intriguing People in general and college students in particular find the topic of deviant behavior fascinating This can be explained at least in part by a combination of the subject matter itself our own past deviant behaviors and our willingness and desire to evaluate and comment on the behaviors of others While the topic of deviant behavior seems straightforward at the surface the study of social deviance reveals how complicated it really is Although Social Deviance utilizes a textbook style approach in its coverage of deviant behavior this comprehensive straightforward and student friendly book maintains student interest because of the author s use of real life phenomena and current examples Each chapter includes chapter objectives an introductory story a glossary of key terms discussion questions and boxed material The boxed materials include A Closer Look box that zooms in on topics that warrant deeper explanation and a Connecting Social Deviance and Popular Culture box that shows how contemporary forms of popular culture illustrate deviant behavior **Deviant Behavior** Delos H. Kelly, 1979-01-01 *Irm-Sociology in Our Times* Kendall, 2005-02

Sociology Jean Stockard, 2000 SOCIOLOGY DISCOVERING SOCIETY 2nd provides comprehensive coverage of sociology in an affordable paperback format With research studies in every chapter and boxes that portray sociologists at work it will especially appeal to sociology professors who value a quantitative research methodology oriented approach Instead of presenting every possible theory for each issue Stockard s streamlined approach pulls in theories only when they appropriately relate to the issue at hand This integrated approach produces a text that reads more smoothly than the overly encyclopedic heavily interrupted narratives of other texts
