# Sociology An Introduction

**Frank van Tubergen**

## **Sociology An Introduction:**

**Sociology, an Introduction** Earl R. Babbie, 1980      **An Introduction to Sociology** Karim Murji, Sarah Neal, John Solomos, 2021-11-03 An Introduction to Sociology is your essential guide to understanding the social forces that shape our lives and the world around us This innovative textbook introduces you to the key theories themes and concepts in the discipline of sociology and helps you to develop as a sociologist by providing comprehensive coverage of all the main areas of study Presenting you with the history current debates and recent research developments for each topic this book covers everything from classical sociologies and traditional subjects such as class families and religion through to more progressive areas like digital society social media migration and the interconnectedness of modern global society The book s extensive coverage means it can be used throughout your studies from first year to final year Key features Each chapter is written by an internationally renowned expert who uses specialist insight and the latest research to provide a reliable and up to date overview Includes a selection of unique learning features such as Hear from the Expert boxes and Key Cases from around the world as well as reflective activities and revision questions that will enhance your knowledge Features a section titled What is sociology useful for which includes chapters on the public value of sociology and the role of sociology in contemporary society The book is supported by a wide ranging collection of online teaching and learning resources including exclusive video content from SAGE Video links to SAGE Journal Articles sample essay questions and a selection of multiple choice questions This definitive text is perfect for first year sociology undergraduates and anyone studying sociology at university or college level      *An Introduction to Sociology* Bryan S. R. Green, Edward A. Johns, 2013-10-22 An Introduction to Sociology presents the theoretical approaches the methods of inquiry and the concepts with which sociologists attempt to order the intricate phenomena of social interaction This book provides an illustration of particular investigations that may provide some insights into substantive features of society and social behavior Organized into six chapters this book starts with an overview of scientific proposition which is the statement of a relationship between specified properties of events and objects This text then explains the fundamental concepts that appear in the empirical and theoretical writings of sociologists Other chapters present a discussion of what sociologists actually study which includes the substantive areas of investigation and the aims of the investigation This book discusses as well the institutionalized areas of society including the family the economy and the polity The final chapter deals with the theories of the middle range This book is a valuable resource for sociologists      **Sociology** Richard Gelles, Dean and the Joanne and Raymond Welsh Chair of Child Welfare and Family Violence Richard J Gelles, Ann Levine, 1999-06 Offers students a concise introduction to sociology This text provides the basics the sociological perspective theoretical orientations the use of the scientific method to study human behavior and the various tools of sociological research It emphasizes how sociology offers answers to real word questions both personal and public      *An Introduction to Sociology* Carl Addington Dawson, Warner Ensign Gettys, 1929      **An Introduction to**

**Sociology** John Ernest Goldthorpe, J. E. Goldthorpe, 1985-02-21 The third edition of An Introduction to Sociology with major revisions to the text

**Sociology** Christopher Bates Doob, 1985-01-01 This book features useful examples frequent applications to real world living and cross cultural perspectives The author writes with a precision and clarity lacking in many sociology texts and makes the presentation of sociology both informative and interesting The author's love of the field is apparent on every page of this involving text and students will appreciate the way that Doob tells the story of sociology by presenting sociology as a set of accounts or narratives about specific sociological issues or events While doing this Doob also offers extremely thorough coverage of sociology including strong theory fundamental concepts and sociological ideas

**Sociology: A Systematic Introduction** Harry M. Johnson, 1966-07-12 Harry M Johnson's Sociology A Systematic Introduction stands as a landmark in sociological education blending scholarly rigor with accessibility Echoing Donald Fleming's ideal of a textbook that channels consensus without stifling innovation Johnson's book offers a coherent yet flexible account of core sociological principles It is both a manual for students and a treatise that contributes meaningfully to the discipline Rather than impose a rigid framework Johnson draws upon a working consensus in sociology often associated with structural functionalism while avoiding theoretical dogmatism He integrates a wide range of empirical evidence from diverse sources including anthropology political science and economics without ever losing focus on sociological relevance This is not a superficial or oversimplified text Instead Johnson invites readers to think critically offering a balanced blend of theoretical insight and empirical depth He presents complex topics like ideology authority and bureaucracy with clarity and substance The annotated bibliographies at the end of each chapter further enrich the text guiding students toward deeper inquiry While demanding intellectual effort the book rewards it with understanding not rote memorization Johnson's lucid and graceful writing elevates the student's learning experience making the book an enduring educational resource It is a textbook that teaches and inspires by example preparing students for advanced study and independent sociological thought

This is Sociology Dan Woodman, Steven Threadgold, 2021-07-07 This is Sociology is an engaging concise introduction to the key concepts used for studying social life It covers a diverse range of theorists from the rich history of sociology and shows how thinking sociologically can help us understand our lives the groups we are part of and the rapid social changes and inequalities that shape contemporary societies Key features Uses compelling international examples and a range of theoretical perspectives from across the world including theorists that have often been omitted from the established sociological canon Covers topics such as globalization culture gender race and class Introduces the latest approaches emerging from efforts to build an inclusive global sociology one that moves beyond a Eurocentric perspective and is equipped for the challenges of the 21st Century The book is essential reading for anyone new to studying sociology and is supported by a wide range of podcasts videos and discussion questions

**Introduction to Sociology** Henry L. Tischler, 1993 This text will show a general analysis of society with a better understanding of social organizations

Sociology CN Shankar

Rao,2012 This textbook has been comprehensively written to acquaint the students with the fundamental concepts of sociology as well as provide an introduction to the diverse field of sociology Students will be introduced to the origins of sociology as a discipline and would get acquainted with relevant topics such as inequality institutions control change disorganisation problems in the society Topics such as applied sociology and social thought have also been provided to give a complete overview of the subject This textbook not only caters as a primary text to the undergraduate students of Sociology but is also a useful reference for postgraduate students and aspirants appearing for various competitive examinations

Introduction to Sociology Theodor W. Adorno,2002-05-01 Introduction to Sociology distills decades of distinguished work in sociology by one of this century s most influential thinkers in the areas of social theory philosophy aesthetics and music It consists of a course of seventeen lectures given by Theodor W Adorno in May July 1968 the last lecture series before his death in 1969 Captured by tape recorder which Adorno called the fingerprint of the living mind these lectures present a somewhat different and more accessible Adorno from the one who composed the faultlessly articulated and almost forbiddingly perfect prose of the works published in his lifetime Here we can follow Adorno s thought in the process of formation he spoke from brief notes endowed with the spontaneity and energy of the spoken word The lectures form an ideal introduction to Adorno s work acclimatizing the reader to the greater density of thought and language of his classic texts Delivered at the time of the positivist dispute in sociology Adorno defends the position of the Frankfurt School against criticism from mainstream positivist sociologists He sets out a conception of sociology as a discipline going beyond the compilation and interpretation of empirical facts its truth being inseparable from the essential structure of society itself Adorno sees sociology not as one academic discipline among others but as an over arching discipline that impinges on all aspects of social life Tracing the history of the discipline and insisting that the historical context is constitutive of sociology itself Adorno addresses a wide range of topics including the purpose of studying sociology the relation of sociology and politics the influence of Saint Simon Comte Durkheim Weber Marx and Freud the contributions of ethnology and anthropology the relationship of method to subject matter the problems of quantitative analysis the fetishization of science and the separation of sociology and social philosophy      Sociology Reece Jerome McGee,1977      **Connecting Sociology to Our Lives** Tim Delaney,2015-11-17 Many introductory texts claim to make sociology relevant to student interests Perhaps no other text has done this so completely and engagingly as Connecting Sociology to Our Lives Tim Delaney not only uses popular and contemporary culture examples he explains sociology thoroughly within the frame of the contemporary culture of students a culture shaped by political economic and environmental trends just as much as by today s pop stars This book will help academics to engage their students in sociology through the prism of their own culture It involves students in critical thinking and classroom discussion through the book s many What Do You Think inserts and will inspire them to careers with the book s unique chapter Sociology s Place in Society Completing the Connection      Introduction to Sociology

Anthony Giddens, Mitchell Duneier, 2000 An introduction to the study of sociology that includes information on different sociological theories the founding fathers of sociology the ways sociology is studied and practiced around the world and other related topics Introduction to Sociology 3e Openstax, 2022-11-21 Introduction to Sociology 3e aligns to the topics and objectives of many introductory sociology courses It is arranged in a manner that provides foundational sociological theories and contexts then progresses through various aspects of human and societal interactions The new edition is focused on driving meaningful and memorable learning experiences related to critical thinking about society and culture The text includes comprehensive coverage of core concepts discussions and data relevant to a diverse audience and features that draw learners into the discipline in powerful and personal ways Overall Introduction to Sociology 3e aims to center the course and discipline as crucial elements for understanding relationships society and civic engagement the authors seek to lay the foundation for students to apply what they learn throughout their lives and careers The authors reviewers and the entire team worked to build understanding of the causes and impacts of discrimination and prejudice Introduction to Sociology 3e contains dozens of examples of discrimination and its outcomes regarding social science society institutions and individuals The text seeks to strike a balance between confronting the damaging aspects of our culture and history and celebrating those who have driven change and overcome challenges The core discussion of these topics are present in Chapter 11 on Race and Ethnicity and Chapter 12 on Gender Sex and Sexuality but their causes and effects are extensively discussed in the context of other topics including education law enforcement government healthcare the economy and so on Together and when connected by an instructor these elements have potential for deep and lasting effects **Introduction to Sociology** Frank van Tubergen, 2020-02-25 Comprehensive and engaging this textbook introduces students not only to foundational sociological work but also to insights from contemporary sociological theory and research This combined approach ensures that students become familiar with the core of sociology key concepts theories perspectives methods and findings Students will acquire the ability to think like a sociologist investigate and understand complex social phenomena This text presents a complete sociological toolkit guiding students in the art of asking good sociological questions devising a sophisticated theory and developing methodologies to observe social phenomena The chapters of this book build cumulatively to equip students with the tools to quickly understand any new sociological topic or contemporary social problem The textbook also applies the sociological toolkit to selected key sociological issues showing how specific sociological topics can be easily investigated and understood using this approach Taking a global and comparative perspective the book covers a rich diversity of sociological topics and social problems such as crime immigration race and ethnicity media education family organizations gender poverty modernization and religion The book presents a range of helpful pedagogical features throughout such as Chapter overview and learning goals summaries at the start of every chapter Thinking like a sociologist boxes encouraging students to reflect critically on learning points Principle boxes summarizing key sociological principles

Theory schema boxes presenting sociological theories in a clear understandable manner Stylized facts highlighting key empirical findings and patterns Key concepts and summary sections at the end of every chapter and Companion website providing additional material for every chapter for both instructors and students including PowerPoint lecture notes discussion questions and answers multiple choice questions further reading and a full glossary of terms This clear and accessible text is essential reading for students taking introductory courses in sociology It will also be useful for undergraduate and graduate courses in other social science disciplines such as psychology economics human geography demography communication studies education sciences political science and criminology *Cultural Sociology* Les Back, Andy Bennett, Laura Desfor Edles, Margaret Gibson, David Inglis, Ron Jacobs, Ian Woodward, 2012-03-05 *Cultural Sociology* An Introduction is the first dedicated student textbook to address cultural sociology as a legitimate model for sociological thinking and research Highly renowned authors present a rich overview of major sociological themes and the various empirical applications of cultural sociology A timely introductory overview to this increasingly significant field which provides invaluable summaries of key studies and approaches within cultural sociology Clearly written and designed with accessible summaries of thematic topics covering race class politics religion media fashion and music International experts contribute chapters in their field of research including a chapter by David Chaney a founder of cultural sociology Offers a unified set of theoretical and methodological tools for those wishing to apply a cultural sociological approach in their work

**Contemporary Introduction to Sociology** Jeffrey C. Alexander, Kenneth Thompson, Laura Desfor Edles, 2016-01-08 The first edition of *A Contemporary Introduction to Sociology* was the first truly new introductory sociology textbook in decades Written by two leading sociologists at the cutting edge of theory and research the text reflected the idioms and interests of contemporary American life and global social issues The second edition continues to invite students to reflect upon their lives within the context of the combustible leap from modern to postmodern life The authors show how culture is central to understanding many world problems as they challenge readers to confront the risks and potentialities of a postmodern era in which the futures of both the physical and social environment seem uncertain As culture rapidly changes in the 21st century the authors have broadened their analysis to cover developments in social media and new data on gender and transgender issues **Sociology** John J. Macionis, 1997-01-17 An introductory text covering the foundations of sociology and research strategies the ideas of key thinkers such as Karl Marx and Max Weber social inequality and stratification institutions and global social change Features color photos topic boxes chapter opening vignettes sociological maps questions and summaries This fifth edition includes new US maps a chapter on the natural environment and expanded discussion on topics such as suicide Asian Americans and feminist research methods Annotation copyright by Book News Inc Portland OR
